### Horse Electrocuted.

A horse belonging to a man working for the Wagner thresher was electrocuted in a peculiar manner at the Curless farm north of town last of the week. As the threshing outfit was moving onto the place the tower of the derrick came into contact with the high power line of the Grangeville Light & Power company and the current was carried down through the pulley and cable to the front of the table where the horse came into contact with the cable and was instantly killed. One of the men was also severely shocked when he attempted to unhitch the team. Had not the horse been killed one or more men would certainly have met a similar fate in attempting to raise the wires over the derrick mast. We understand the owner of the machine reimbursed the laborer for the horse and felt lucky at getting off as easily as they did.

BIGGER AND BETTER THAN EVER

## RAINY WEATHER SIGNS

Little drops of wetness  
Drop on father's head;  
Spoil the parlor carpet,  
Dampen mother's bed;  
Soak off all the plaster,  
With the food it mingles,  
Sign your roof is leaking,  
Sign you need shingles.

IF THIS sets you thinking about your own shingle needs, don't forget that we have an exceptionally fine stock of the best shingles on the market--and that you can find no lower prices than we make. Get our prices on lumber of all kinds.

F.O.B. CHICAGO

### Saves Expense—Pays for Itself

The saving you can make by getting rid of extra horses will pay for Smith Form-a-Truck, and the low cost of operating Smith Form-a-Truck after you have bought it will put real dollars into your pockets steadily.

You can take 25c out of every dollar you are spending for hauling now and figure that this will pay the cost of hauling with Smith Form-a-Truck.

You can plan to go to market with your crops or live stock on the days when the prices are the highest, and add still more to the amount of money Smith Form-a-Truck will save you.

You can figure 12 to 18 miles per gallon of gasoline—6,000 to 9,000 miles per set of tires, and know just about what Smith Form-a-Truck really costs to run. These are the records that are being established by farmers.

In addition to this saving, you can figure three hours out of every four that you spend on the road driving horses, and call this time saved. Spend it with your family or doing farm work.

Any way you look at it, it is worth something to you.

And count on the fact that snow storms, bad weather or muddy roads will not tie up your hauling when you use Smith Form-a-Truck.

If every day you drove to town with Smith Form-a-Truck you would find from \$6 to \$8 extra in your pocket when you got back, you would not hesitate a minute in buying this. This is what Smith Form-a-Truck really does, only it does it in the saving it effects, counted up at the end of the year.

### Use Any One of Six Chassis

Using any one of six chassis, Smith Form-a-Truck combines with any Ford, Maxwell, Dodge Bros., Buick, Chevrolet or Overland chassis to make a "full-guaranteed one-ton truck" that gives you real truck construction that will stand up under the hardest hauling you could ever do.

### When You Are in Town Drop in

Write us as in town agents—see Smith Form-a-Truck. It will pay you.
