

# MONTENEGRINS DESTROY TOWN

## TURKS FORCED TO EVACUATE POSITION IN FACE OF TERRIFIC CANNONADING.

### MUSSELMEN LOSE MANY.

Noted Macedonian Leader Takes Own Life When He is Rejected by His Army.

London, Oct. 14.—A Podgoritzia dispatch to the Daily Mail says the town of Scherik has been practically demolished by the Montenegrins and that 230 Turks have been taken prisoners. A blockhouse at Aroral also has been leveled.

Describing the capture of Detchitch mountain, a correspondent at the front says the final charge of the Montenegrins was so furious that the retreating Turks had no time to disable their guns and they were actually fired at with their own guns by the Montenegrins as they endeavored to make their escape to the south.

The noted Macedonian leader, Todor Lazarov, committed suicide Friday, says a Sofia dispatch, because the military doctors refused to enroll him in the army on account of the fact that he was suffering from tuberculosis. He left a letter saying he could not remain behind to die in bed while his brothers were fighting for liberty.

The incident has acted as a spur to patriotism. The body is lying in state in the ancient Church of St. George, where great crowds have been viewing it.

Reports have reached Cetinje, says a dispatch from the Montenegrin capital to the Express, that a terrible battle was waged Friday evening, the Montenegrins attacking the Turks at the foot of Shroma mountain forcing them to retire with a loss of 300 men. The Montenegrins took many prisoners. The casualty list on the Montenegrin side is estimated at 100 killed or wounded.

Turkey Presents Bold Front. Constantinople.—Whether for the purpose of furnishing provocation for war or to show the Balkan allies that Turkey cannot be intimidated, the government is acting with an aggressiveness calculated to bring on hostilities. The embargo on Greek ships, the detention of Serbian ammunition and the seizure of Bulgarian railway cars, all constitute belligerent acts.

Greek and Bulgarian nationals in Constantinople, numbering a thousand or more have been subjected to treatment designed to irritate these two nations. Financial considerations figure largely in the attitude of the Turkish government, and practically all of the many hundreds of Greeks who are returning to Athens are compelled to pay full taxes to the end of the year before they are permitted to embark.

Bulgaria's Answer is Cautious. Sofia.—Bulgaria's reply to the Russo-American note was presented to the diplomatic representatives. This note and one addressed to Turkey, are couched in moderate terms.

### 125,000 Greeks Under Arms.

Athens.—The mobilization of the Greek army is proceeding rapidly. Already 125,000 men are under arms.

### SKELETONS ARE FOUND.

Fossils Secured in Red Deer District of Western Canada.

Ottawa, Ont., Oct. 14.—Perfect skeletons of two primeval monsters found in the Red Deer district of Western Canada are among ten tons of fossils for the Victoria memorial museum, brought here by Charles H. Sternberg, the American explorer who was engaged by the Canadian government for explorations of that region.

One of the skeletons, named by Mr. Sternberg, a duck bill dinosaur, weighed more than 6,000 pounds and is 35 feet long. The explorer estimated the period when this animal lived as 3,000,000 years ago.

Another specimen known as the trieratops (three horn trac) had a skull seven feet in length with horns over each eye and one at the end of the nose.

Mr. Sternberg also found remains of lizards of enormous proportions. He expects to return to the Red Deer region next June.

## CONVICTS FIGHT IN WYOMING

### BATTLE IN PENITENTIARY AND IN HILLS OUTSIDE RAWLINS CAUSES TERROR.

### MANY LIVES ARE LOST.

#### Life Termers Overpower Keepers and Set Prisoners Free—Citizens Wire Governor for Protection.

Rawlins, Wyo., Oct. 14.—After hours of hand-to-hand fighting between guards and armed prisoners within the walls of the state penitentiary here, the convicts were finally subdued and locked in their cells. The report that several men had been shot inside the prison walls has not been confirmed.

A posse of citizens are still pursuing the convicts who escaped from the prison and fled to the hills on horseback.

Camped outside the walls of the penitentiary is a force of citizens heavily armed, ready to drive back the convicts if they murder the guards and make a rush for the gates. Shouts and occasional shots tell the story of fighting within the walls and it is rumored that several guards and convicts have been killed.

#### Two Men Killed in Streets.

Two men have been killed in the streets of Rawlins, one is badly wounded and two convicts have been recaptured, following the escape of from 10 to 30 prisoners yesterday afternoon. The town is in a panic.

Frantic telegrams have been sent to Governor Carey, now at Sheridan imploring him to send state troops to protect the citizens. Townspeople are armed in their homes or, heavily armed, are patrolling the streets guarding their own homes and the houses of those engaged in the manhunt in the hills or in the valley before the prison.

