50c to \$10.00 per Pair

Cottonwood Mercantile Company

Will and Frank Simon went to Lewiston Wednesday morning after two more Dodge cars for the Cottonwood Hardware company.

J. F. Jenny sold a fine team to a horse buyer late last week and we understand several other animals were picked up in this vicinity.

B. A. Miller was in town Monday from Winona with a big load of fat hogs which he sold to local dealers.

Mrs. Mike Seubert returned Saturday from Clarkston where she had been visiting at the Tony Aichlmayr home for several days.

WANTED.—To do plain and fancy sewing at my home, Brust house on King street.

Miss Stricker.

It is rather a puzzle as to which is the most scarce in Cottonwood—houses to rent or girls to hire for housework.

R. A. Nims purchased the Pastime pool hall Saturday from W. W. Caldwell and the latter is now tending bar for S. J. Peterson.

Notice to Germans

A meeting is hereby called for Sunday afternoon at 2 o'clock at the K. C. hall when an attempt will be made to organize a German singing society. All interested in the movement are asked to be present.

B. L. Hussman.

Emancipation of Minor

Notice is hereby given that I have given my son, Henry Betz, his time and will not be responsible for any debts he may contract after this date, nor will I collect any monies due him.

Dated this 19th day of October, 1915. CHAS. BETZ.

Methodist Church Notes.

F. Arthur Grunewald, Pastor.

PERSONAL MENTION

Interesting Items from in and around Cottonwood.

FRIDAY, OCT. 29, 1915.

Sister Martha, who had been suffering for some time from cancer, died Tuesday and was buried in the Convent cemetery southwest of town Wednesday morning.

Lee Kelly, of the upper Salmon river country, drove about ninety head of Hereford cows and calves through town Saturday enroute to his ranch. The cattle were picked up in the Potlatch country.

John Seger was in town Tuesday from Winona, having brought his brother-in-law, Fred Duensing, in that morning to take the train for Iowa. Mr. Duensing had been visiting the exposition at San Francisco and dropped off here to visit relatives for a few days before going east.

G. F. McKinney brought up a new Dodge car from Lewiston Monday afternoon and sold it the next day to B. A. Miller, of Winona. Mr. Miller realizes the convenience of having a car on the farm and he and his family will derive a great deal of pleasure from their new possession.

W. B. Hussman closed a deal Saturday for the purchase of all of the machinery in the old Wright planing mill, consisting of an engine and boiler and about fifteen other pieces of machinery, and will soon move it to his lumber yard in the west end of town where he intends erecting a large building later to receive it. The machinery was secured at a very low figure and now gives him one of the most complete planing and wood working plants on top of the mountain.

Editor Wimer, of the Chronicle, drove over in his new Buick six Saturday and spent several hours in the city on business. Mr. Wimer has the distinction of being the first editor of a weekly paper in North Idaho to possess a car and must be enjoying his share of prosperity.—Grangeville Free Press.

Probably no more prosperity, Bro. Wisener, than many other Idaho editors are enjoying, but an ability to pass up some of the daily "necessities" of the average printer in order to enjoy a few of the better luxuries.

L. N. Cearley, of Greenleaf, joined the list of Chronicle readers last Friday.

Dr. and Mrs. Orr and Dr. Mrs. Stockton, of Grangeville, attended the auto races at Lewiston Sunday, returning home the next day.

B. VonTersch, of near Ferdinand, purchased a residence property 1 1/4 acres in Clarkston last week for \$2500 and will make his home there.

Mr. and Mrs. John Hoene, and Mrs. F. S. Wimer and Giezentanner made up an auto party which took in the auto races at Lewiston Sunday, returning home that evening.

Fred Simon and family returned Sunday afternoon from their trip to Lewiston, Spokane and other points in the Palouse country and were glad to get back to the prairie again. Fred said there has been quite a lot of rain up in the Palouse country and the roads were decidedly bad for traveling by auto.

So far this fall there has not been a sale held in this locality, but they have been coming thick and fast on Nezperce prairie and Grangeville. We are inclined to believe that this speaks well for the part of the country, as people are evidently well satisfied and do not care to make any changes.

I. H. Jorgens, a prosperous farmer of the Nezperce section, was in the city on business Monday, also delivered two pure bred Shorthorn bull calves here Tuesday. Charles Holt, of the upper Salmon river country. Mr. Jorgens has a herd of about 45 registered Shorthorns and intends going into the grade of stock quite extensively.

Mr. and Mrs. P. N. Huff brought in a sack of potatoes Monday to the Parker store from the ranch east of Greenleaf that were beauties, and no mistake. Fifty the "spuds" filled an oat sack full it had to be sewed and weighed 125 pounds, an average of 2 1/2 pounds per spud. Mr. Parker has a unique display of the tubers in his show window, using them to spell the word IDAHO, and they attracted quite a lot of attention from the passers-by.

DE LAVAL Cream Separators are time tested

IN THE LAST TEN OR FIFTEEN years there have been dozens of cream separators come on the market which claimed to be "world beaters". But they couldn't make good in the hands of the users and one by one they have dropped out of sight.

THEIR OWNERS WERE willing to take a risk, and they lost.

IF YOU BUY A DE LAVAL from us you run no risk of dissatisfaction or loss. It's time tested and time proven. Why experiment? What's the use of taking chances with a

machine you don't know much about, or an inferior machine, when you know that the De Laval is recognized everywhere as the "World's Standard"?

MORE THAN THIRTY-FIVE years of experiments and experience have made the De Laval pre-eminently the best machine on the market for the separation of cream.

IF YOU HAVE NO SEPARATOR now, or an inferior one, we can sell you a De Laval on such terms that it will pay for itself while you are using it.

JOHN HOENE

COTTONWOOD,
