The prune crop around Payette, it is feared, is a total loss, and the damage in that vicinity is placed at \$50,000.

It is reported that horse mange has appeared among the herds of the reservation and the Craig mountain country, and that a number of animals are dying as a result of the disease. It is claimed the disease was brought to the reserve by Indian horses from Umatilla county, Ore.—Genesee News.

During the past few weeks linseed oil has rapidly advanced in price. In discussing the matter Mr. Eaves, of the Vellner-Clearwater company, said: "The advance is due to the cornering of the old flax crop, and the quotations on the maturing crop do not indicate the high price that is suggested by the linseed oil quotations. The flax quotations now indicate that from \$1.05 to \$1.10 will be realized for flax here."—Tribune.

Miss Susie Weisgerber, daughter of Chris Weisgerber, of Lewiston, was drowned on July 6th. She was boat riding in the eddy back of the brewery with Miss Mumie Heitfeld when the boat drifted over a riffle toward the current. Miss Weisgerber attempted to walk ashore but failed. A reward of \$500 has been offered by Mrs. Weisgerber for the recovery of the body. Telegraphic dispatches were sent to the father, who is at the Pan-American exposition.

Secretary A. K. Hicks returned Saturday from Boston where he attended the Jubilee convention of the Y. M. C. A. Mr. Hicks brought with him the cheering information that Miss Helen Miller Gould will present the Y. M. C. A. here with a valuable library of over a thousand volumes. Miss Gould gave Mr. Hicks this information while at Boston. The library will consist of the best works on science, history, biography, etc., and the best novels.—Pocatello Advance.

A contract has been let to install an electric light plant at the penitentiary and work has been commenced on the same. The plans for the present are for six arc lights and some 200 incandescents, one of the latter in each cell. The warden's residence will also be connected. It is to be a complete, up-to-date plant of the capacity to properly light all the present buildings as well as the new ones under construction. The necessity for an individual plant has long been felt. The most modern appliances have been decided upon, thus giving every advantage possible.—Caldwell News.

Lewiston, July 7.—W. A. Stevens, foreman of the mining syndicate's operations at Buffalo Hump, arrived from the camp last night and left this morning for Spokane. Mr. Stevens states that there are now 20 men employed in the Vesuvius, and that during the past five months, since work was resumed, about 200 feet of drift had been run, principally from the 200 foot level. He also stated that there was nothing new to report in the camp. There are still evidences of winter to be seen in the Buffalo Hump, the snow still lying to a depth of six or seven feet in places. The best showing now made in the camp is in the Jumbo, which has a large body of ore with values ranging from \$28 to \$30 a ton. The ore is very similar to that of the Big Buffalo.

Grangeville, July 5.—Preliminary examination of Philip Quinliak of Salmon river was held here Wednesday evening on a charge of assault with a deadly weapon on Seth Jones and wife about two weeks ago. Quinliak was held for trial with bonds fixed at \$500.

The evidence of the prosecution showed that Quinliak rode to Jones' place and required Jones and his wife to ride in front of him to Brust's place, five miles away, to ascertain whether Jones had been making statements against him. Quinliak during the ride kept the muzzle of a rifle pointed at Jones' back. On arrival at Brust's, Jones succeeded in escaping from Quinliak, and, riding to Grangeville, swore out a warrant. Quinliak refused to call any witnesses, and it is not known what line the defense will take.

A pitched battle has been fought at Shen Yang, in which the natives defeated the Mohammedans. General Tung Fu Sian, it is reported, is attacking Chinese converts in Shansi province.

Helena, July 3.—Train No. 3 on the Great Northern, westbound, was held up about 2:20 this afternoon near Wagner, not far from Great Falls, by three masked men. They blew the express car to pieces with dynamite, tearing off the roof and sides down to the floor, and then forced the express messenger to open his way safe, but it was empty. Without asking him to open the through safe, to which he

did not have the combination, they shattered it with dynamite and secured the contents. It is reported the loot was \$30,000, but this can not be verified. The robbers escaped after wounding 3 persons.

Manila, July 6.—The forces of the insurgent leader Bellarmino which recently have been operating around Donsol, province of Sorogon, were driven across the mountain by the Second infantry and finally captured by the Sixth cavalry. Bellarmino, with 1000 men and 214 guns, surrendered to Colonel Wint at Albay, capital of the province of that name. One hundred more rifles will be surrendered tomorrow.