A mass meeting of terror-stricken citizens held at nightfall sent a telegram to Governor Carey demanding the protection of the state militia.

#### Two Outbreaks in 24 Hours.

The outbreak was the second within 24 hours. Saturday afternoon 20 prisoners escaped and nine were recaptured several hours later.

One of the convicts, a huge negro, armed with a revolver, was left as guard on the outside. Charles Stressner, a barber had heard the commotion and came down the street with a shot gun. The negro shot him through the head killing him instantly.

#### Convict Shot Dead.

At the sound of the shot the convicts swarmed from the barn, some with stolen horses and some afoot. A Mexican wantonly stabbed the proprietor in the face, severely wounding him and a few seconds later paid for the deed with his life. Hugh Reigner, a deputy sheriff, shot and killed him.

Leaving their dead comrade, the convicts made a dash for the hills south of town. A party of penitentiary guards followed in close pursuit and before the bewildered citizens had had time to form a posse, pursuers and fugitives had disappeared among the hills.

### N. D. TRAIN WRECK.

#### Engineer Stays in Cab and Saves Many Lives.

Fargo, N. D., Oct. 14.—Four coach loads of passengers on Northern Pacific train No. 45, eastbound, narrowly escaped injury when the train ran into an open switch at Oriska and crashed into a string of box cars on a siding. The baggage and mail cars of the passenger were telescoped. Engineer George Dalzell stuck at his post in the cab and applied the air brakes while his fireman jumped. There was a near panic in the coaches following the terrific crash and Henry Dreyfus of San Francisco, a cousin of Alfred Dreyfus, the hero of Devils Island, assisted in calming the frightened women and children. Miss Madison of Minneapolis sustained a broken leg and was transferred to a hospital at Valley City. Other passengers were slightly injured.

#### Sir Thomas Lipton Arrives.

New York, Oct. 14.—Sir Thomas Lipton, arriving by the steamer Carlo Lina, said he proposed to discuss with the New York Yacht club officials terms under which he might challenge for the international yachting trophy, which he has tried to lit.

## BECKER AGAIN IS IMPLICATED

### HANGER-ON IN THE UNDER WORLD HEARD OFFICER THREATEN ROSENTHAL.

### SAYS HE SAW SHOOTING.

#### Claims "Dago Frank" Was One of Slayers—Chief Counsel for Defendant Can't Shake Testimony.

New York, Oct. 12.—The first test many implicating former Police Lieutenant Charles Becker in the murder of Herman Rosenthal, the gambler, has been given. It was testified by Maurice Luban, hanger-on of the underworld, that Becker had said to Jack Rose about three weeks before the murder: "If that Rosenthal is not crooked, I will croak him myself."

Luban, an eyewitness of the murder, identified in court "Gyp the Blood" and "Lefty Louie" as two of the men who fired the shots that killed Rosenthal and William Shapiro as driver of the murder car.

"Gyp" and "Lefty" he had known for more than a year, he said, and he also swore that "Dago Frank," like wise an acquaintance, was in the group when the shots were fired. He knew Rosenthal and had seen Becker in a gambling house. He proved to be such a strong witness for the state that John F. McIntyre, chief counsel for the defendant, spent two hours and a half trying to break down his testimony.

#### Luban Just Discovered.

Luban was only discovered by District Attorney Whitman a day or two ago. He was found with his brother Jacob in jail in Newark, N. J., on a forgery charge. The brothers claimed the charge had been "framed up" by somebody. The New York prosecutor procured their release on parole and according to Maurice, the witness, promised "to help them in every way if they would prove their frame-up."

On the stand Luban said he heard Becker utter his alleged death threat against Rosenthal in the steam room of the Lafayette baths, and that he stood within two or three feet of the police officer at the time. He did not know Becker well, he concluded, but had seen him in a gambling house on Allen street.

"How did you know it was Becker you saw in this gambling house?" Mr. McIntyre asked.

"Because I asked. I thought it was strange that a man of his appearance should be in such a place," the witness rejoined.

#### Another Witness Named.

He added that Becker was talking at the time with "Denny Sly Fox," an underworld character who is expected to be a witness in the trial.

#### Luban's Identification of the Gun Men Made Without Hesitation.

When they were brought in for his inspection it was their third appearance in the court room during the day. Giovanni Stanich, another eye witness had previously identified "Whitey" Lewis and they had been lined up before Thomas Ryan, a chauffeur, who declined, in a frightened manner, to identify any of them, although he, too, had seen them.

#### The gun men in their third appearance made a protest.

"We don't object to being identified, but we think we ought to have a chance, like everybody else, to be lined up with more men," said Lefty Louie. "We want this thing cleared up, but we want a square deal."

#### Woman Saw Shooting.

The testimony of Luban as to how the shooting was done corroborated stories told by other witnesses.

