THE LAST DAY DAWNS.

Chicago's Visitors Will Now Return Home.

More People, Perhaps, Were in Chicago Than Attended the New York Festivities—Rival Villagers.

Special to the Leaf-Chronicle.]

CHICAGO, Oct. 22.—The last day of the great Chicago celebration has dawned, and the hundreds of thousands here are seeking every possible means of egress from the city. Chicago makes the claim now that it had more strangers in its midst than attended the New York festivities. At any rate both cities were crowded far beyond their capacity during the respective celebrations.

To-day the great events are the dedication of the State buildings. The New York structure will have as its great orator Archbishop Corrigan. The Archbishop takes more than ordinary interest in this subject. During the past winter he went to the Bahamas, which are included in his New York archdiocese, and remained there as the guest of Sir Patrick Shea, the Governor General at Nassau, New Providence. While there he paid a visit to San Salvador, supposed to be the first land discovered by Columbus in the Western Hemisphere.

The Ohio building will also be dedicated, as well as many other State buildings. Dr. Channcey H. Depew and Gov. Flower are also expected to speak.

Deserving Praise.

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never had a remedy that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits.—Owen & Moore, druggists.

THE DEATH RECORD.

Wm. Revel Dies at the Residence of Mrs. Mitchell, First Street.

Wm. Revel, who has been a familiar figure on the streets of Clarksville for a number of years, died at the residence of Mrs. Mitchell on South First street, last evening. He had been sick only a few days with fever, and his death was somewhat of a surprise. He was an industrious boy, in his way, and contributed much to the support of his widowed mother.

Funeral services were conducted at Mrs. Mitchell's boarding house this afternoon at 2 o'clock, Rev. Dr. Robt. Price officiating. Interment in the City cemetery.

Miss Helen, daughter of Squire Nesbitt, of Shiloh, died Thursday night, aged seventeen years. She was an exceedingly bright young lady, and while her death is a great affliction to her family, it is a source of deep regret to her numerous friends in that vicinity.

A DELIGHTFUL OCCASION.

Mr. and Mrs. John W. Wilkerson and Wife Celebrate Their 51st Wedding Anniversary.

To the Tobacco Leaf-Chronicle: Mr. and Mrs. John W. Wilkerson gave a dining yesterday evening at their beautiful country residence, five miles east of the city, in commemoration of the 51st anniversary of their wedded life. Those present of the family connection consisted of Sam'l Wilkerson and wife, nee Bagwell, and two daughters, Misses Minnie and Nanna; J. L. Wilkerson and wife, nee Carr, and babe; Robert Pickering and wife and six children; Dr. C. R. Crouch, wife and four children; Henry Brown, wife and two children; Mrs. Wm. Cocke, Dr. S. N. Houser, Mrs. B. W. Dodson, and your correspondent.

The elegant repast of barbecued meats, confectioneries and fruits was served in the rear of the residence under the shade of majestic forest trees, the neatly arranged table being of sufficient length to allow the thirty-four guests to partake of the varied delicacies at the same time. It was indeed a joyous occasion to all the participants, especially to the aged couple who have spent fifty-one years in perfect harmony, and have lived for half a century upon the farm where they now reside, where they have reared a happy, prosperous family, surrounded by friends, tried and true, who esteem it a great privilege to honor them, the more now that they have reached their three score and ten years, without a blemish during their long residence in that neighborhood, composed of honest, industrious citizens, who with all who know them, wish that they may live to enjoy many more anniversaries of their wedding day, although the husband is 75 and the wife 74 years of age. But, at their advanced age, they nor their descendants cannot reasonably hope to mingle as an unbroken family many times more in health and happiness as on yesterday, yet this honored couple have the the Christian's hope that when they go hence they may meet and mingle as a reunited family whose parting is unknown.

Mr. Eatherly, a photographic artist, was present to take the pictures of all present, as they were properly grouped about the old homestead with its beautiful and romantic surroundings. In after years the descendants of the father and mother of to-day can look upon these pictures and with pride recount the past and happy scenes of yesterday, and treasure the virtues of those who have gone to their reward.

A Cholera Scare.

A reported outbreak of cholera at Helmetta, N. J., created much excitement in that vicinity. Investigation showed that the disease was not cholera but a violent dysentery, which is almost as severe and dangerous as cholera. Mr. Walter Willard, a prominent merchant of Jamesburg, two miles from Helmetta, says Chamberlain's colic, cholera and diarrhoea remedy has given great satisfaction in the most severe cases of dysentery. It is certainly one of the best things ever made. For sale by Owen & Moore, Druggists.

