## CITY COUNCIL

The Monthly Meeting of Clarksville's Law Makers.

A Meeting at Which Much Routine Business Was Transacted—No Special Features.

The meeting of the Board of Mayor and Aldermen last night was devoid of special features, notwithstanding the fact that much routine work was transacted.

The minutes of the last meeting were read and approved and the current accounts were audited and ordered paid. The month's bills amounted to \$521.

The treasurer's report showed a balance of \$177.32 on hand. The bridge-keeper's report showed that \$328 had been collected as tolls in September.

The finance committee reported that they had received the city marshal's final report for 1891. They found that the amount of uncollected taxes was rather large. There was \$1,466.76 levied on property yet unpaid, and the poll taxes unpaid amounted to \$576.25. Some of this money, however, will yet be collected. The report of the city marshal had been examined thoroughly by the committee and it was entirely satisfactory, and they recommended that it be received and that the bondsmen of the city marshal be released for 1891. The committee also reported that a note had been made in bank for \$2,000 to be used in putting the city in a good sanitary condition, in compliance with an order issued at a recent called meeting of the board.

The street-committee's report was a lengthy document and pointed out work that is needed at many points. The surveyor makes this report now, and it shows that he is paying strict attention to his business. The report recommended an appropriation for repairs on the bridge across Martin street in South Clarksville. On motion \$100 was appropriated for this purpose. The matter was called up later, however, by Dr. Marable, who moved to reconsider it, and instead of appropriating \$100 to repair the bridge he asked for \$250 to make a fill at the point. This motion prevailed and the fill will be made.

The report then at length pointed out repairs that were needed on sidewalks and streets in the city. It recommended an appropriation of \$10 for repairs on the First street bridge across Gallows hollow. This was granted. Thirty dollars was appropriated to be used on Robb and Forbes avenues. A like amount was appropriated for the purpose of grading the pavement in front of the Wisdom place on Madison street, recently purchased by Wesley Drane. The same amount of stone was ordered used this month as last. Several orders for pavements were passed.

The sewer committee reported that H. E. Beach, Jr., had agreed to construct the First street sewer from Strawberry alley to College street for \$575.00, and to take a city warrant, payable February 1, in payment. He was ordered to proceed with the work.

A petition for some repairs on the colored school building was referred to the proper committee.

The chief of the fire department reported three fires for September. He also recommended that some steps be taken to give better fire protection to the new territory. The report was received.

S. J. Hodgson brought up the public fountain matter and asked for an appropriation of \$75. On motion of Alderman Smith the matter was tabled.

A fire plug was ordered put on Madison street, near Mrs. Allen Johnson's, provided the citizens of that locality would bear the expense of laying the water main to the plug.

Dr. Marable moved an appropriation of \$65.00 to build a coal house at the lower bridge. On motion of Mr. Smith Dr. Marable's motion was killed. Mr. Smith moved then that the present coal house be repaired. This motion prevailed, and the bridge committee was ordered to get estimates for the work and report back to the next meeting.

On motion of Dr. Marable \$300 was appropriated to metal High street from Bradley street to the Charlotte road, the work to be paid for in six months.

Jno. D. Moore was ordered to construct a plank walk along his property on Main street, from Chas. Mauzy's to the colored Baptist church.

The committee of arbitration, Frank S. Beaumont and Jas. T. Wood, appointed sometime ago in the matter, reported that the city should replace W. H. Drane's fence along College street, which was broken down in constructing the sewer. The report was received and

the fence will be replaced.

By resolution the city treasurer and recorder were instructed to keep separate accounts for the Ninth and Tenth wards.

Dr. H. E. Beach tendered his resignation as president of the school board, giving his reasons therefor. He stated, that owing to business affairs he had found that he could not possibly give this important office the attention it required. The resignation was accepted and the election to fill the vacancy was deferred until the next meeting of the board. This is a very important office and a good man should be chosen for it. There is much regret at Dr. Beach's resignation.

On motion it was agreed to pay Officer Walker one-half the receipts of the pound for attending to the same.

A lengthy discussion was here entered into on the question of taxing bank stock, and other property in the hands of an assignee.

The City Attorney, R. H. Burney, thought the best thing to be done was to await a court decision, and let one case settle all.

The Clarksville Land Improvement Company asked for a certain release from taxation. Referred to the Release Committee.

The Board adjourned.

Lemon Chemical Co. I regard your Chill Tonic the best I have ever tried. In fact, had spent half my salary for chill medicine for my daughter and used quinine jackets for her, and all this did her no good until I gave her Lemon Chill Tonic, and to-day she is the healthiest child in our neighborhood; is fat and eats all she can get; and I gladly testify to a tonic that has such merit. Insist on getting the genuine Lemon Chill Tonic. DAVID E. SPARKS.

