Clay Robbins has accepted a position with W. E. Travis as stage driver between here and Lewiston and if the horses hold out Clay will come as near to getting in on schedule time as the next person.

Smith, the cigar man, was in the city Saturday and Sunday. He is introducing a new line of five cent cigars, the General Sullivan, and they are bound to make a hit because it is impossible to get a better smoke for a nickel.

The Westlake mill company yesterday received from Webster & Wright their spouting, etc. and will start their mill immediately. Half the year they will run by steam and the other half by water power. Capacity 80 barrels.

There are several boys fixing to get themselves into trouble in this town. The people will stand their senseless pranks for some time but the boys have come to the end of their rope. Uprooting barber poles and piling rubbish on the sidewalks for people to fall over is a pastime that must be stopped.

Take notice that I have taken into my possession and claim as mine the bay sorrel mare, 4 years old, left by a person unknown in the stable of Joseph Uigruud, near Keuterville, on July 27, 1901.

Every time we go to Westlake we notice new buildings and other improvements under way. There are now in course of construction three new buildings, one of which is a blacksmith shop. Mr. Putman, the merchant, has added a large line of furniture to his stock and all the citizens impress one with their energy, enterprise and faith in Westlake.

For the first time in its history Webster & Wright's sash and door factory has been compelled to shut down. It stopped work last Tuesday on account of lack of water. This is in every way an exemplary mill and contains machinery seldom equalled in larger cities. Manager Wright, with his usual courtesy, showed us over the plant and explained the various saws, planers, lathes, etc. but to enumerate everything of interest would require the whole paper. It is undoubtedly a plant that Cottonwood can be proud of.

The Messrs. Charles Crawford, Clay Robbins, Arthur Anderson, Jas. and Wm. Rooke and Jos. Rustemeyer attended the ball at Nespeere last Friday night. They were accorded fine treatment by the Nespeereers, which was duly appreciated. Quite a number of people from the other side of the prairie are talking of coming to the Maccabee dance here next Friday.

Henry Rabelle, of Cottonwood, has sent a dozen large apples to be placed on display at the fair. They resemble the Spitzenburg variety in color. J. A citizens' meeting was held Tuesday evening in Schiller & Simon's harness shop and the subject of incorporation was discussed at great length. Several important questions necessitating legal advice were brought before the meeting and after some argument an adjournment was taken until this evening. The meeting will be held this evening in the old Bargain Store building just east of the Elite saloon and will be called at 7:30 o'clock sharp. Every citizen should be present and assist in getting our town incorporated. All questions will be discussed and settled this evening and definite arrangements will be
