

CO-OPERATION THE KEYNOTE OF BONDS MANAGEMENT PLANS

New Head of Boise Project in Interview Tells of Policy in Handling Irrigation System.

GREAT CHANGES MADE

Former Engineer With Headquarters in Boise—Predicts Vast Section Between Boise and Mountain Home Will Be Irrigated in Near Future.

"When I left Boise in 1908 after four years' connection with the reclamation service, the entire country now known as the Deer Flat was a sagebrush expanse. Today it presents a scene of fertile farms, fine homes and is a rich agricultural section. Irrigation has made the Deer Flat country and irrigation, can, and in my opinion, will transform the vast acreage south of Boise and extending to Mountain Home into a wonderfully rich and productive farming district. I look to see congress act favorably upon the reclamation measure at the extra session and there is no better land that could be reclaimed than is found in southern Idaho."

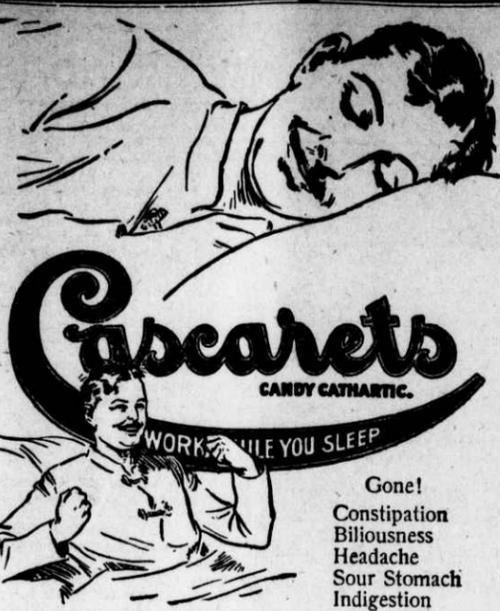

The above statement was made in substance Monday evening by J. B. Bond, chief engineer and project manager of the Boise project. Mr. Bond is one of the engineers who has been successfully connected with the reclamation service since it began its operations in Idaho. When D. W. Ross was chief engineer, at the beginning of reclamation work in this section of the state, Mr. Bond was associated with him and helped lay out the original Boise project, which, at that time did not cover much of the sagebrush land which has since been reclaimed.

FAVORS CO-OPERATION.

Mr. Bond states that the reclamation men will devote their energies this season almost entirely to operation and maintenance. He favors close co-operation with the farmers on the project and reports that the water outlook for the season is very good. Measurements in the Deer Flat reservoir, made Monday afternoon, he says, show 163,000 acre feet of water, the most stored there at any one time. The Arrow Rock reservoir is now being filled, he states, and has 110,000 acre feet behind the dam and is fast filling up.

Mr. Bond left Boise in 1908 to take charge of reclamation work in Montana. He was connected with the Sun river and Milk river projects in that state and was then transferred to Oregon and was made manager of the Klamath Falls project.

While as yet Mr. Bond has been un-

Cascarets CANDY CATHARTIC. Gone! Constipation Biliousness Headache Sour Stomach Indigestion

able to make more than a hasty survey of the entire Boise project, he says, he has met quite a number of farmers whom he knew when he was here before and is pleased to note the wonderful improvement and development of their ranches and entire country under the canals. He feels that with closer co-operation and the general working out of problems even greater development will come in the near future.

Y. M. C. A. TREASURE HUNT NEXT SATURDAY

Third Annual Event for Boys Will Be a Hummer Says Secretary Randall—Many Prizes to Be Given.

Saturday, April 19, is the date for the third annual "Treasure Hunt," directed by the Y. M. C. A. Secretary Randall, who inaugurated the event, states it will exceed in interest and proportions the two former hunts in which many boys have partaken. Boys who are to go on the hunt must be at the association before 10 a. m. Saturday and must bring bread and butter for luncheon. Winners will be furnished by the association. According to Mr. Randall, there is no activity of the association that is staged with more precision or on closer schedule than this feature. As he puts it, "every little movement has a meaning of its own." Rules for the hunt are as follows: Registration must be made at the Y. M. C. A. It opens Wednesday afternoon at 4 o'clock and closes at 8 Friday evening. It is useless to come before or after the time announced. The hunt is not an association privilege, but is open to all boys of Boise, who have passed their ninth birthday and are under 15 years of age. The boys will be instructed in the fine art of roasting weiners on the end of a stick. After lunch the boys will begin searching for the treasures and will return to Boise to claim their prizes. Final instruction of how the boys

MRS. HINDMAN DEPARTS FOR EAST ON VISIT

Mrs. A. C. Hindman, whose husband recently was appointed United States attorney for the canal zone, left Sunday night to visit her parents in Goldboro, N. C. Enroute she will stop a few days with friends in Washington, D. C. Mr. Hindman will leave for Washington the latter part of this month to confer with officials of the department of justice. Mrs. Hindman will join him in Washington, and they expect to sail from New York for the canal zone early in May.

AMERICAN RED CROSS HAS LARGE MEMBERSHIP

There are now about 17,000,000 adult and 9,000,000 junior members of the American Red Cross.

WEATHER CONDITIONS OVER THE COUNTRY

High barometric pressure over the Canadian northwest and the northern Rocky mountain states is causing generally fair weather with temperatures below normal and heavy frosts between the Rockies and the Cascades. Precipitation occurred during the past 24 hours over a comparatively narrow belt reaching from eastern Idaho to the upper Mississippi valley, and over a small area of the middle Atlantic states. A disturbance of considerable intensity is centered over the middle Mississippi valley, causing temperatures a little above the seasonal average in the Ohio and Tennessee valleys and southward to the Gulf.