For sale and guaranteed by Clarksville Drug Co., Edwin Thomas, Jr., Manager.

Clarksville Tobacco Market. Our receipts are now very small, composed almost entirely of shipments from other markets to our better one, and the breaks are drawn mainly from the unsold stocks, which weekly become smaller.

The sales this week were about 300 Hhds. The quality was poor as a rule, but the market was fairly firm. Our planters have had unusually fine weather to secure their full crops, the bulk of which is now in the house.

Strength and Health. If you are not feeling strong and healthy, try Electric Bitters. If "La Grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on Liver, Stomach and Kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy that you need. Large bottles only 50c, at Owen & Moore's Drug Store.

Hon. Josiah Patterson. The secretary of the executive committee has received a letter from Hon. Josiah Patterson stating that he cannot be in this county on the 15th. The national committee has made Col. Patterson five engagements in Indiana and he leaves to fill them Friday. These engagements completed, Col. Patterson goes to West Virginia to make some speeches. He will not return to Tennessee until October 22, and after that date he will come to this county if needed.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, ulcers, salt rheum, fever sores, letter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Owen & Moore

Off on a Fishing Trip. C. D. Bailey and Jas. E. Bailey left this morning for Yellow creek, where they will spend a week fishing. They will be joined later on by G. L. Williams. The report comes from Yellow creek and White Oak that fishing was never better, and that both streams are full of fine game fish.

A Cure for Rheumatism. Dr. P. A. Skinner, of Texarkana, Ark., is an enthusiast in the praise of Chamberlain's Pain Balm. He used it for rheumatism, and says: "I found it to be a most excellent local remedy." For sale by Owen & Moore, Druggists.

Henry Schoenhals, foreman Henry Krugg Packing Co., St. Joseph Mo., uses Dr. Thomas' Electric Oil with his men for sprains, cuts, bruises, chapped hands, etc. It is the best. Sold by Tadhope Drug Co.

The secret art of beauty lies not in cosmetics, but is only in pure blood, and a healthy performance of the vital functions, to be obtained by using Burdock Blood Bitters. Sold by Tadhope Drug Co.

## THE SAME OLD CRY.

Third Partyites Say Georgia Was Bought.

The Democratic Majority, However, Still Hangs Around Seventy Thousand—Everything Democratic.

ATLANTA, GA., Oct. 7.—The result of Wednesday's election, taken from official returns from most counties and semi-official from all others, shows that the estimate of 70,000 was very close to the mark. The official count may possibly pull it down a few hundred below that, but not much if any.

Fuller returns from the Nineteenth Senatorial District, which was given to the Third party candidate, shows that the Democrat is elected, and in three counties claimed for Democrats last night the Third party candidates for the Legislature pulled through on local issues. Four Republicans and eleven Third party people will occupy seats in the next House, while one lone Third party Senator finds himself among those chosen.

The Tenth and Ninth Congressional districts which have been claimed as certainly Third party, go Democratic by 1,500 and 4,000 respectively. The Peoples' party leaders claim that they are still certain to elect Watson in the Tenth and Pickett in the Ninth, but for the next month the fight in these districts will be made as lively as the Democrats can make it and there is a small chance for even the chief apostle of the new faith, Tom Watson. The Peoples' party leaders die hard. They have had for some weeks no hope of carrying the State, but now they die hard. It's the old cry of "fraud." The result of the election is so overwhelming that they are stunned.

Chairman Irwin, of their State central committee, says he thinks the official returns will pull down the official majority to 50,000. He talks fraud, and says the negroes were bought. "They were bought straight-out. You see when Evan Howell and Livingston went to New York they brought back a load of money, and it was spent freely. That's the reason we got no help from the Republicans, who would naturally have voted against the Democrats."

He says the vote was light in the cities because "many of the laboring men were told that they would be discharged if they voted for the Peoples' party, and the railroads gave the same notice to their employes. For that reason we did not get our full strength."

A Cure for Cholera. There is no use of any one suffering with cholera when Chamberlain's colic, cholera and diarrhoea remedy can be procured. It will give relief in a few minutes and cure in a short time. I have tried it and know—W. H. Clinton, Helmetta, N. J. The epidemic of Helmetta was at first believed to be cholera, but subsequent investigation proved it to be a violent form of dysentery, almost as dangerous as cholera. This remedy is used there with great success. For sale by Owen & Moore, Druggists.

A suicide club has recently been organized among the fallen women of Seventh street, Columbus, O. One claimed Mrs. Joe Keller and Rose Call swallowed morphine furnished by Beck Spencer, the president of the club. It was not fatal.

