AMERICAN LEGION DESTINED TO WIPE OUT REDS IN U. S.

Such Is Opinion of Lieut. Harold Jenness, City Editor of Nampa Leader-Herald in Interview.

Nampa, Nov. 17.—"The American Legion is destined to prove the agency which will stamp out anarchy in the United States," declared Lieut. Harold Jenness, city editor of the Nampa Leader-Herald, this morning upon his return from Minneapolis, where he had been to attend the national convention of that organization.

"The legion will in no measure play politics. Its members are of both political parties and they propose to keep it out of the political arena. Aside from criticism of the war department for its course in dealing with conscientious objectors, there was no action which even slightly had reference to anything bearing in a political direction, and this condemnation was general."

GRAINFUTURES OFF SLIGHTLY TODAY ON THE BOARD OF TRADE

Chicago, Nov. 17.—Selling orders at the opening of the Chicago board of trade today resulted in a decline. This was offset quickly by an active demand by commission houses. Despite liberal receipts, which caused the initial drop, reports were that the car situation will not be favorable later to heavy movement. Provisions were affected by a higher hog market. December corn opened 1 down at 12 1/2¢ but rallied later, advancing 3/4¢. January corn, after opening 1/4 down at 12 1/2¢, rose to 12 3/4¢. May corn opened at 12 1/2¢, down 1/4¢, later rising 1/4¢.

December oats was 1/4 down on opening at 7 1/2¢ but later gained 1/4¢. May oats after opening 1/4 down at 7 1/4¢, rose to 7 5/8¢ before the close.

FINANCIAL REVIEW

New York, Nov. 17.—The New York Evening Sun financial review today said:

The line of cleavage between the industrial and railroad stocks was generally defined when trading in the stock market was resumed today. The shares of the former were distinctly soft at the opening and continued so for the first hour or more when they steadied and at intervals thereafter displayed some firmness. There was a forward movement in rails under the leadership of Union Pacific which advanced through 131 to a 5 point gain early in the session.

The movement had scarcely got a good start, however, when the decision of the supreme court adverse to the Southern Pacific in the minor of two California land cases came over the wires from Washington.

Southern Pacific shares suffered an immediate sinking spell which carried them down from 105 to below 102. Union Pacific paused in its upward swing and dropped back to below 129 the other rails steadying themselves rather uncertainly. As it became generally known that the case on which decision had been rendered was not particularly important in itself and that the questions of law involved were quite distinct from those in the other case rulings in the Pacific in the district court in California having to do with the title of some 140,000 acres in that state, Union Pacific got back to its top price and Southern Pacific regained about two points. At the same time industrial shares did better while both rails and industrials did better through the remainder of the afternoon previous losses being neutralized in numerous cases trading continues relatively dull and devoid of push in any direction.

NEW YORK STOCKS

New York, Nov. 17.—The stock market opening today was irregular. Central Leather opened at 75 1/4; American Sugar 138 1/2 up 1/4; New York Central 74 1/2, up 1/2. United States Industrial Alcohol 112 up 1/4; American Sumatra Tobacco 88 off 1/4; Republic Steel 102, off 1/4; Republic 107, off 1/4; Mexican Petroleum, 202 off 3; Reading 8 1/4, off 1/4 and General Motors 310, off 1/4. United States Steel opened 105 1/4.

The entire list became reactionary before the end of the first hour, with particular pressure on tobacco, equipments, Motors and some of the oils. American Sumatra sold below 86 during the first half hour but there was no trace of the general demoralization which prevailed at times last week.

Pan-American and Mexican Petroleum were heavy in early trading. Call money was quoted at 12 per cent. There was only slight demand and little money was offered.

Announcement that the supreme court had reversed the decision of the lower court, dismissing proceedings instituted by the government to cancel patents for 6000 acres of California oil lands alleged to have obtained by the Southern Pacific railroad, resulted in a sharp break in Southern Pacific stock, which sold below 102, a decline of seven points from today's high. With the exception of Royal Dutch the entire list sold off.

There was a fair-sized rally in the afternoon following an explanation by Dow-Jones and company, financial news service, showing that the decision in the Southern Pacific case was a minor one and had no connection with another case involving 160,000 acres of land.

General Motors, which led the break last week, featured the upturn, rallying from 301 to 312.

Call money was quoted at 10 per cent during the afternoon. The market acted well in late transactions and General Motors reached 321, up 20 from the day's low. Royal Dutch retained a position above 103. Mexican Petroleum rallied five from the morning low.

MONEY

New York, Nov. 17.—Exchange rates were lower on the money market today, sterling demand and marks reaching new lows.

Sterling opened at 4.08 1/2, off 1/4 cent. Marks opened at 92.24. Francs demand opened at 9.57 and cables at 9.55.
