## STATUS OF CHINESE AFFAIRS IN BED FOR YEARS

MANCHURIA, NOT TIENSIN

The Danger Point in the Negotiations

—Powers Will Not Stand for Russia's Grasping Disposition—Will Make a Protest.

New York, March 19.—According to advices received from Washington, the diplomatists say that Manchuria and not Tientsin is the danger point to the Chinese situation. These gentlemen assert that Great Britain, Japan and Germany have given Russia to understand that they will regard with disfavor the signing of the Manchuria convention.

It is further stated that if the convention is signed a vigorous protest will be made by these powers, and should this not be effective more effective measures will be taken. It is well understood here that the conflict between the powers will precipitate the dismemberment of China, which the president and Secretary Hay are trying to prevent. Great Britain, Germany and Japan are suspicious of the St. Petersburg government, notwithstanding its protestations of good faith, and that government, it is believed, will abandon the convention with China rather than engage in war.

It is stated that the only danger in the situation at Tientsin lies in the antipathy of the British and Russian troops for each other. The London and St. Petersburg governments, however, it was said, will not allow any clash to occur in that part of China that might involve the two countries in war.

Both Sides to Withdraw.

London, March 19.—On the highest official authority the Associated Press is authorized to announce that the difficulty at Tientsin between the Russians and British over the construction of a railroad siding in territory claimed by both probably will be solved by the withdrawal of both the British and Russian troops from the ground in dispute.

Explosion of Chemicals.

Cleveland, March 19.—A terrific explosion of chemicals in the laboratory of the National Carbor works partially wrecked the large brick building. Fire broke out immediately after the explosion, but was soon extinguished. Two men were caught under the debris. Both were rescued without serious injury. Loss, \$70,000, partially covered by insurance.

A Strong Man's Secret.

One of the strongest men recently stated that the secret of his wonderful power was perfect digestion. Hostetter's Stomach Bitters makes digestion perfect, and cures all complaints arising from a weak stomach, such as indigestion, biliousness and all liver and kidney ailments. As a blood purifier and nerve tonic it is marvelous. It is recommended by physicians, and sold by every druggist in the country. Try it also for malaria fever, and ague.

## Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seal, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and burst. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

**SSS** makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula.

It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

## A VERY PROMINENT MAN

Owes Health and Happiness to Pe-ru-na.

Congressman Howard from Alabama.

Washington, Feb. 4th, 1899. Pe-ru-na Drug Mfg Co., Columbus, O.: Gentlemen—I have taken Pe-ru-na now for two weeks, and find I am very much relieved. I feel that my cure will be permanent. I have also taken it for the grippe, and I take pleasure in recommending Pe-ru-na as an excellent remedy to all fellow sufferers.

Very respectfully, M. W. Howard. Congressman Howard's home address is Fort Payne, Ala.

Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well-nigh universal; almost omnipresent. Pe-ru-na is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, to cure colds, is to cheat catarrh out of its victims. Address Dr. Hartman, Columbus, O., for a free catarrh book.

**BIG FIRE AT ST. LOUIS.**

Flames Spread Over a Territory Embracing Twelve Blocks.

St. Louis, Mo., March 19.—A fire originated in the icehouse of the Lemp Brewing company, or that of the Anheuser-Busch Brewing company, at the foot of Cherokee street, and, fanned by a stiff breeze, spread over a territory bounded by Zepp street on the south to Arsenal on the north, De Kalb on the west and the river on the east. This territory of six blocks long and two wide is covered by dwellings, lumber yards and repair shops, etc. From the icehouses, which were destroyed, the flames spread to a row of flats a block long on the east side of De Kalb street. These were consumed, with several lumber yards to the north. The lumber yard and the repair shop of the American Car Foundry company went up in flames next, and the United States arsenal, containing quarter-master's supplies, followed. A general alarm was turned in, but little could be done to stop the spread of the flames, which threatened the bottling and shipping buildings and cars of the Anheuser-Busch Brewing company.

The fire burned property estimated in value at \$1,000,000, between Zepp street and Utah street on the south and north and Kosciuszko street on the west to the river. The stone wall at the arsenal stopped the spread of the fire northward.

**Found Dead in His Own Hotel.**

Vancouver, B. C., March 18.—A special from Nanaimo says that Arthur Bullock, a capitalist, was found dead in his room in the Queen's hotel. The hotel was his own property and it was Bullock's custom, when retiring, to leave orders that on no consideration should he be disturbed. He was last seen on Tuesday, and it was not until today that his door was forced open. He had probably been dead three days when found. Bullock had formerly been teller in a Los Angeles bank and was highly connected in England.

**Fought a Duel.**

Paris, March 18.—In the duel fought between Count Boni de Castellane and M. de Rodays the latter was wounded in the thigh.

La Liberté says M. de Rodays was hit in the right thigh at the first exchange of shots. Count de Castellane was not injured. The duel was then stopped. M. de Rodays, whose wound was in the lower fleshy part of the thigh bled abundantly, but is not seriously wounded.

## Indian Attempted Suicide.

Lewiston, March 18.—John Poscow, a well known Nez Perce Indian, attempted to commit suicide at Spalding by shooting himself in the side. It is believed the bullet entered the abdomen and will prove fatal. Wounded pride resulting from a refusal of a friend to loan him money is said to be the cause of the act.

Philadelphia, March 18.—In the six days' go as you please race of the 23 original starters only 13 finished. Glick won by six miles, with Barnes, the 60 year old G. A. R. pedestrian, second. Hegelman, who was ordered off the track by the police surgeon was wheeled around the track in a rolling chair. He had made 375 miles. The final score: Glick, 485 miles; Barnes, 479; Tracy, 465; Cavanaugh, 451; Dean, 400; Golden, 392; Hart, 314; Clifford, 300; Shield, 295; Lustin, 266; McTague, 238; Noremac, 230; Wintash, 169.

John Frederick Dovey, an Englishman, had been idle in Pittsburg for some time, and being unable to get work of any kind enlisted in the United States navy. Half an hour after being sworn in he received word that he and nine relatives were heirs to a fortune of some \$40,000,000 left to them in England by a man of whom he had never heard. Another heir lives in Chester, Pa., and a third in Monongahela City.

Colonel Cornelius Gardner, who is to be governor of the province of Tabayas, in southern Luzon, is a native of Michigan and was graduated from West Point in 1873. As a lieutenant he fought the Arapahoes and the northern Cheyennes in Nebraska and Kansas before the battle of Republican river, at which Colonel Lewis was killed.
