For Coroner, DR. J. W. JINDERLEE, Of Cresco.
For Supervisor 1st District, J. M. MARA, Of Cresco.
For Supervisor 2d District, CHAS. H. WALLACE, Of Saratoga.

Democratic Campaign Book.

The Democratic National Congressional Committee has issued its Campaign Book and is now distributing it. The Committee has no funds save as it obtains them through contributions and is selling the book at \$1 per copy, or for 50c a copy in lots of ten or more.
The book is replete with valuable matter and is said to be the best Campaign Book ever issued. Every Democrat should have it and in this year of Democratic effort for supremacy should gladly contribute to the Committee by purchasing the book. The Committee did valiant service in Maine with notable results, and if Democrats everywhere will rise to the occasion, by their dollar contributions, the Democratic will rise triumphantly, not to set for fifty years to come. Send your orders or contributions to F. F. Garrett, Treasurer, Democratic Campaign Committee, 821 15th Street, Northwest, Washington, D. C.

Senator Thorpe Withdraws.

Willmar, Minn., Oct. 1.—The sensation of the campaign in the Kandiyohi county occurred when the Republican committee met to consider a letter from Senator L. O. Thorpe withdrawing from the race for state senator leaving the field clear to Victor E. Lawson, editor of the Willmar Tribune, a progressive, who had filed on the Prohibition ticket. The committee unanimously tendered the position to Chas. W. Odell, cashier of the First National bank of this city and he accepted.

Kills Self With Wedding Dress.

Neenah, Wis., Oct. 1.—Using the skirt of her wedding dress as a noose Mrs. William Massen, a prominent woman of Neenah, committed suicide by hanging in her bedroom. Mrs. Massen was dependent on the suicide of her husband last April.

Gaynor Medical Bill Big.

New York, Oct. 1.—According to Dr. W. J. Arlitz of Hoboken there is no foundation for a report that the doctors who attended Mayor Gaynor after he was shot look to the city to pay bills amounting to \$34,000. A physician who did not wish his name used, said the service of the doctors would be estimated at that amount. He called attention to the fact that bills of the doctors who attended President McKinley came to \$45,000, and were paid by the United States government by act of congress.

PRISON CONGRESS BEGINS ITS WORK

GREAT INTERNATIONAL GATHERING IS OPENED AT WASHINGTON.

SPEECH BY PRESIDENT TAFT

He Welcomes the Representatives of Many Nations—Address by Professor Henderson, Presiding Officer of Convention.

Washington, Oct. 3.—More than 100 of the most distinguished criminologists of the world, representing almost every civilized nation, gathered in the great hall of the National museum Sunday afternoon when the international prison congress was called to order. Prof. Charles R. Henderson of the University of Chicago, who was elected president of the congress last year to succeed the late Dr. Samuel J. Barrows, was in the chair and introduced President Taft, who was received with hearty applause.

President Taft spoke briefly, but made clear his personal interest in the work of the congress and told the delegates how glad the United States was of the opportunity to entertain them. He alluded to the efforts in this country to better the conditions of prison life and to make good citizens of the criminal and delinquent, and said he hoped the visitors from foreign lands had seen evidences of the success of these efforts during their tour of the east and middle west as guests of the government.

President Henderson's Address. President Henderson, after adding his words of welcome to those of Mr. Taft, spoke in part as follows:

"The Prison congress agrees on the following things: We believe that children should never be sent to prison with adults; that the ancient penal procedure should be fundamentally modified in their case; that young delinquents should receive a certain amount of education under the paternal supervision of the judge or of a special magistrate. It is a question with us still whether this education should continue until the sixteenth eighteenth or even the twenty-first year.

"Secondly, we are in accord in the belief that the insane should be excluded from prisons and that they should be confined to hospitals. Public security and the interests of the insane themselves demand the segregation of the insane under medical supervision.

"Thirdly, we believe, moreover, that there are many young delinquents and even adults who are guilty of having yielded to bad examples. Such individuals are not intentionally vicious. They should be spared the stigma of becoming criminals by being saved the moral injury of incarceration by a suspension of sentence with a period of freedom under supervision. We are also in accord in recommending the release of young or adult prisoners on provision that their liberty shall be conditional and carefully supervised. It is not possible to make useful citizens in absolute slavery.

