

GENERAL STRIKE IN GERMANY THREATENS IF LAW IS PASSED

Workers' Council Measure Causes Unrest and Suggestions Made That Big Industrial Plants Will Close.

Berlin, Jan. 10.—Some uneasiness was felt here tonight over the political and economic situation in view of the vaguely expressed threats of a general strike.

There were suggestions in some quarters that big industrial plants may shut down if the workers' council law is passed as drafted while radical labor leaders hinted they may call a general strike if the law is altered so it is unsatisfactory to them.

SCENIC RAILWAY AT PARK IS CONDEMNED

Building Inspector Notifies Management of Amusement Company Safety Brakes Must Be Installed on Cars.

Building Inspector Paul H. Spangenberg Saturday condemned the scenic railway at White City. If the children and their elder aunts and uncles are to enjoy the various sensations peculiar to that unique amusement mechanism next spring and summer, it will have to be reconstructed.

Mr. Spangenberg gave notice to the company at this early date in order to allow sufficient time to comply with safety requirements before the opening of the park season. In his letter to G. W. Hull, manager of the Natorium Park Amusement company, dated Saturday, the inspector says:

NUMBERED BALLOTS NOT ILLEGAL WHEN VOTERS DON'T KNOW ABOUT IT

The numbering of both ballots and stubs in election books used at Ashton when \$100,000 worth of sewer bonds were voted did not invalidate the bonds, Troy L. Black, attorney general, held in an opinion issued Saturday.

ADVERTISING AGENCY ENTERS BOISE FIELD

L. S. Gillham Company, One of Largest and Most Powerful Advertising Agencies in the West Opens Offices Here.

The L. S. Gillham company, one of the largest and best known advertising agencies in the west, has opened offices in the Yates building. This is the third office opened by this firm, which began operations in Salt Lake some years ago and also has a large office in Los Angeles.

The Gillham company has 35 people connected with its three offices. Mr. Gillham gives his personal attention to all the offices as the general manager, while he makes his home at Salt Lake, is on the road a greater part of the time.

Associated with him will be H. C. Falster, a graduate of the University of Iowa, formerly principal of the Dixon high school at Dixon, Ill., and a man who has had extensive experience in advertising and selling, paying particular attention to market analysis and merchandising problems.

The work done by this agency consists of planning, writing, illustrating and typing. Mr. Gillham calls attention to the fact that 95 per cent of the advertising being done in the United States today is handled by advertising agencies. In other words, he says, the most important part of business, the interest of the public in certain articles, is turned over to experts and he maintains that 95 per cent of his agency is made up of initiative, brains and training.

The Gillham company has already closed contracts for handling the advertising of several large companies of Boise and will operate throughout this country on a large scale.

Armand Oakley left Thursday evening on a business trip to San Francisco. On Wednesday evening Mrs. Emma Schreiber entertained at dinner Mrs. J. P. Tate, Miss Carrie Gekler and Rev. and Mrs. G. W. Barnum.

Thomas Lyle of LaGrande is visiting with his grandmother, Mrs. Lyle, on Rossi street.

Miss Mildred Knight has returned from California and has a position at the Overland National bank.

Mrs. Leroy Davis, who has been quite ill at her home in Ivywild, with an attack of pneumonia, is again able to be around.

In the death of Mack Bradley, which occurred at a local hospital Friday night, the community loses a young man of exceptional character and worth and his death comes as a shock to his many friends who believed him to be doing nicely after his operation.

A pleasant little dinner party was given by Mr. and Mrs. Sam Wingate at their home on Warren street Tuesday, it being the wedding anniversary of Mr. and Mrs. Wingate, who were married at the home of Mrs. J. Ryan, by Rev. E. N. Murphy, 18 years ago.

The guests were Rev. and Mrs. Murphy, Mrs. Ryan and Mrs. Burgess. The meeting of the Community Center club Friday night was well attended, refreshments were served by the lady members.

Mrs. Olive McNab and her daughter and son, Mr. and Mrs. George Maxnard, are in Boise during the week where they have bought a home on North Twelfth street. They have been residents of the south side for several years, living on Boise avenue until they sold their home to Frank Farley, who will soon take possession.

Mrs. Alice Whyman of Ontario, is the guest of her mother, Mrs. May Peerman.

Frank Powell, son of Mrs. T. A. Farley, left the first of the week for Butte, Mont.

The funeral of Sam Peerman which was held Thursday afternoon was one of the largest ever held from the south side. Mr. Peerman was widely known both in Boise and here, where the family have made their home for several years.

PROCLAIMED "THE MOST POPULAR GIRL AT THE UNIVERSITY OF SOUTH DAKOTA"

Behold Miss South Dakota. She is Marie Leavitt of Sioux Falls, "the most popular girl at the University of South Dakota."

Each year the university students bestow the honor on one of the girl articles, is turned over to experts and he maintains that 95 per cent of his agency is made up of initiative, brains and training.

LEGION POST WILL MEET MONDAY EVE

Preferential Rights to Irrigated Lands Up for Discussion at Special Meeting at Chamber of Commerce Rooms.

