

BOISE FOOTBALL TEAM TO BATTLE WEISER SATURDAY

The Boise high school football team will meet the Weiser high school eleven tomorrow afternoon at 3 o'clock at the high school park in what is expected to be a hard-fought and close contest.

PARTIES SEEKING THE CORRECT TIME BOTHER HOTEL GIRLS TO DEATH

It is not so much the coming change in time as the question "What time is it please?" that is bothering the hotel girls in the telephone exchanges in the Boise hotels.

Y. M. C. A. TO STAGE NOVEL CELEBRATION ON HALLOW'EEN NIGHT

There will be something doing every minute on Halloween night, Oct. 31, at the Y. M. C. A. According to R. H. Randall, general secretary of the association, "The celebration is to be a hum-dinger, full of surprises, fun and frolic for all."

"ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for Fifty Years a Cold-breaker."

NOTHING but sustained quality and unflinching effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and crushing new ones, grippe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today.

Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 50c and \$1.20. All druggists.—Adv.

STUBBORN BOWELS TAMED.

Positive in action, yet natural, comfortable, pleasant, Dr. King's New Life Pills are a boon to bowels that need assistance. They eliminate fermenting waste and put the system in normal shape. All druggists—25c a bottle.—Adv.

BOISE HIGH SCHOOL NEWS DEPARTMENT

Regular practices have started on the high school operetta "Bubbi." They are held every Tuesday and Thursday at 1 o'clock. Eighteen sopranos, eighteen altos, eighteen tenors, and eighteen basses compose the chorus, and from these the principals will be picked.

WRITERS' CLUB.

Those interested in a writers' club met with Miss Turk at the roomy Wednesday afternoon at the assembly period. Thirty-seven persons were tried out for charter membership. Each wrote a paragraph on "Why I want to join the club." A committee from the faculty will examine the paragraphs. From those who are eligible officers will be elected. The members will read and discuss current literature and present day writers.

TEACHERS' CLUB.

A meeting of the teachers of the high school was held Wednesday afternoon for the purpose of ascertaining how many of them were in favor of belonging to the Teachers' club. It was almost unanimously decided that the high school teachers would join. John Mitchell was elected as director and Miss Davis is a director at large. The club has been organized for some time and is composed of all the teachers in the city. It was primarily organized for sick benefit but intends this year to enlarge its scope by providing for social activities and professional advantages. It will attempt to bring the teachers of the city closer together and to have an organization that will be for mutual development and improvement.

LIBRARY BOOKS.

The following new, non-fiction books have been received in the high school library: "Literary Essays," by Lowell; "Over the Teacups," by Holmes; "Walden," "Cape Cod" and "Maine Woods," by Thoreau; "Love Songs of Childhood," "Little Book of Western Verse," by Piatt; "Ballads," by Carleton; "Rhymes of Childhood," by Riley; "The Mouse Trap," by Howells; "The Melting Pot," by Zangwill; "The Piper," by Peabody; "Italian Journeys," "Venetian Life," "The Parlor Car," by Howells; "Travels in Alaska," by Muir; "Tales of the Mermald Tavern," by Noyes; "New Irish Comedies," by Gregory; "Madras House," by Barker; "Half Hours," by Harris; "Peter and Wendy," by Barrie.

REPAIRING LOCKERS.

Several of the lockers of the Boise high school have been broken for some time and until recently the building committee has been unable to obtain anyone to repair them. The work is now being done under the supervision of C. B. Little, superintendent of buildings. C. L. Hansen, who represents the Boise Machine and Welding company, is repairing the lockers, and says that it will probably be about three days before the work will be completed.

Girls! Your hair needs a little "Danderine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Danderine" from any store, will save your hair, also double it's beauty. You can have nice, thick hair, too.

AMUSEMENTS

"KICK IN" SETS NEW RECORD FOR SKILL OF EMPRESS CAST

Police Court Story Vividly Handled by Popular Local Players—Performances Over Week End.

In description of no other kind are superlatives so overworked as in dramatic reviews. All the most complimentary terms are applied to everything that goes behind the footlights, and when a real production comes along the useful words are so shop-worn that there is no way to do justice to the play of the moment. That's probably the reason it sounds so flat and inadequate to say that in presenting "Kick In" at the Empress this week end the Empress Stock company players are doing the most wonderful work of their entire successful career in Boise.

THE MORAL.

At times harrowing, the play is so ably handled that with the final curtain the audience is in the best of spirits. The moral of the play is that persons who have once been criminals are not necessarily "always criminals." The Empress players make the play one of vivid human types. Raymond Whittaker, as Charles, a dope fiend, in spite of the unenviable situations that he gave of the character, was a most critical audience during one of the thrilling moments when he was the central figure on the darkened stage.