"We believe, moreover, in the necessity of doing away with the short sentence in the case of guilty persons who are dangerous, whether they be vagabonds or inebriates, hardened criminals or professional criminals. The period of detention and of supervision may be extended either by supplementary sentence or by placing the offender at the disposition of the government.

"Severe Justice Most Beneficial. "We preach also the gospel of the reform of the delinquent and his education. We seek to elevate the moral standard of humanity. We desire to open wide to the delinquent the door of hope. There never has been a conflict between justice and pity, because only compassion allows a vicious man to follow his course with out hindrance. It is not compassion but weakness. Justice is truly beneficial when it deprives the malefactor of the liberty which he has abused.

"The state is the power which should control the forces which act upon the character of the prisoner. The state alone can direct his conduct. The state is the supreme organ of the will and morality of the entire people. It cannot be left to philanthropists alone to seek the reformation and the instruction of the malefactor, leaving to the state simply the punishing and the inflicting of penalties of the prisoner. The state is responsible for the conditions which concern the convict. If the prisoner is returned to liberty simply, without instruction, without a trade, without a home, he is liable to relapse into crime. Philanthropists will have a difficult and not to say impossible task. In modern civilization, the majority of citizens are friends of humanity, and the government which neglects its prisoners does not represent the mind of the mass of the nation."

In the evening there was a joint meeting of the congress with the American Prison association, at which addresses were delivered by Z. R. Brockway, former superintendent of the Elmira reformatory; Major R. W. McClaughray of the federal prison at Leavenworth, Kan.; Sir Evelyn Ruggles-Brise, president of the British prison commission; Dr. Guillaume de Berne, Switzerland, secretary of the International Prison congress; and Dr. Borel. Today the section meetings of the congress will begin.

The Demon of the Air

is the germ of LaGrippe, that, breathing in business suffering to thousands. Its after effects are weakness, nervousness, lack of appetite, energy and ambition, with unsound liver and kidneys. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of Stomach, Liver and Kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore health and good spirits after an attack of Grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by P. A. Clemmer.

THE NEW RULES COMFORT MOTHER, IF THEY DON'T HELP THE GAME MUCH

LAFOLLETTE IS NOT IN DANGER

FAMILY PHYSICIAN DENIES THAT IT WAS NECESSARY TO RUSH SENATOR TO ROCHESTER.

SURGEONS ARE IN CONSULTATION

And Not Yet Ready to Report on His Condition.—Distinguished Progressive Chief and Optic.

Rochester, Minn., Oct. 1.—Following a series of examinations to which Senator Robert La Follette was subject at the offices of the Doctors Mayo, no definite statement can be made as to whether or not an operation will be necessary. The senator spent the greater part of the day at the offices of the surgeons in consultation with the Mayos.

Following his tedious task at the offices he attended the Olmsted county fair and enjoyed an auto ride about the city. He is in the best of physical condition according to his family physician, Dr. Phillip Fox, who is with him.

Dr. Phillip Fox, stated that there was absolutely no ground for any report that Senator La Follette was in a serious condition or that it had been found necessary to rush him to Rochester.

"The fact is," said the doctor, "a trip to this city has been considered for a long time and this is the first opportunity that the senator and myself have had time to make it. The senator was busy arranging the Wisconsin platform and attending to his public matters in his state and with the convention over and the platform settled this was considered the best time to come; that he abandon his speaking and gain as much strength as possible for his own campaign and his future work at Washington."

The senator will submit to a stomach test and another examination along a different line will be given. The senator himself is very optimistic over the outlook and has visited with those who called upon him.

In an interview he referred to the primary fight in the First district and said that he was highly gratified over the results. It was a great victory for the new movement that is sweeping the country, he said.

"I have written to Mr. Anderson and told him that I would be glad to speak for him before the election in this district if my health will permit me" he said.

The Farmers' Home.

A \$1.00 a day house. Special attention paid the farmer trade. With more stable room I am prepared to give farmers better accommodations than ever. J. W. WENTWORTH.

Notice.

Weaver & Munsicht wish to announce to their customers that they will take poultry any day, delivered to the Peocoy building or the car, the rest of the season. Highest market price paid.

Your Wife's Bread!

Your wife doubtless bakes the kind of bread that suits you—but here's the way to get her to bake bread that will delight you! Get her a 48-pound sack of the only guaranteed flour in the world! One slice of Zephyr Flour Bread will make your mouth water for more.

The secret is this: Zephyr Flour is especially rich in gluten, the part of the wheat that makes bread delicious and light.

