ITEMS ABOUT PEOPLE YOU KNOW

Runaway—George Kane's team caused quite a little excitement last Wednesday when they came up Main street "on high". The team decided to step out a little faster than usual and took advantage of the opportunity afforded them when their driver got out of the rig to open and close a gate near the Jensen ranch. The wagon to which the team was hitched suffered no damage until the team turned the corner by the Forest office, where they collided with a post, smashing the outfit up considerably.

Mickie O'Brien Employed—Mickie O'Brien, a bright and intelligent chap has been employed to assist in the work at this office and will probably arrive next week to commence upon his duties. He is a hustler and a regular guy and we expect him to help us make a still better paper of the Messenger. He is going to have charge of a certain department in this paper and we believe that he will deliver the goods. That's why we employed him.

Truck Goes in River—One of the big F. W. D. trucks engaged in hauling supplies to the Ramshorn mine, slipped off the grade near the old Mock place last Friday evening and went into Salmon river. None of the three occupants of the machine were injured. A crew of men with teams, finally succeeded in getting the big machine out of the river the following morning and it went on to Mackay under its own power.

Quiet Wedding—Vern Hammond and Lydia Weber of Pahsamari, came over last Wednesday and were quietly married here. The young couple will make their home in our prosperous neighboring valley, where they are quite popular in social circles. This paper joins their large circle of friends in wishing them happiness and success.

Plural Pneumonia—The autopsy held over the remains of Casper Mock last Thursday, revealed the fact that he had died of plural pneumonia. Funeral services were held last Friday, over the remains and interment was made in the Challis cemetery.

Went to Mackay—The Buster family and Edwin Woffinden went down to Mackay last Sunday to be in attendance at the ceremonies connected with the opening of the gates at the dam and to participate with the festivities of the occasion.

Hawaiian Music—The Salmon boys who came up last Friday night and gave a dance furnished excellent music, playing Hawaiian music on Hawaiian instruments. They expect to return here again at some future date.

Commissioners Meet—The board of county commissioners met again last Monday, and canvassed the vote on the highway district election which carried by a big majority, no active opposition being made to the project. The future will tell whether or not the people in the territory affected have made a grave mistake. Of this we are sure, however, that the move is an unjust one to other sections of the county, for these sections are paying their share of the highway bonds, the majority of which have been expended in the new district just created, and this section also, in the early days of the county, built the roads in Lost river valley. The board adjourned until next Monday when the school superintendent matter will be taken up again.

Leo Baxter Back—Leo Baxter returned last Monday evening from overseas duty where he was engaged in some of the hardest fighting. The young man forcibly reminds us of the fierce struggles of a few short months ago by reason of the loss of a leg suffered in one of the big battles over there. We join with his many friends here in extending him the glad hand of welcome.

Biethan Here—D. H. Biethan, the prosperous merchant of Blackfoot, was here the latter part of last week looking over some ranching property with a view of investing.

McKeene Morrow—Word has reached this city of the return of McKeene Morrow to Boise from overseas. The young man is the son of our one-time citizen, Bernie Morrow.

Fishing at Dam—Quite a few from here motored to the Sunbeam dam last Sunday to enjoy an outing and do some fishing which is reported to be exceptionally good there at this time.

Auction Sale—List your live stock, implements, tools, guns furniture, etc. for the big auction at Challis, Friday, May 23. Full particulars at The Messenger office.

Returns Home—Mesdames Waddleton and Hoelzle returned home the latter part of last week from a ten days' visit at Salt Lake.

Leaves this Week—Mrs. Lewis Vogler and children will leave this week for Portland where they will join Mr. Vogler in a residence there.

Bonds Due in 1932—The water bonds do not fall due until 1932, instead of 1921, as reported in a recent issue of this paper.

We Print Butter Wrappers

War Mothers—Mrs. D. W. Standrod, State War Mother, has appointed Mrs. Kate Cameron of this city, County War Mother. Mrs. Cameron has called a meeting of all mothers of soldiers at the church next Saturday afternoon at three o'clock, at which time all mothers of soldiers are requested to be present.

Operated on—Mrs. Lottie Bishop, who left some time ago for Salt Lake, was operated on at the Holy Cross hospital in that city last Wednesday for ulcers of the stomach. She is getting along splendidly and expects to return home within the next two weeks. She was accompanied by her sister, Mrs. Chivers.

Pierce Dorgan Home—Pierce Dorgan, another returned soldier, arrived Wednesday of this week from France. He was in active service near the front for a long period of time. We join this stalwart young man's many friends throughout the county in welcoming him home.

To Salt Lake—M. A. Brown left the first of the week for Salt Lake, where he will submit to an operation in the hopes of benefiting his health, which has been very poor for some time past.

Assessor Returns—Assessor D. M. Burnett returned last Saturday from Lost River valley, where he had been for ten days or so on business connected with his office.

PURELY PERSONAL

Buddie Vogler was a Salmon visitor last week.

Liberty cabbage at the City Meat Market.
