

To the Public

The Press will deem it a special favor if patrons who fail to receive their paper regularly will report the same to the office, as it is our only means of knowing how the carriers are doing their work.

We will pay a reward of \$25 for evidence that will convict any one of stealing papers after they are delivered to residences.

THE PRESS PUBLISHING CO.

B. M. 70 by 200 feet on the west side of Second street. Russell's addition, also 25 feet of lot 5, block H, town of Coeur d'Alene.

Notice.

All are notified not to give credit to any one in my name without a written order as I will not be responsible for any debts so contracted.

EUGENE GAY

Notice.

The Canadian club will meet at 319 Lakeside street Monday evening, November 18th.

Why Jimmy Didn't Sit Down.

The woman who had shopped until the closing gong had sounded stood at the transfer station and awaited the suburban trolley.

"What," she wearily asked herself, "does it profit a woman if she gain the elusive bargain and loses every trace of physical freshness?"

Presently the car came along. It had the usual crowd of humanity, and the woman resignedly prepared to stand, when a grimy youth arose and tendered her his place. Protesting faintly, she sank into it guiltily and registered a vow never to shop overtime again.

In due time several seats were vacated, and the woman looked hopefully toward her knight.

"Jimmy," a friend of his was saying, "there's room inside now. Why don't you sit down?"

And the last drop of discomfort was added to the woman's cup of humiliation when Jimmy responded:

"Aw, what's the use! No sooner I'll get me legs stretched when another tired old hen will get on and I'll have to hop up!"—New York Times.

"He Never Said Turkey to Me Once."

This saying was more familiar to the former than to the present generation, but comparatively few people know its origin.

An Indian and a white man who were hunting together killed a crow and a turkey.

The white man said to the Indian "You may take the crow and I'll take the turkey, or I'll take the turkey and you may have the crow."

The Indian replied, "May be all right, but you don't say turkey to me once."

—St. Louis Republic.

AN AFFINITY CLUB.

Nevel Organization Formed in Spokane by Twenty-three Bachelors.

Designed to solve the problem of the scarcity of marriageable young women in the Pacific northwest is the Spokane Affinity club, just organized in Spokane by twenty-three bachelors under thirty years of age, says a Spokane dispatch to the Chicago Post.

President Brown of the club said at the close of the organization meeting:

"The purpose of the club is to provide wives for the eligible young men of the Spokane country by inducing the girls to come into the district. There is a great scarcity of young women in the northwest. I am not overstating the fact when I say that 5,000 women between the ages of twenty and thirty years could find good husbands and comfortable homes in Spokane alone.

"This may seem an extravagant statement in a city of nearly 100,000 population, but the fact is the young men have come into the city in such large numbers during the last eighteen months that there are not sufficient girls to go around.

"The first step in the campaign to bring young women into the country will be to write to our friends and acquaintances in the old homes in the middle western, eastern, southern and New England states and eastern Canada, urging them to come to the northwest, and then prevail upon them to write to their girl acquaintances. In that way a chain system will be established and the problem finally solved."

President Brown added that any man between the ages of twenty-five and forty years, industrious and of good character and possessed of at least \$1,000 or its equivalent in realty, is eligible to membership in the club.

BEEES HELP CHURCH.

Honey Stored in Steeple to Be Sold to Build New Edifice.

The little busy honeybees will contribute the nucleus of \$40,000 which the members of the First Baptist church, Burlington, N. J., will raise to build a new edifice, says the New York World.

The busy bees have been storing honey for years in the top of the old church steeple and so have refuted the infantile belief:

How doth the little busy bee
Delight to bark and bite;
To gather honey all the day
And eat it all the night.

These frugal bees have not eaten a speck of honey. Probably a ton of honey is stored now in the steeple, for immense swarms have been often seen there, and the "hive," seventy-five feet above the street, has been secure against depredation. The congregation had contributed \$20,000 with the idea of repairing the present structure, but the Rev. Dr. T. M. Eastwood, the pastor, announced at a recent service that the plans had been changed, and \$20,000 more will be raised to build a new church.

The honey stored in the steeple will be sold, and the money will go to make up the desired sum. Indeed, it is said, it was the example of quiet industry and patient thrift set by the bees that decided the church's building committee not to repair the church, but to build it anew.

Fair Exchange

A New Back for an Old One

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot catch the cause. Exchange the bad back for a new and stronger one.

H. R. Howell, the well known stone mason, living at 157 Third avenue, Pocatello, Idaho, says: "My kidneys commenced to trouble me with sharp pains across my back and hips and if I took cold was worse. After working hard for a few days I felt lame and sore and if I turned around quickly, a stitch like pain caught me in my back which for the time being was very severe. I had a very bad attack when my attention was called to Doan's Kidney Pills and I got a box at a Drug Store. They were just what I needed. They relieved me in every way and made me better and stronger than I had been for a long time. I still use them once in a while as a tonic for the kidneys." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
