Mr. and Mrs. Geo. M. Robertson left Saturday evening by auto for Lewiston, going by way of Nezperce, where they picked up Leo and went on down to the river metropolis to meet their son Jesse, who was returning from taking a short course of study at Portland prior to going into the army.

County Auditor John P. Eimers and J. G. Eimers were in the city Monday from the county seat, the latter having come over to secure a Dodge car from the Cottonwood Hardware company. John said everything was quiet and serene over his way and nothing stirring of an exciting nature.

Charley and Oscar Rhoades were in the city late last week from their homes on Rapid river near Pollock and went on later with Hermie Miller and family by auto to Spokane to take in the fair and enjoy a well earned outing. Charley says it is fully as dry up the river as here and has been a hard summer on stock.

Charlie Clay and family came out late last week from the upper Salmon river country and are visiting with Mrs. Clay's parents, Mr. and Mrs. S. L. Triplett, south of town. Jack Moriarty and Carl Flynn, both prominent cattlemen of the Salmon river country beyond Westlake, returned last week from a trip to Toppenish, Wash., where they purchased a 160-acre irrigated farm and 400 tons of alfalfa hay. We understand they intend shipping some of their cattle to Toppenish this fall to winter them there.

Mrs. E. P. Simmons and little girl and Miss Helen Curless left Tuesday for the east. Mrs. Simmons, who had been visiting her sister, Mrs. Edgar Fry for several months, is returning to her home in St. Louis. Miss Curless will spend a few days with friends at Liberal, Mo., then go to Urbana, Ill., where she will attend the State University during the winter.

Fire of unknown origin destroyed the private garage and auto of Raymond Crea southeast of town Sunday night and also burned his blacksmith shop, a couple of sets of harness and several hundred fence posts. The family was awakened by the flames about 3 o'clock in the morning and the fire had gained such headway that it was impossible to save the property burned. Mr. Crea does not have any idea as to how the fire may have started.

Dr. Harry J. Smith and family were in the city for several hours Saturday from their home at Moscow enroute to Grangeville and took dinner at the J. E. Reilly home. Harry J. is just as enthusiastic a farmer as ever. He now owns a fine tract of farm land near Moscow and is thinking of buying more and may soon shut the dental office for good and retire to the farm. They returned home Monday to close a deal for a big farm near Moscow, trading in their present place on the deal.

E. M. Ehrhardt, president of the Empire National Bank at Lewiston and the German State Bank at this place, was in the city Saturday for a few hours on business and informed us that he had recently acquired the Kuther interest in the Ferdinand State Bank, and at a meeting of the directors of the institution that day had been elected president. Mr. Ehrhardt has been lining up a nice collection of country banks this year with the larger bank at Lewiston and will eventually build up a very strong financial institution there.

A party of local people left Monday morning in several autos on an extended trip into Oregon, going to Portland over the Columbia river highway and then south to Roseburg. The members of the party included L. S. Fortin and wife, C. W. Thompson and wife, H. J. Wasem and family, W. H. Fortin and family, A. E. Lovelace and daughter, Miss Leta, and Miss Bessie Williams. They are going to Roseburg to attend the celebration of the golden wedding anniversary of Mr. and Mrs. L. T. Thompson, parents of C. W. Thompson, Mrs. L. S. Fortin and Mrs. H. G. Chicane, the latter having gone down to Roseburg a couple of weeks ago. Mr. and Mrs. Thompson, Sr., are the parents of eleven children, all of whom expect to be at home to attend the celebration and reunion, with the possible exception of the son who is a member of the aviation corps. Needless to say, the trip and family reunion will be greatly enjoyed by all.

Prices \$3.00 and \$3.50

What do we mean by
HIGH VALUE?

VALUE represents the actual intrinsic return you get for the money you spend.

A \$20.00 suit may lack in value. It's what you get for what you pay that counts. International clothes at any or all prices show the highest value. At \$20 we give the best quality of fabrics and linings and workmanship that \$20.00 can produce. A higher quality goes into our suits at \$25.00 and at \$3.00, but the high Value is still the same. You get all it is possible to give and more by a big margin than anyone else can give you! You can prove this very well yourself if you know anything about fabrics. Take a look at the sort of materials we put into our suits then see what the others do. You needn't be an expert, but if you don't know for certain please take our word for it.

We specialize on High Value and we certainly ought to know.