One hundred and twenty boys employed in the Bell wheel department of the Riverside iron works, Benwood, W. Va., are out on a strike because Manager Richard A. Bloomquist discharged John Devine for not holding molds in the right position. Three hundred employes are now idle.

The bodies of three more of the men entombed in the Norris mine at Ironwood, Mich., a week ago have been recovered and identified as Frank Demahan, miner, and John Bloomquist, engineer. Erickson, members of the timber crew. Eight more have been recovered and two bodies buried under the debris.

At Louisville W. Scott Stone came home drunk late at night and whipped his wife because she had not remained up to receive him. An officer intervened and was shot at three times, three bullets going through his hat. Another officer appeared and would have shot Stone dead had not his wife prayed for her worthless husband's life.

At Maxtown, O., Sam Bangs, accomplice of his brother, Ed, and Lela Bennett, Tassell, went to the home of Quince Van Tassel, wife of whom Sam was enamored, but who rejected him, and attempted to enter with the intention of abducting Miss Lela. The girl, her sister Edna and their mother fled upstairs. A ladder was prepared and an entrance forced through a window. As Miss Lela was being lowered away her sister fired the contents of a shotgun into Van Vassel's shoulder. He was badly wounded, but escaped with the other two women who carried off Miss Lela in a wagon. A lynching is probable, if the scoundrels are caught.

Nervous and delicate women should not take quinine and rack their nerves, but "C. C. C. Certain Chill Cure," the great remedy for fever, ague and malaria. Sold and warranted by Owen & Moore.

Nearly Completed. The Baptist church at Erin, which is being built under the direction of Rev. C. A. Barnes, is nearing completion and will be dedicated in a short time, the date of which will be made known in our columns.

## MONTGOMERY FARM AND STUD CO

The Opinion of a Kentuckian Concerning This Well Known Establishment.

To the Tobacco Leaf-Chronicle.

ST. BETHLEHEM, Sept. 27.—Though a Kentuckian, born and reared in the State that is famous everywhere in America and Europe for producing the finest and fleetest horses in the world, I feel myself fortunate in having the privilege of writing an article in just commendation of this farm and its company, the rare horses they are breeding and handling. The stud is headed by Sylvan, a beautiful dark mahogany bay, full 16½ hands high, son of the famous Nutwood horse, whose trotting time was 2:18½, whose colts are bringing his owners three thousand dollars each at three years old. In the State of Iowa that is the average. One brought eight thousand, several five thousand. While it is true that a good saddle horse or a combined horse is a class of property much to be desired, a thing of beauty and a joy forever, the trotting horse is bound to take the lead of all others for general utility. The country at large is waking up to the necessity of better roads. Every year there is less horseback riding. Vehicles are getting cheap. We are bound to see at a glance that the good and fast trotter is the coming horse. Hence the men who have spent thousands of dollars to introduce the best strain of trotters in the country, as have Messrs. Barker and Taylor, should be considered, as they truly are, benefactors of the country and should be liberally patronized. Men's own interest should lead them to consider with favor the claims of these clever and enterprising gentlemen. I am satisfied, after looking over their large and fine herd of horses, that Tennessee is destined at no distant day to be Kentucky's most formidable rival in raising the rarest specimens of horse flesh.

SOUTHERNER.

Is Marriage a Failure? Have you been trying to get the best out of existence without health in your family? Have you been wearing out your life from the effects of Dyspepsia, Liver Complaint and Indigestion? Are you sleepless at night? Do you awake in the morning feeling languid, with coated tongue and salivary, haggard looks? Don't do it. A bottle in the camp tells how Aunt Fanny's Health Restorer has cured others; it will cure you. Trial package free. Large size 50c, at Tadhope Drug Co.

The Delamater Cases. MEADVILLE, Pa., Oct. 7.—The jury in the Delamater cases found a verdict of guilty as to George Wallace Delamater and not guilty to G. B. Delamater and T. A. Delamater. G. W. Delamater was in the court room this morning and received the verdict without flinching. The defense will move for a new trial, and failing to obtain it, will carry the case up on the question of the constitutionality of the act of 1889, and their numerous exceptions taken to the court rulings. The verdict means with general approval. The charge upon which ex-Senator Delamater is convicted is statutory embezzlement; that is, the firm received deposits in their bank, knowing themselves to be insolvent.

Called to New Orleans. BRIDGEPORT, Conn., Oct. 7.—Rev. Beverley E. Warner, of this city, has received a call to Trinity Episcopal church, of New Orleans. Trinity parish is one of the largest and richest in the south.

Peck's Case Postponed. ALBANY, Oct. 7.—Justice Clute again postponed decision in the Peck case, in which the commissioner is charged with having destroyed public documents, until Oct. 18.

