### A GREAT SUCCESS SOCIALLY.

The anniversary ball given here last Friday night by the K. P. lodge is said by many to have been the best socially of any dance given here for years. Some 50 numbers were sold and Grangeville, Denver, Keuterville, Westlake, Ferdinand, Greencreek and Cottonwood were all well represented. A fine supper was served at the St. Albert hotel and dancing was continued until 4 o'clock Saturday morning. The K. P's. were voted royal entertainers by all who attended the dance and we are told that this was the largest crowd of all good dancers that has ever congregated here.

### CALF WITH A RABBIT HEAD.

A large crowd of people viewed a freak of nature here Saturday in the shape of a one-legged calf with a head like a rabbit which one of the Denham boys was taking home to his farm near Keuterville. The calf, which was born in a pasture near here, had one perfect hind leg and two short front legs, each about 5 or 6 inches long. One had a small foot resembling a rabbit foot and the other

had neither foot nor hoof. The calf's nose was round and the lips full making its head resemble that of a rabbit much more than that of a calf. It looked quite strong in spite of its odd condition and with proper care might live to occupy a place in a freak museum.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by Clarke's Drug Store.