Zephyr Flour is made from the highest grade of Kansas hard wheat, the world's richest-in-gluten grain.

Zephyr Flour Makes Good or Your Money Back

Have your wife make bread, cakes, rolls, pastry, pies, etc., from that 48-pound sack. Have her use half of it—test it thoroughly. If it does not make the greatest number of loaves of any flour she ever used; if it does not do more satisfactory baking—then return the remaining 24 pounds and your grocer will return all the money you paid for the entire 48-pound sack.

Order a sack today of the following:

BROKER HERZIG SURRENDERS

OTHER ALLEGED MEMBERS OF FIRM ARE RELEASED.

Accused N. Y. Brober Admitted to Bail and Engages Jerome to Defend Him.

New York, Oct. 1.—Simon Jacob Herzog, under the name of Geo. Graham Rice, is said to have been the real head of the firm of B. H. Scheffels and company, the mining specialty firm which was raided by federal officers Thursday, surrendered to the government authorities almost at the same time that proceedings were taken to throw the firm into bankruptcy.

The bankruptcy proceedings were instituted by creditors who filed a petition in involuntary bankruptcy in which the assets of the firm are given as only \$30,000.

Herzog, or Rice, gave bond in \$15,000 with a surety company when he presented himself before United States Commissioner Shields. At the same time, through his attorney, Wm. Travlers Jerome, he offered to aid the government in making a full investigation of the charges against the firm.

Neither Herzog nor the company, Mr. Jerome said, is guilty of wrong doing, and he expressed the belief that the government had been deceived as to the character of the firm's business. He intimated that ulterior motives were behind the prosecution. At the same time that Herzog was admitted to bail, bond was furnished by the same surety company for three of the men arrested Thursday, George, alias "Red Letter" Sullivan, Charles F. Belser, secretary of the company, and Clarence McCormack. They had been locked in the Tombs over night.

Sullivan Again Accused.

Immediately after Sullivan's release he was re-arrested under an indictment returned in the courts in 1901, charging him with stealing 100 shares of Republic Steel stock from a resident of Long Island. According to the police, Sullivan has been a fugitive for nine years.

The petition in bankruptcy against the Scheffels firm was filed by Leon Stern, Eugene Corf and Frank Kiernan, whose claims aggregate \$3,200. Another move against the firm was the holding up of its mail by the department of justice. Money orders sent the company, it was announced, will be returned to the senders.

Can't Learn in School

When the stomach is out of order or the bowels constipated, a feeling of drowsiness and inactivity comes over the body. The brain won't think, and the body won't work. If it is a child who suffers in this way, it naturally can't learn well in school, as it has no inclination for study. Give the child a dose of Dr. Caldwell's Syrup Pepsin and you will soon find it wonderfully improved and ultimately cured. It is guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1.00 a bottle.

Minutes of the session were read and approved and on motion Board adjourned sine die. J. H. JONES, County Auditor.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in curative powers of this remedy that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Interesting Reading for Tubercular Invalids

The makers of Eckman's Alternative—the medicine that is curing tuberculosis all over the country—will send direct, a pamphlet and other literature, that every consumptive should read. It tells in their own language the story of those whom Eckman's Alternative has cured. Such straight-from-the-heart evidence as this booklet holds is convincing. No matter if you have unfortunately spent time and money experimenting with nearly every "cure" under the firmament—investigate Eckman's Alternative. It shows the heart-touching attitude of a father whose only son was cured of tuberculosis by Eckman's Alternative after all hope had been abandoned, would it not carry some weight with you? A specimen, 718 Cherry St., Philadelphia, Pa. Gentlemen, "In July, 1905, I first noticed the conditions that showed I had Consumption. I lost weight rapidly; had a hollow cough, hemorrhages and very severe night sweats. My brother recommended Eckman's Alternative. In the Fall of 1905 I began to take it. At this time I am perfectly well and robust. My appetite is good and my weight has increased from 110 to 140 pounds. Not a trace of my old trouble remains. I will gladly express the merits of this medicine to anyone." L. GERHARDT, (Signed) Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Ask for booklet of cured cases and write to the Eckman Laboratory, Philadelphia, Pa. for additional evidence. For Sale by all leading druggists and P. A. Clemmer in Cresco.

The Call of the Blood

For purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, moist patches and blotches on the skin—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c at P. A. Clemmer's.
