

SILO MATERIAL

Silo Material For Every Kind of Silo

No matter what kind of a silo you may want, whether one of our EUREKAS or a home made silo of some kind, we have just the material you need for this work. We know of no better silo than the EUREKA or we wouldn't make it, but for those who want to build their own silo we have worked out a plan by which they can build their silo. All you have to buy is the material and you can build it yourself. Drop in next time you're in town and let us show you this plan.

School Notes

Bettie South has withdrawn from school to help at home.

The Physics class received their first lesson on current electricity Thursday.

The literary program today was a negro affair. All selections were along that line.

Mrs. Frank Simon, Mrs. E. L. Parker, Mrs. Thos. Parker and Mrs. Nims visited school this week.

Mrs. L. D. Farmin, of Sandpoint, visited the high school on Tuesday afternoon in the interests of the W. C. T. U.

Practically all of the high school seats have now been repaired. The tops were scraped and re-varnished by the manual training boys.

The high school base ball team expects to play Ferdinand at that place on Saturday, April 1st, if the weather permits. They also have games with Grangeville and Fenn.

County Superintendent J. J. Staley was unable to appear on the Parent-Teachers' program at the high school today and Prof. Wooster, of the Lewiston normal, kindly consented to take his place. The meeting will be at the K. C. hall tonight at 8 o'clock. The program will be free and all are invited to attend.

Mrs. Puthoff Succumbs to Operation

Mrs. W. F. Orr received the sad news by telegram this morning of the death last evening of Mrs. Frank Puthoff at the Sacred Heart hospital in Spokane. Mr. and Mrs. Puthoff and Dr. Orr left Wednesday morning for Spokane where the lady was to undergo a very serious operation yesterday and the supposition is that she was unable to withstand the shock of the operation and passed away last evening about seven o'clock. The remains will be brought home on tonight's train. No arrangements for the funeral have as yet been made.

T. O. Green, the Lewiston Tribune representative, is in the city today.

Mr. and Mrs. H. Moynagh were visitors in the city last night and this morning from their home beyond Greencreek.

A dainty baby daughter was born Wednesday to Mr. and Mrs. Joseph W. Arnzen, of Greencreek. Dr. Shinnick was in attendance.

The little son of Adolph Hinkelman was brought to town the first of the week and Dr. Turner removed a small particle from the child's eye.

Jim Rooke came out from across the river this week, having made the trip down to Lewiston Wednesday on the boat and then home by train. Jim said the Snake was running pretty high and lots of drift wood running and he don't consider the trip a pleasure ride by any means. The boat was tossed around like a chip and water came in from either side when they struck rough going. He doesn't care to repeat the experience for some time.

Miss Minnie Lange, who has been a loyal member of the Chronicle force for the past six years, will sever her connection with the paper after this week and her place will be taken by Miss Vera Sasse, of Ferdinand. Miss Lange finds the close confinement more than her health can stand at present and will take a lengthy and much needed vacation. That we hate to lose her from the force goes without saying, as she has become almost a necessary fixture here, and we sincerely hope she may soon regain her former health and that whatever occupation she may take up in future may prove more congenial than the daily grind in a country print shop.

Think It Over

THE man who not only keeps pace with the times, but just a little ahead of 'em, sticks out from the bunch like a large wart on a small pickle.

—Service.

Be like the large wart. Order your Spring Suit now and have it here for Easter.

In Other Words---

Develop your **Push** and your **Pull** will take care of itself!

Always Have It For Less

Notice for Publication (Isolated Tract.)

Public Land Sale. Department of the Interior, U. S. Land Office at Lewiston, Idaho, February 25th, 1916. Notice is hereby given that, as directed by the Commissioner of the General Land Office, under provisions of Sec. 2455, R. S., pursuant to the application of

ERNEST D. LEMONS, Serial No. 06276, we will offer for sale, to the highest bidder, but at not less than \$2.00 per acre, at 10:30 o'clock A. M., on the 20th day of April, next, at this office, the following tract of land: S1/2 NW1/4 Sec. 33, S1/2 NW1/4 Sec. 34, T. 30 N., R. 3 W., B. M.

This tract is ordered into the market on a showing that the greater portion thereof is mountainous or too rough for cultivation. The sale will not be kept open, but will be declared closed when those present at the hour named have ceased bidding. The person making the highest bid will be required to immediately pay to the Receiver the amount thereof. Any persons claiming adversely the above-described land are advised to file their claims, or objections, on or before the time designated for sale.

3-17 HENRY HEITFELD, Register. BLAIR E. HOAR, Receiver.

Rank Foolishness
You occasionally see it stated that colds do not result from cold weather. That is rank foolishness. Were it true colds would be as prevalent in midsummer as in midwinter. The microbe that causes colds flourishes in damp, cold weather. To get rid of a cold take Chamberlain's Cough Remedy. It is effective and is highly recommended by people who have used it for many years as occasion required, and know its real value. Obtainable everywhere.

At a recent meeting of the Cottonwood Highway District board in this city Frank Forsmann, Mike Schwartz, Martin Witter and John Brocke were appointed road overseers for the district and work on the roads will no doubt be commenced as soon as the weather settles.
