GAME PROTECTION IS CONSIDERED

TO ESTABLISH GAME PRESERVE IN OUR COUNTY

Sixteenth Legislature Seeks to Make Preserve on Salmon River

A game preserve will be established in the Challis National forest between Marble and Loon creeks, if plans of the committee on game in the house materialize. Legislators say that the state Game Department is solidly behind the movement.

Those in favor of establishing the preserve claim that this country is the natural feeding place of wild game and to prove their point say that in 1919 more than 1500 deer were taken from the watersheds of the Salmon.

Custer county representatives will stand behind the measure when it comes to a vote and the county has agreed, members of the lower house say, to make all the watersheds of Big Loon creek game preserves. Opposition will be registered to the movement by the cattle and sheep men in that section of the country. However, legislators claim, this will not be of sufficient strength to defeat the present plan of establishing the preserve.

SCHOOL NOTES

The E-dah how Camp Fire Girls organized in October with Gwendolen Jones as guardian. There are eleven members and most of them will soon receive their first rank of woodgatherer, which will make them regular members. There has been weekly meetings ever since they organized, and one ceremonial meeting at the home of Miss Jones, the guardian. After the meeting a light lunch was served and games played. Next week another ceremonial will be held at which the girls will receive their first honor beads.

January 15th a successful cooked food sale was given by the Camp Fire Girls, and the proceeds will be used for equipment. The girls wish to thank everyone who helped make it a success.

The Junior-Senior class has completed a course in advanced American History!! It means that they have discovered America, established the colonies—all thirteen of them; fought the Revolutionary war; provided, with the aid of Alexander Hamilton, a system of finance; bought, annexed, conquered, or "negotiated" for territory to round out our present boundaries; developed our resources of lands, timber

STANLEY BASIN WANTS IN BLAINE

Residents of Stanley Basin, are circulating a petition among members of the sixteenth legislature, asking the annexation of that part of the county to Blaine county.

Custer county will fight the annexation and legislators claimed recently that Blaine county would not be strong enough to effect the change.—Idaho Daily Statesman.

INFORMATION WANTED

by his daughter as to the whereabouts of one Ralph Ingham. Last heard from at Challis, Idaho, December 27th, 1896. He was engaged in mining and had two silver prospects somewhere in Custer or adjoining county. If any old pioneer in Custer county knows anything of him living or dead they will confer a great favor by writing his only child, the undersigned.

Mrs. C. A. Stanton,
Toledo, Oregon

mines, and rivers; fought the Civil war, abolished slavery, opened the Panama canal, helped win the World War by giving Germany a good drubbing, considered such modern questions as the League of Nations, immigration—its numbers chiefly; the prospective labor war and some thousands of minor matters and now are ready to assume the duty of studying governmental science and the application of American principles for such, thru a course in Political Economy, if the English teacher does not put us all to death in order to get the guilty one for constructing a long sentence. However, "brevity is the soul of wit" and we defy anyone to say that we have not briefly told what we have covered in the aforesaid course, regardless of sentence constructions.

Next Friday a meeting of the Student Body will be held for the election of officers.

Elect Directors

At a meeting of the stockholders of the First State Bank held in this city last Tuesday the following board of directors was elected for the ensuing year: S. L. Reece, E. J. Michael, E. W. Hovey, H. H. Hartman, F. Nickerson, F. E. Hovey and N. C. Hovey.

Food and Bridge Warrants Nos. 107 to 150 inclusive, issued Oct. 15, 1920.

No interest will be allowed after January 29, 1921.—Mary W. Jose, County Treasurer.

GRAY SAMARITANS RESCUING CHILDREN

The Young Women's Christian Associations of the United States are keenly interested in the movement for the relief of the 3,500,000 starving children of Europe because a group of their members, the Polish Gray Samaritans, have been in charge of distributing food to children in Poland. They have been serving under the American Relief Administration and have conducted food kitchens and distributing stations in all parts of Poland outside Warsaw.

In all the relief work being done in Europe, that of the Polish Grays has been unique because all the girls, though sent from America, were either born in Poland or are of Polish parentage. When the need for social service in their country became acute many girls of Polish descent answered the call of the Young Women's Christian Association for overseas service and enlisted in the preliminary training course that was given in several cities of the United States. From this group thirty girls were chosen and sent to Poland where, since 1918, they have been caring for the children of the country. The distribution of clothing has taken them into all parts of Poland.

They are now spending their entire time in arranging for the feeding of children this winter. Groups of them travel to strategic centers in outlying districts where they set up distributing stations, receive supplies, prepare meals, arrange for impartial distribution and train helpers to continue the work when they are sent on to the next town.

Wanted—Lard pails. We will pay for our pails, 15c for 5 pound and 20c for 10 pound pails. All other pails 10c for 5 pound and 15c for 10 pound. Pails must have covers, be clean and free from rust.—City Meat Market.

Salmon Valley Ranch Registered Shorthorn Cattle

There has been no time in the past ten years that a herd of pure bred shorthorns could be established to as good advantage as at the present time. Cattle values are at the low point and are bound to advance as soon as financial conditions improve. Two or three really high-class heifers safe in calf to a sire of outstanding merit will lay the foundation for a herd that in a few years will be worth many thousands of dollars.

We have for sale now some candy big rugged range bulls coming two years old, reds and roans, and some choice red heifers that will calve in March and April to our great white bull Oakwood Sultan. We have raised one crop of calves by this bull and are more than ever convinced that he is one of the greatest sires ever brought to the northwest. Our cattle are all Federal tuberculin tested. We will make you a price on one or a carload, either bulls or heifers in line with the present low prices for common cattle. Our fourth annual sale will be held on March 2nd.