Millinery and Cloaks. Is the title of a very attractive advertisement of Hodgson & Maguire's in this issue. Our lady readers will examine with interest the handsome figure shown in the advertisement, and gather therefrom an idea of what ladies are to wear this fall. Hodgson & Maguire are always attentive to the wants of their customers, and allow nothing new or novel to escape them. They are progressive in all they undertake.

Wanted. Ladies and gentlemen suffering with throat and lung difficulties to call at our drug store for a bottle of Otto's Cure, which we are distributing free of charge, and we can confidently recommend it as a superior remedy for Coughs, Colds, Bronchitis, Consumption and all diseases of the throat and lungs. It will stop a cough quicker than any known remedy. We will guarantee it to cure you. If your children have croup or whooping cough it is sure to give instant relief. Don't delay, but get a trial bottle free. Large size 50c. Sold by Tadhope Drug Co.

Base Ball. The game of base ball this evening between a nine from the fire department and the Queen Cities will be worth seeing. They have selected good players for the game and will amuse all who attend. The game will be called at 8:30.

Daly, Pearce & Green call attention to a special drive in shoes and underwear in their regular space elsewhere. Read what they have to say. This is the season of the year when you must have such things.

## FOR CEDAR HILL.

Clarksville to be Well Represented There To-Morrow.

The Young Men's Democratic Club Will Attend and Carry a Brass Band With Them.

The Young Men's Democratic Club is making arrangements to attend Cedar Hill barbecue and public speaking to-morrow in a body. They will carry with them the Clarksville Military Band, and will be prepared to make a considerable display. The railroad company has given reduced rates, and it will only cost one dollar to attend the gathering.

It will be one of the largest political gatherings of the campaign, and will bring together one of the largest crowds that has yet gathered in this section. Congressman Washington, aided by the good people of Cedar Hill, has been busily engaged for several weeks getting ready for this occasion. No pains or expense have been spared to make it a success, and it will no doubt be one of the most imposing meetings Robertson county has had since the war.

The speaking will be on the grounds where the old camp-meetings were held, the memory of which is fresh in the minds of many Clarksville people. Several of the best speakers of the State have been invited and will lend their talent in entertaining the crowd. The man who wishes to enjoy a good day should go to Cedar Hill.

Too Much of a Risk. It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small an amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by Owen & Moore, Druggists.

CONFERENCE NOTES. The Methodists Getting Ready For Their Annual Conference.

The Methodists of Clarksville are getting ready for their annual conference, which convenes in Tulip street church, Nashville, Oct. 19. The city will be well represented at the meeting.

The district conference, held at St. Bethlehem last spring, appointed on the list of delegates S. C. Batson and W. L. Melvin, of Cedar Hill. Mr. Batson has died and Mr. Melvin has accepted a position in a bank at Springfield, which requires all his time, and it is understood that he can not attend conference. This state of affairs leaves the representation on the shoulders of the alternates, B. W. Macrae and Jas. M. Bowling. Both will attend the session. In addition to this Jno. D. Moore is a member of the Board of Colportage.

Squire Caldwell is a member of the board of Conference Claimants and R. H. Pickering is a member of the Sunday-school Board. They will all attend, and hence the church here will be well represented in an official way.

The church at Clarksville will have a new pastor appointed by this conference and there is considerable speculation as to who he will be. A LEAF-CHRONICLE reporter has heard several well known ministers mentioned in this connection, among whom are Dr. W. M. Leftwich, Dr. J. B. Erwin, Dr. D. C. Kelly, Revs. Green P. Jackson, Lewis Powell and others. This, however, is all gossip and no man living knows who the pastor will be.

Hams and Shoulders. Young & Beach have just received from Wesley Organ a fine lot of country hams and shoulders. Telephone them your orders. It

CALLED TO NASHVILLE. Gen. Carnes to Hold a Conference With Gen. Norman To-day.

Adj. Gen. Norman yesterday telegraphed Gen. S. T. Carnes, says the American, requesting him to be in Nashville to-day. The Adjutant General wants to hold a conference with the Coal Creek conqueror, the purpose being to determine whether it would be safe and prudent to remove the military force from East Tennessee any time in the near future. Gen. Norman said yesterday that the withdrawal of the troops depended very much on the result of the trial of Monroe now in progress. He thinks if Monroe is convicted other convictions will be sure to follow, and thus shown that they cannot with impunity violate the law.

Dress goods and trimmings in great variety at Simon Katz's. sept23,d&w1w.

They are first-class. Try 'em. Seventeen pictures for 35 cts. Tent, cor. Franklin and Third streets. sept5,d&w-1f.