Preferential rights for former service men in the settlement of reclaimed lands, club rooms, annual dues, shows and other kindred subjects will be discussed at the special meeting of the John Regan post of the American Legion Monday night.

A resolution demanding preferential rights was tabled at the last meeting of the post after a stubborn struggle. It will be presented again Monday.

A show planned by the veterans for the Pinney has been hanging fire for some weeks. It will be revived at the forthcoming meeting and the probabilities are that a contract will be signed with parties who have expressed a willingness to put it on.

O. W. Worthine, the new post commander, has prepared a budget showing the estimated amount of receipts and expenditures which will be handled this year and the membership will be asked to determine what dues are necessary if club rooms are to be opened in the city.

HOLY NAME SOCIETY HOLDS FIRST MEETING

The senior branch of the Holy Name society of St. John's cathedral parish met at St. John's hall Friday evening. Through the weather was extremely cold, 25 men attended the meeting, the first held during the new year.

George E. Erb, president, spoke briefly on the work outlined for the society for the year 1920, which will include the study and participation more generally in community enterprises, talks on Catholic doctrines and round-table discussion thereof, and a question box.

Bishop Gorman was present during part of the meeting and urged the members of the society generally to cooperate with President Erb and the other officers and committees who will have direct charge of the activities during the year 1920.

At the next meeting of the society, Feb. 6, Arthur B. Tebbetts, Scout executive of the Boy Scouts of America, will address the members on the Boy Scout program and boys who are members of Troop 15 of the Boy Scouts will give demonstrations of Scout work.

The senior members of the Holy Name society will receive holy communion in a body at the 8 o'clock mass Sunday, Jan. 11.

DEATHS—FUNERALS

BRADLEY—The funeral of Edward McNish Bradley will be held at the Schreiber & Sidenfaden chapel Tuesday afternoon at 3 o'clock. Rev. Edward N. Murphy and Rev. G. William Barnum will officiate and burial will

sonnel adjutant; Frank Fuller, treasurer; Ted Driscoll, sergeant at arms. This post now has an active membership of 123, which it is expected will be increased to 200 this year. It was decided by the post to give a grand military ball the night of Washington's birthday, Feb. 22, 1920, at the big dance pavilion. The Payette Y. M. C. A. has extended to every member of the post a six months' free membership in the association. One of the wonders of the British Dairy association show, according to the London Daily News, was a Danish appliance for keeping milk fresh for two years or more. No preservatives are used. The apparatus is known as a "homogenizer," and the preserving force is a pressure of 1000 pounds to the square inch. The Capital News telephone numbers are 24 and 25.

The "Bee" Electric Vacuum Cleaner

It gives your Rugs and Carpets an Air-bath. It renews them instead of wearing them out. It is sanitary. It is hygienic. It makes the Home sweet and clean. It weighs only 10 lbs., and can be easily carried about. No frequent oiling necessary. It is Simple in construction and operation. It makes it safe for your children to play on the floor, because it removes the Dust and disease germs. No complicated mechanism in this cleaner. It Conserves Woman's Labor

THE "BEE" ELECTRIC VACUUM CLEANER RENOVATES as IT CLEANS. Vacuum cleaning does not merely get the surface dirt, but goes out the dirt that is imbedded down in the nap of the carpet, rug or furniture. After a room has been cleaned with a Vacuum Cleaner it is thoroughly clean and sanitary. Vacuum cleaning is as far ahead of the broom and carpet sweeper as the automobile is ahead of the ox cart. We can demonstrate to you, without any obligation on your part that our Cleaner will extract dirt from an apparently clean rug—and will not 'raise the dust.'

What This Vacuum Cleaner Means to Woman It takes the Drudge out of Cleaning. It saves moving rugs and furniture about. It saves Dusting off afterwards. It makes housework lighter and easier. It makes it easier to keep a good Maid. It renovates as well as cleans.

- A Year Ahead of Its Competitors—Ten Reasons Why: 1. THE MOTOR—Made especially for Vacuum Cleaner use. This means greater efficiency, durability and economic current consumption. 2. THE SUCTION FAN—One-piece aluminum of original shape and construction, insures more powerful Suction. 3. THE CASING—All Aluminum—guaranteed not to discolor or rust—like steel. 4. THE BRUSH—Our inter-gear driven Brush gets ALL clinging lint, litter and threads. 5. THE SWITCH—Latest improved Safety-switch in Grip-handle—handier and positive. 6. THE OILING—Our special self-feeding Oil Wells makes frequent oiling unnecessary. 7. SIMPLICITY—No adjustments necessary after leaving the factory. Trouble-proof. 8. SAFETY—Assured by our switch and air-cooling device. No overheating. 9. FLEXIBILITY—Under-slung, horizontal motor body; goes under beds, low furniture, etc. 10. LAST but not LEAST—Manufactured from start to finish in our own factory with every thought for EFFICIENCY, DURABILITY and SIMPLICITY.
