

OPERATORS OF COAL MINES IN MEETING TODAY

Four Representatives From Each of Four States in the Central District Holding Conference at Cleveland.

Cleveland, O., Oct. 31.—Coal operators from the central competitive district were gathered here today for a conference that may develop a last-minute effort to postpone the strike. Sixteen operators were to be here, four from each state in the central district. The operators were expected to formulate plans for meeting the strike and among other issues decide whether they shall close down mines when the strike becomes effective or keep them running with non-union labor.

"It will be impossible to carry mail; transport of army units and commerce will be paralyzed and industry will be brought to a standstill, causing widespread suffering throughout the country."

"The petition alleged violation of the Lever act, in that the defendants 'conspired, combined, agreed and arranged against public policy' to restrict the supply of fuel.

Judge Ames digressed from his prepared copy of the petition to explain to Judge Anderson that the wage negotiations carried on by the miners' union were "for the central competitive field only," while the strike was called for the nation as a whole.

The petition went into the history of wage negotiations. It contended that the present contract between miners and mine operators "entered into with the sanction of the United States fuel administration was to extend for the duration of the war," and is still in effect.

BOARD HOLDS MEETING.
Immediately after being informed of the injunction an executive board meeting of the union was called by acting President Lewis today. A statement of the union policy in view of the order was expected immediately after the meeting.

An Judge Anderson signed the restraining order, six United States deputy marshals waited to serve the injunction on the miners' union officials. The marshals left immediately for union headquarters to carry out the action.

Bursting into the room where the executive board was in session, Frank Ream, United States deputy marshal, served the court action on the committeemen, John L. Lewis, acting president and William E. Green, secretary-treasurer. All conversation stopped when Ream appeared.

"It is a nice day for the school teachers' convention," Green said, glancing out of the window at a downpour of rain after the group had regained their composure. Then Lewis spoke up and in a rumbling resonant voice asked Ream to show his credentials, which Ream did.

One of the committeemen remarked, "They're too late," when Ream appeared, and another in the back of

taining of an injunction against the strike in Indianapolis and said it might array the whole strength of labor solidly with the miners. Secretary of Labor Wilson made public the text of his appeal to "John L. Lewis, acting president of the United Mine Workers, telegraphed Wednesday night in which he asked that the miners postpone their strike and hold a new convention to consider wage demands, while the operators simultaneously are meeting in the same city. Lewis has already replied to receive any "reasonable proposition" that may be offered.

ONE THOUSAND UTAH MINERS OUT ON STRIKE

Many More Expected to Walk Out Tonight—Governor Bamberger Hurrying Back Home From the East.

Salt Lake City, Utah, Oct. 31.—One thousand miners are already on strike in Utah and others are expected to go out tonight at midnight.

Tents and portable houses have been sent from the east so that when miners are ejected from mine property they can be housed.

Lieutenant Colonel Jorgenson, adjutant general of Utah, is ready to enforce law and order if the situation should get beyond the control of peace officers.

He announced today troops will be used only as a last resort, but will not be sent with loaded guns or blank cartridges to quell riots, insurrection or mob rule.

Governor Bamberger is reported as hurriedly returning from the east. Members of the American legion are being deputized by county sheriffs. The state armories at Ogden and here are heavily guarded by troops to prevent theft of arms and ammunition.

Many miners are drifting into Salt Lake City. It is reported liquor is being given them.

SIXTEEN KILLED IN EXPLOSION ON STEAMER

Tokio, Oct. 28.—(Delayed)—Sixteen men were killed in an explosion today aboard the destroyer Suga. Among the dead is Captain Sasawa, of the destroyer and another officer.

The explosion occurred while the emperor was reviewing the Japanese fleet in Tokyo bay.

One officer and 94 men were slightly injured.

STOMACH O. K.

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapepsin"

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards. Adv.

STATE TAKES OVER GOVERNMENT LANDS

All but 1635 Acres of 668,000 Acre Special Grant at Statehood Now Under Patent, the Records Show.

Of the 668,000 acres of lands given the state of Idaho under special grants from the federal government for the benefit of the state penal, charitable and educational institutions, at the time Idaho was admitted to the union, but 1635.91 acres remain to be taken over under patent according to records at the office of I. H. Nash, state land commissioner.

The acreages yet to be taken up under the various grants are as follows: Scientific schools, 27.64 acres; normal schools, 463.70 acres; insane asylums, 5.12 acres; university, 63.75 acres; penitentiary, 242.74 acres; charitable institutions, 83.43 acres; public buildings, 8.22 acres; agricultural college, 50.32 acres.

The acreages allotted to these various sources were: Scientific schools, 100,000; normal schools, 100,000; insane asylums, 50,000; university, 96,050; penitentiary, 50,000; charitable institutions, 150,000; public buildings, 32,000; agricultural college, 90,000.

COMMUNICATIONS WITH JAPAN DEMORALIZED

San Francisco, Oct. 31.—Communications with the orient were demoralized today. Word was received by Western Union that the wireless station at Tokyo is being repaired, and that no messages would be accepted for 10 days or two weeks.

Messages addressed to Tokyo are subject to a delay of over five days via cable. It was predicted this delay would be greater now that the cable must bear the entire burden.
