Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.

Dry 16 in. slab wood, piled up, \$1.25 per cord. Kriegers Mill.

The Farmers Union Warehouse company shipped five carloads of fat hogs to the Spokane market Tuesday morning.

Frank Enneking and John Nuttmann each delivered a carload of fat beef cattle to John Baer at this place Monday for shipment to the coast. The cattle were a nice bunch and commanded top market prices.

H. G. Sasse, editor of the Ferdinand Enterprise, and J. A. Bushue, leading merchant at that place, were Cottonwood visitors for a few minutes Saturday afternoon, having motored over from Burton L. French from that place.

Our Tip Top flour is guaranteed to be equal to the best to be had in this country, no matter where it is made, and any sack found unsatisfactory will be cheerfully replaced or your money refunded.

Cottonwood Milling Co.

The three cars of fat cattle purchased the first of the week by John Baer were later turned over to a buyer for Carsteen & Co. who shipped the animals to Whatcom, Wash., where they will be fed in the alfalfa fields until in tip top shape for market.

Rexall and A. D. S. remedies for sale only at the Cottonwood Pharmacy, if not as recommended return them and get your money back.

Mrs. W. A. McMahon was in the city Tuesday on her way home to Boles from a trip to Genesee where she had been called by the death of her little niece.

A team belonging to Theodore Toennis indulged in a spirited run away around town Saturday about noon and was finally rounded up near the slaughter house east of town. The rig was damaged to some extent but nothing else was hurt.

Wilbur Bryant was in town Tuesday from his farm out on the prairie and took out a header box with him for use on the farm. He stated he will soon be ready to start his combined harvester, as the grain in his section is ripening very fast.

Paul Clagstone, secretary of the Northwest Livestock Association, and O. P. Pring were in the city Saturday from Lewiston soliciting memberships to the association to assist in financing the big show next December. They reported loyal support at this place and also at Grangeville.

A couple of swarms of bees have been seen in the city during the past week or so and it is possible that quite a colony of the little honey gatherers have located near this place. If they could be caught and brought under control they might prove a starter for another small industry in this locality.

The weather report for the month of July, as recorded at the Monastery west of town, was as follows: Maximum temperature, 88 degrees on the 12th; minimum, 38 degrees on the 25th. Total precipitation, 2.89 inches. A rainfall of 1.73 inches was recorded on the second, which was the heaviest precipitation recorded in a long time.

PERSONAL MENTION

Interesting Items from in and around Cottonwood.

FRIDAY, AUGUST 4, 1916.

Our Bluestem Patent, a rattling good flour for all the world.

Mr. and Mrs. B. A. Miller were trading in the city Tuesday from near Winona.

SERVICE—is the one thing we can give to each and every one of our customers and still have plenty left. Hussman Lumber Co.

P. A. Gaul and family, F. S. Wimer and family, Aug. Seubert and family and C. W. Nuxoll and family autoed to Waha lake Sunday and spent the day at that attractive resort, returning home by way of Winchester, Ilo and Ferdinand.

Fred Rothlisberg, who resides down Cottonwood creek, delivered 126 head of fat hogs at this place Monday which were sold to the Farmers Union Warehouse company for \$8.75 per hundred pounds and brought their owner a check for about \$2632. This will go a long way to pay for high priced grain fed during the past six months.

August Schroeder delivered a fine bunch of 47 fat hogs to local dealers Monday morning, receiving the fancy price of \$8.85 per hundred for them. The hogs were last November pigs and, while only nine months of age, tipped the beam at 215 pounds each. Mr. Schroeder also sold a carload of fat steers the same day to John Baer. They were three-year-olds and averaged 1250 pounds each and were a fine lot, 26 head in all. The cattle market, however, is weak at present and 6½ cents was all that could be paid for them.

M. T. Farris delivered fat hogs here Monday from Winona.

Kodak finishing neatly done. Cottonwood Studio.

Tip Top flour, the purest and sweetest flour ever made.

The local creamery turned out 789 pounds of golden butter on Monday and will reach close to the 2000 pound mark for the week. This is some record for a new creamery to make the third week after opening for business and we doubt if it can be equalled in the northern part of the state.

Work on the new flour mill for the Farmers Union Warehouse company is progressing nicely and the first story is now up and work progressing on the other stories. The mill machinery will arrive early next month and it is hoped to have the building completed in time to receive it upon its arrival.

T. J. Snyder, who arrived in the city late last week from Weiser, took over the management of the dining room of the Phoenix hotel Tuesday and will operate that popular eating place in future. Mrs. Snyder and two children will soon reach here from Weiser and will assist in making the Phoenix grill one of the most popular eating places on the prairie.

We note by the Nezperce Herald that our old friend and townsman, Vincent Lorang is a candidate on the republican ticket for the office of sheriff of Lewis county. Vincent has also taken unto himself an Oakland six car and thus equipped should be able to round up sufficient votes between now and November 7th to land in office right side up. We hope so, at least.