NEW FACE IN CAST.

Made Marion Carter, a new player with the Empress company, was wonderfully realistic in her presentation of "Memphis Bessie," well acquainted with the police, but "not in on the deal" that caused the incidents about which the story was written.

MRS. WASLEY, B'GORRAH! Lula H. Wasley, Mrs. Halloran, who lives to see herself jerked into police court, "an" by an Irishman, too, and Rae Ewing, as her daughter, "Daisy," carry their roles pleasantly. The police force is headed by Duke Wescott as "Commissioner Garvey." In this part Wescott proves himself as well adapted to more serious parts as he is to the comedy parts that have made him famous among Boise theatre goers. Ed Clites, the policeman with a heart, "Jack Diggs," and Frederick Sullivan, the policeman without a heart, "Whip Fogarty," who finds himself going strangely to sleep at a critical time, are the other members of the force. The play will be repeated tonight, Saturday afternoon, Saturday evening and Sunday evening.

AT THE BOISE THEATRES TODAY

Empress—"Kick In" by Empress Players. Majestic—Vaudeville and "This Hero Stuff." Strand—Douglas Fairbanks in "Knickerbocker Buckaroo."

VAUDEVILLE TO PLEASE PATRONS AT MAJESTIC

Vaudeville proves more popular each week at the Majestic. Today a new bill opened with Charlotte Russell as one of the features. She is a talented and pretty young woman with an abundance of rich and stylish costumes, which she changes with lightning rapidity. She has a good singing voice and a catchy repertoire of pleasing melodies. Bob and Gertrude Petticoat, a frolicsome young man and a dainty miss, are on the bill in a comedy singing, talking and novelty dancing act they call "Kid Frolics" from the famed Gus Edwards song review. The male member of the team as a character impersonator is in a class all by himself. Each of the lines over which he made him a favorite at once with the crowds today.

POPULAR FAIRBANKS

If anybody doubts the popularity of Douglas Fairbanks as a screen artist let the Doubting Thomas take up his position at the entrance to the Strand theater. He will very quickly be undeceived. The crowds that greeted "Doug" on his return yesterday in the "Knickerbocker Buckaroo" attested to his continued hold upon the admiration of Boise movie fans. When "Doug" yells "Damn the torpedoes, go ahead!" the crowd yells lustily. His antics keeps the spectators roaring.

IF THIN AND NERVOUS TRY PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Who keenly feel their excessive thinness. Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern diets. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which nearly always accompanies excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-phosphate brought about a magic transformation with me. I gained 15 pounds and never before felt so well. While bitro-phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on extra flesh should use extra care in avoiding fat-producing foods."—Adv.

REDUCED RAILROAD RATES TO CONVENTION

American Legion for Idaho Announces Special Arrangements Made to Take Delegates East.

Reduced railroad rates on the basis of one and one-third fares for the round trip will be available to all delegates, alternates, officers and other members of the American Legion together with dependent members of their families who attend the first national convention of the legion in Minneapolis on Nov. 10, 11 and 12. Adjutant Collier of the Idaho branch announces. This reduction has been authorized by the United States railroad administration. At least 2,500 delegates from every state in the Union and also from Alaska, Hawaii, Panama, Porto Rico and Cuba, representing 1,000,000 American veterans of the great war, will attend the convention.

Members of the American Legion and their families will secure their reduced fare tickets from local ticket agents upon the presentation of certificates of identification. These certificates of identification are now being prepared and will be issued to local posts of the legion through the state branches. One identification certificate will be sufficient for each member, including his or her dependents. Tickets will be good on the same route in both directions.

Upon arrival in Minneapolis delegates and visiting members will have their tickets validated from Nov. 7 to 17, inclusive by agents at the regular ticket offices of the lines over which the tickets read into Minneapolis. When validated, the tickets will be good for return leaving Minneapolis only on date of validation and passengers must reach their offices of the lines over which the tickets read into Minneapolis. Except those from Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming and El Paso, Texas, whose tickets will have a return limit of Nov. 24.

NOTICE.

An assessment of 75 cents per share has been levied upon the capital stock of the Thurman Mill Ditch company, which is now due and payable on or before Nov. 15, 1919 at the residence of the secretary, Alex Larson, Rt. No. 1, Boise, Idaho.—Adv. N. 12

How Much Tobacco Will My Heart Stand

A Question Vital to Every Man Who Smokes or Chews

IT MAY COST A PRECIOUS LIFE TO FIND OUT BY EXPERIMENT.

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins he lives; when it loses he dies, but before the final victory of nicotine you pass through many stages of decline and decay and suffer many pangs. Hearts are like human beings—some are stronger than others, therefore some hearts will stand a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may not lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find how much tobacco your heart will stand without serious results.
