The buggy man returned Monday—

Joslyn, the blacksmith, has purchased an elegant Earhoff organ of Erb & Co. This old reliable music firm is doing a fine business here simply because they sell instruments on their merits and on the easy payment plan.

No line of paints, oils, varnishes, hard oil finish, stains, fillers or builder material on the prairie compares with ours. The Yellow Front, opposite P. O.

The business of the St. Albert hotel has increased to such an extent that "Pa" Rooke has found it necessary to employ another girl, making three in all. This is another evidence that a good enterprising man will come to the front.

Hon. Peter Triesch, formerly representative of Nez Perce county, was in the city the fore part of the week in the interest of the Lewiston Daily Tribune. We wish Mr. Triesch success as his paper surely merits it. There is no better daily paper coming to this section than the Tribune.

H. & H. HARDWARE CO., Grangeville, Id.

Jim Moore last Monday took to Lewiston for shipment to Seattle 20 head of the finest horses Camas Prairie has ever produced, which means that no finer animals ever walked. Their weights ranged from 1300 to 1500 pounds and their build, without exception, was magnificent.

Grangeville's most enterprising merchants, the H. & H. Hardware Co., will have the largest car of windows and doors ever shipped to the prairie about June 1st. This was bought before the recent advances and will be sold very low as they want their customers to share the gain on their good buy. Don't fail to see them.

During his stay here Mr. Procter made arrangements to have the Cottonwood Hotel remodeled to a great extent preparatory to its occupancy by a Seattle party. Jake Woodring will tear off the old porch and put on a new one, besides doing a large amount of work on the inside. Ed Ogan will paint and re-paper the entire upstairs and some below, and altogether the building will be fixed up in fine shape.

The case of Schneider vs. Stephens came up before a jury in Justice Wolbert's court room Saturday. It seems that Schneider's cattle broke down Stephens' fence and got into his field, whereupon Stephens went to Schneider's house and remonstrated with him severely. Schneider seized a club and immediately drove Stephens off his ranch and then swore out a warrant for his (Stephens') arrest on the charge of assault. Stephens was found not guilty and Schneider was fined the costs.

A heavy thunder shower broke up what promised to be the ball game of the season at Grangeville Sunday in the fourth inning. Despite the fact that the Grangeville team was ahead it is generally conceded that our boys hadn't lost the game by any means, as anyone not blind could see that the Cottonwood team, in spite of being handicapped in ways not necessary to tell anyone who saw the game, (and, as we are not kickers, we will not mention them) stood a very good show of proving to the people that Cottonwood has the best ball team on the prairie. Several changes which would have materially altered the course of the game (and which would have given our boys an even break) were just about to be made when the rain intervened. The Grangeville boys are princes in the way they use visiting teams and when they come over here on Sunday, June 9th, Cottonwood will show them how we appreciate the good treatment received.