#### Britisher Who Saw Shooting.

London.—Thomas Coupe, who saw Herman Rosenthal, the gambler, shot and killed by gun men in New York city early on the morning of July 16 last, will sail for New York on the steamer Mauretania to testify at the trial of former Police Lieutenant Charles Becker. He will be accompanied by William De Ford, an assistant district attorney of New York county.

#### Huge Donation Is Denied.

Chicago, Oct. 12.—Cyrus H. McCormick, president of the International Harvester company in response to testimony Thursday by Chas. D. Hillis, chairman of the Republican national committee, before the senate campaign fund investigating committee, that he assumed responsibility for a statement that Colonel Roosevelt's private campaign had "cost the Harvester trust millions of dollars," issued a statement denying that the Harvester company had contributed anything to the Roosevelt fund.

#### Robbers and Posse Fight.

Rapid City, S. D., Oct. 12.—Four bank robbers and a sheriff, heading a posse of 50, are reported engaged in a running fight in the Bad Lands, 30 miles south of Owanke. About two o'clock Friday morning five muffled explosions in the state bank at Owanke aroused the town. Cashier F. B. Stiles arrived first, emptied the contents of a rifle at four men coming from the bank. They leaped on horses and disappeared in the darkness. Eight hundred dollars in currency and coins were missing.

### SECY. MEYER REVIEWS FLEET

#### SECRETARY OF THE NAVY VISITS THE MEN-OF-WAR.

#### He and President Taft Inspect the Two Super Dreadnaughts, Arkansas and Wyoming.

New York, Oct. 14.—Secretary of the Navy George von L. Meyer today reviewed the biggest American fleet ever assembled and the greatest ever gathered in any harbor of the world.

There was no delay in getting the ceremonies under way, for Secretary Meyer and his aides on the Dolphin were all ready shortly after 8 o'clock for the beginning of the day's official events. The various division commanders assembled on the flagship Connecticut with Rear Admiral Osterhaus for the official visit of Mr. Meyer. They were: Rear Admiral B. A. Fiske of the first division; Rear Admiral N. R. Usher of the second division; Rear Admiral C. McK. Winslow of the third division, and Rear Admiral F. F. Fletcher of the fourth division. Others on board were Captain Frank K. Hill, chief of staff of the Atlantic fleet, and Rear Admiral A. M. Knight, commander of the Atlantic reserve fleet.

After the exchange of official visits came the most interesting part of the program, so far as Mr. Meyer was concerned—inspection of the two new super dreadnaughts, Arkansas and Wyoming. These monsters were the most powerful ships in line. They carry such armament that they could anchor on the ocean side of Long Island and pour their fire over Long Island into New York. They could anchor in the harbor and drop 500 pound projectiles into inland towns in New Jersey a dozen miles off the coast.

The review of the 12-mile fleet now began. The Dolphin with Mr. Meyer, Rear Admiral Osterhaus and the official guests began their cruise past the great men-of-war. Following in the wake of the Dolphin was the steamer Hendrik Hudson with the members of the citizens' committee on board.

### GUEST CHASES THIEF.

#### Man Without Clothes in Hot Pursuit of Intruder.

Chicago, Oct. 14.—While George H. Ruggles, an accountant, was in a bath tub in a downtown hotel a thief entered his room, stole Ruggles' clothes and dashed into the hall with the nude victim hotly in pursuit.

Before Ruggles could check himself he was outside his door which swung and latched behind him. Shouting "stop thief!" Ruggles tugged vainly at the door and tried to scale the transom. Falling in this he snatched a length of the hall carpet with which he draped himself just as several excited guests were hurriedly approaching.

Hotel employes believing Ruggles insane took him, thus clad to a trunk room and summoned the police. Not until the officers arrived was Ruggles' explanation believed. He returned to his room by way of a freight elevator and went to bed.

### MOVEMENTS ARE TOLD.

#### Western Hotel Men Testify for Government.

Indianapolis, Oct. 12.—"J. B. Bryce, Chicago," the name James B. McNamara used to disguise his intention to cause explosions on the Pacific coast and particularly in Los Angeles, Cal., formed an important point in the testimony at the last session of the "dynamite conspiracy" trial. As tending to sustain its contention that the explosions were part of a conspiracy for the illegal interstate shipment of dynamite, involving the 45 men now on trial, the government indicated it would go thoroughly into the explosions in the west, possibly throwing light on the mysterious disappearance of the McNamara.

Witnesses, reading from hotel registers, testified concerning the movements of McNamara, Schmitt, Caplan, and Olaf Tviemot of San Francisco. From the time he arrived in San Francisco, Aug. 19, 1910, until he left Los Angeles a few hours before the Los Angeles Times explosion.
