To The Public.

I wish to announce that I have purchased the sawmill formerly owned by John Hoene, 2 miles southwest of Keuterville, and am in position to give you good figures on your lumber needs. I have about 400,000 feet of seasoned lumber, the product of the 1906 run, on hand at the mill and will sell it reasonably in order to make room for the lumber I expect to saw this spring. If you contemplate building this year let me quote you prices and figure on your order. All lumber is as good as the best to be had here and roads to the mill are in fine shape now for hauling. Give me a trial. Can deliver lumber anywhere on the prairie at reasonable rates.
