**The Poet's Lighting.**  
Samuel Rogers gave a dinner and had the room decorated with candles placed high up in order to show off the pictures, says T. P.'s London Weekly. At dinner he asked Sydney Smith how he liked the plan. "Not at all," he replied. "Above there is a blaze of light and below nothing but darkness and gnashing of teeth."

**Deduction.**  
"How can you tell that the conductor is married?" gasped the diminutive man.

"Didn't you hear the way that wo man roared him and he never even batted an eyelash?" retorted the great detective.—Buffalo Express.

**Siam.**  
The name "Siam" is supposed by some pretty good authorities to be derived from a Malay word, "sajam," brown. Both Siamese and Shans call themselves "Thal"—that is, "the free."

**A Real Want.**  
Clerk—This is the best burglar alarm made. The burglar no sooner enters the house than it alarms the residents. Customer—Haven't you got one that will alarm the burglar?—Exchange.

**Hardly Ever.**  
"Mamma, is 'man' a noun?"  
"Yes, my dear."  
"A proper noun?"  
"Hardly ever, dear."—Houston Post.

### DEERING IDEAL BINDER—

The Deering New Ideal binder represents the highest development of harvesting machine manufacture. It is built for hard work. You can't buy a better binder.

The features of the Deering New Ideal binder are: a strong main frame for a foundation, a 10-inch main wheel to give tractive power, ball and roller bearings on all important journals to make a smooth running machine. If it is necessary to tilt the binder low, the Deering cutter bar will do successful work. All grain can be brought to the knife with the Deering reel because it has sufficient range of adjustment. The very best tempered steel knives are supplied. New Ideal dividers will separate grain whether it is tangled or straight. When not in use, they fold out of the way. The binder shifter lever, the reel lever, the tilting lever and butt adjuster lever are all placed in front of the driver, making them much more convenient. These are some of the features of the modern Deering grain binder which will interest you. But they are not all. The machine has many other features which we will be glad to explain to you next time you are in town. You will appreciate what this machine can do for you when you see it. Ask for a catalogue which explains all details.

**HOENE HARDWARE**

**I DO NOT** claim that my harness is the VERY BEST on the market but I DO claim that it is the BEST that can be made from No. 1 leather by FIRST CLASS workmen. My harness is not factory made. Every piece that goes into its construction is made at home. Patronize home industry.