SOLDIERS ORGANIZE TO HELP BOOST FOR FIFTH LIBERTY LOAN

Returned goldiers are squarely behind the fifth liberty loan bond issue. Mark Shields, who is traveling with the Trophy special through southern Idaho, announces that at Mountain Home, 23 returned soldiers have formed an organization to sell and help boost the sale of bonds. Glenns Ferry is the second south Idaho town to organize. Twenty-one soldiers there have formed a victory bond booster society.

NO TRACE OF CONVICTS WHO ESCAPED, FRIDAY

The two convicts who escaped from the penitentiary Friday afternoon are still at large. No trace of the men has been found. Wires have been sent east and west and circulars containing their description and pictures have been sent out in all directions. As Sunday was a bad day for travel, it is not thought they could have made much headway, especially if they took to the hills as is believed.

HE ESCAPED INFLUENZA

"Last spring I had a terrible cold and gripe and was afraid I was going to have influenza," writes A. A. McNeese, High Point, Ga. "I tried many kinds of medicine, but remained clogged with cold. I then took Foley's Honey and Tar Compound, feeling relief from the first. I used seven small bottles. It was a sight to see the phlegm I coughed up. I am convinced Foley's Honey and Tar saved me from influenza." Checks coughs, colds, croup and whooping cough. Whitehead's Drug Store.—Adv.

Women Everywhere Use Lemon Juice To Beautify Skin

The beauty lotion which is becoming so popular throughout the country is easily prepared by anyone, and a whole quarter pint of it doesn't cost any more than a small jar of the common, ordinary cold creams. Add the juice of two fresh lemons to three ounces of orchard white and shake well in a bottle. Strain the lemon juice two or three times through a fine cloth so no pulp gets into the lotion, then it will keep fresh for months. Regardless of what price you pay or how highly advertised, there is nothing else really more meritorious in beautifying, softening and clearing the skin. As a tan and blemish remover, also to remove oiliness and sallowness, lemon juice has no rival. Massage it into the face, neck, and arms once or twice each day, and just see if it doesn't bring out the roses and hidden beauty! Lemons have always been used to bleach the skin, but pure lemon juice is too highly acid, therefore should never be used except in this manner. If properly prepared, this sweetly fragrant lotion will speak for itself. Any drug store will supply the three ounces of orchard white at very little cost, and the grocer will supply the lemons.—Adv.

Second Hand Goods of all kinds bought. Highest price paid. Call Phone 301-J. People's Furnit're Store

THE DAYLIGHT GARMENT STORE EIGHTH STREET, CORNER OF IDAHO BOISE, IDAHO

Easter Offerings—Choice of the Best of the New Fashions in Suits, Dresses, Coats, Blouses and Hats

This store throbs with newness—red blood—new garments of a kind, character and exclusiveness that is beyond the point of getting by unprepared stocks.

The Unusual—Different Hats

New conditions give use to new prices in the stock—first in the field always with the fashions as they appear, we are likewise first in adopting the new methods which give the trade better values and large variety.

We want you to see our Hats at \$3.95, \$5.00 and \$6.00, then compare them with what others are showing at even higher prices.

This is one reason why we have sold a great many Hats. Our prices are Right. Our Styles are Exclusive.

Women's and Misses' New Dresses

All the newest authentic styles—and prices that will make quick selling for this Easter business.

\$13.50

A fine silk poplin dress in three models. Jacket model, over-skirt model, and straight line full pleated model. Some stores ask \$15.00 to \$18.75 for a similar dress.

\$18.50

All silk taffeta, all silk satin, and fine silk gingham dresses. Six new models and new trimmings. Navy, green, brown, tan. These are splendid values.

No restrictions on dressing this Easter, and the more we buy the more employment we are giving to those thrown out of employment by cessation of munition work and release from military service.

Over a Hundred New Dresses at \$25.00

Which is perhaps the finest assortment shown in this city at even three prices. Foulards, georgettes, taffetas, satins and serges, all at one price for this big Easter drive.

Stunning New Capes, Dolmans and Coats

\$25, \$30, \$35 and \$45 Every cape, dolman or coat in this big stock was selected by experts and from manufacturers who know how to build a good garment. Navy blue, black and all the beautiful spring shades.

\$15.00

\$18.50

10 models in navy, gray and tan coats, 48-inch long, fancy collars, all wool.

A B C CO., INC.

After the "Flu" —Fever or Cold

Clean the Acidity and Toxic Poisons Out of the Digestive Tract

Millions are now suffering from the after effects of "flu," a fever or a cold. Their appetites are poor; they are weak, and they are waiting for their strength to come back. If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity. Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on. Now, tens of thousands of people all over this country are using EATONIC for the purpose of cleaning these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazingly quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 77 years old. Read what he says EATONIC did for him:

"I am an old soldier, past seventy-seven years. I had the Spanish influenza and it left my stomach in an awful shape. I tried three different doctors but got no relief. As a result I sent and got a box of EATONIC and to my greatest surprise the very first tablet I took helped me. I can now eat anything I want, and feel fine." Yours faithfully, Fowler, Indiana Dec. 4, 1918 C. S. Martin

P. S.: If you can make any use of this letter for suffering humanity, you are at liberty to do so. O.S.M.

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu," fever or colds, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefits are surely all for you.

EATONIC FOR YOUR ACID-STOMACH

NOTE—Over 20,000 drug stores throughout the United States sell and guarantee EATONIC. If you cannot obtain EATONIC quickly at your drug store, do not be without it. Write us and we will mail you a big 50c box at once and you can send us the 50c after you get it. Address: EATONIC REMEDY CO., 1044 South Wabash Avenue, Chicago, Ill.
