

Difficult Digestion

is dyspepsia makes life miserable. sufferers eat not because they are hungry—but simply because they are not.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy flesh, headache, heartburn and indigestion.

Hood's Sarsaparilla cured Joseph F. Laine, of Louisville, Ky., who writes: "I was troubled with dyspepsia for a number of years and medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla and I did and it put my bowels in perfect order, gave me strength and energy and I now feel like a new person."

Hood's Sarsaparilla promises to cure and keep the disease. Beware of substitutes. Hood's and only Hood's.

STRIKERS WERE DEFIANT

OBEDIENCE ORDER OF THE COURT.

400 Men Are in Camp Near Coal Mines in Providence, Ky.—Judge Hall Calls on Militia to Execute His Orders—Serious Trouble Looked For.

Madisonville, Ky., Nov. 24.—The striking union miners continue defiant and remain under arms in their camp near the Providence coal mines. Judge Hall calls on the militia to execute his orders—serious trouble looked for. The strikers are in camp in larger numbers than before. Notwithstanding that the time limit of Judge Hall's order that the camp should be disbanded and moved out of the county has expired. This refusal to heed the order of the court is based upon the advice of W. Yost of Greenville, chief counsel for the strikers. Yost and Wood are in the camp in their talk, and declare that the court's order was a farce, illegal and issued without authority.

When the Associated Press correspondent visited the camp the strikers were eating breakfast. More than 200 were assembled in the camp, with probably more than a hundred in the vicinity. There were four large canvas tents, the lodging capacity of which is about 200. There is much speculation about the reception of the militia when they march to the camp to make effective Judge Hall's order. There is no change in the determination to have his order executed. After conferring with General Murray, on his return from the camp, Judge Hall made the following statement:

"There has been no change in my determination to disperse the camp, and the orders have been given General Murray so that he may get his men in readiness to meet the emergency in such manner as his discretion may suggest. I would suppose that the increased number of men in the camp, with their continued hostile demonstrations, would require great precaution in General Murray's preparations, all of which are left entirely to him, and will necessarily cause some delay."

General Murray began at once the making of plans for carrying out the orders, and intimated tonight that he would act soon. There is a rumor, not confirmed by General Murray, that the soldiers will be sent to the camp at 6 o'clock tomorrow, and that in the event the campers do not disperse their tents will be destroyed and the inmates ordered to disband. The squad of 25 soldiers stationed at Providence guarding the Providence Coal company's property, have not been ordered to Madisonville.

Madisonville, Ky., Nov. 25.—The famous camp of the striking miners, a quarter of a mile south of Nortonville, in the southern part of the county, is still standing.

There is nothing left to mark the rendezvous of those who defied the officers and even the courts, and gave the state and county authorities so much trouble during the past two months, save ash heaps and the usual marks of debris, incident to camp life. All of the campers on which the sun rose this morning, with the exception of a few who escaped the officers, are prisoners behind the bars of the county jail, charged by County Judge Hall with a "breach of the peace, unlawfully assembling and banding together, thereby making the camp a menace and terror to the public peace."

The four large tents, with all the camp paraphernalia, were captured today and brought in with the prisoners.

Gilbert Won Republic Cup.

St. Louis, Mo., Nov. 24.—Fred Gilbert of Spirit Lake, Iowa, won and now owns the Republic cup, emblematic of the live bird championship of the world. In a match with J. A. R. Elliott of Kansas City Frank Parmelee of Omaha and Guy Burnside of Knoxville, Tenn., all previous holders of the cup, Mr. Gilbert killed 45 out of 40 birds.

Prepare for Coronation.

London, Nov. 25.—Active preparations are on foot for the coronation of King Edward. The duke of Norfolk, hereditary grand marshal and premier duke and earl, summoned the well known London costume makers to Norfolk house where, spread out on wicker frames, were specimens of the robes to be worn by the peers and peeresses at next year's great function. This inspection, which was superintended by the duke, was to enable the costumers to get the exact tint of lap crimplon velvet, the position of the miniver and ermine and other details for the all important making of the robes, upon which work will now be started in earnest.

The British museum has been besieged by those who are searching for records for notes of the dresses and regulations of previous coronations.

Queen Alexandra has ordered from Delhi a quantity of the finest embroidery for which the former capital of India is so famous, and which will adorn her majesty's robes at the coronation ceremonies. This action, which has produced the greatest satisfaction in India, is due to the good offices of the vicereine, who, when in England recently, showed the queen some priceless Delhi embroidery, and so stimulated royal interest as to cause the present order to be given.

Gov. Taft Is Better.

Washington, Nov. 24.—A cablegram has been received from Acting Governor Wright at Manila in which he says that Governor Taft is improving, but probably will be incapacitated for four weeks or more. At the end of that time the physicians say it will be advisable for Governor Taft to seek a change of climate for a few weeks in which to recuperate.

Studebaker Is Dying.

South Bend, Ind., Nov. 25.—Clement Studebaker, Sr., is gradually failing, though he may survive several days. He is perfectly rational, talks some and takes nourishment, but the end seems near.

PISO'S CURE FOR CONSUMPTION

The old yacht America, which first brought the cup to this side of the Atlantic, is still in service, and was among the fleet of spectators of the last races.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
