## "The Powder and the Match"

Lecture Classic to Be Heard at Chautauqua on Third Night

Judge George D. Alden, formerly eminent jurist of Massachusetts, is peculiarly fitted through long experience with human nature, as seen from the bench, to discuss the most vital problems confronting our present day citizenship. He will lecture at Chautauqua on the third night, giving his classic of the lecture platform, "The Powder and the Match." This lecture was publicly endorsed by none other than President Harding a few years ago as one of the finest and most inspiring addresses of the day. He is one of the most popular platform speakers in the country.

## WORK PROGRESSING RAPIDLY ON \$45,000 SCHOOL

Work on the new \$45,000 school in Challis is progressing nicely. The excavating has long since been completed and the foundation is laid. The carpenters are now at work laying the floors and the stone masons are steadily piling up the white rock from the Challis quarry which will be used in the walls. Each rock has its own distinctive markings and the building when completed, will be one of the handsomest school buildings in the State.