NEW YORK REGISTRATION.

Both Parties Trying to Get Out Their Force.

Clarksville Tobacco Market.

Our sales this week were about 200 Hds. The warehousemen are getting down to the bottom of the pot—the stocks of unsold tobacco being now very small. The quality was poorer than the last week's offerings. The market closed with an easier tendency.

AN APPROPRIATE TEXT.

Ministers Requested to Preach From a Common Passage.

"Peace on Earth, Good Will to Men," the Passage Editors Also in the Ring.

Special to the Leaf-Chronicle.]

NEW YORK, Oct. 21.—To-morrow will be the first Sunday in the fifth century since the discovery of America and the Pan-Republic Congress Organizing Committee and the Human Freedom League have sent out a request that the pastors of all the different churches will take as their text the following words that were cast in the liberty bell for Independence Hall in Philadelphia: "Peace on earth, good will to men." In the second bell these words were added to those originally cast: "Proclaim liberty throughout all the land to all the inhabitants thereof." They also request that every editor makes this liberty bell text the subject of a Discovery Day editorial, and that a copy of every sermon or address delivered, and of editorial published that day, be sent to William O. McDowell, secretary, Lindon Park, Newark, N. J. in order that some of them may be printed, and all of them carefully bound and preserved for future generations. They will be exhibited in the government building at the World's Fair.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs and Colds. COLUMBIAN SERVICE.

The Lutherans Hold Services in the Exposition Building.

Special to the Leaf-Chronicle.]

MILWAUKEE, Oct. 22.—The Lutherans of the entire Missouri Synod will, to-morrow, hold a great Columbian service in the Exposition building. All the churches of the Western States will have delegates present. The services will begin at 2:30 p. m. The sermon will be preached by the Rev. H. Sprengeler, and a historical lecture is to be delivered either by Prof. A. Hatstaedt or Prof. C. Hultboth, of Concordia College. The Rev. G. Loeber, pastor of St. Martin church, will act as chaplain, and Prof. C. Ross, of Concordia College, as substitute. A band will be engaged for the accompaniment of the congregational singing. The choirs of sixty churches will be in attendance.

University Notes.

To the Leaf-Chronicle.]

The match game of base-ball between the Robb Hall team and the Calvin Hall team was played, as it was announced in the TOBACCO LEAF-CHRONICLE. Quite a large company assembled to witness the game, and a great deal of interest was manifested at times. They played five innings. The score stood, Robb Hall 15 and Calvin Hall 6. Robb Hall battery, J. N. Hames and McDougall. Calvin Hall battery, Cleveland and Anderson. Robb Hall holds the championship, therefore it will be necessary for them to look in other directions for future glory, and as there are just nine gentlemen in the faculty, the boys are thinking of sending them a challenge.

Messrs. Caldwell, Hames, Bohannon and Garth have reorganized the University quartette. X.

Now Do Your Guessing.

R. S. Rudolph will lead the services at the Y. M. C. A. rooms to-morrow evening at 3 o'clock. All men invited. Boys' meeting will be held at 2 o'clock.

HE JUMPS A MILE TO EARTH.

Free Balloon Ascension and Thrilling Parachute Leap at Clarksville.

It is not every day that the sight can be witnessed of a man ascending to the clouds and making a sheer jump to the earth when at an altitude of a mile or more above it. Yet that is what is done every day at the show grounds of Sands & Rentfrow's Enormous Railroad Shows. On the day of the exhibition at Clarksville, Wednesday, Oct. 26, Prof. Craiz, the daring aeronaut, will give at the show grounds an exhibition absolutely free of charge, and sail to the skies in his mammoth air ship, descending to earth again by means of a parachute when the greatest altitude has been reached.

Sands & Rentfrow's collection of animals, including several towering elephants, a caravan of Egyptian camels, and cages of lions, tigers and other rare animals, is as fine and as large as that of any show in the country. Its arctic artists are world famous in their respective lines, and the list is headed by Mr. William Sells, the champion of all living bareback riders. This wonderful horseman will ride at each exhibition, showing what feats of wonderful equestrianism can be performed when daring, skill and ability are combined. With auspicious weather Sands & Rentfrow should have crowded tents at Clarksville.

SOUTH SIDE SUNSHINE.

News Items From the Capital of the Sixteenth District.

Correspondence Leaf-Chronicle.]

SOUTHIDE, October 22.—Farmers are now very busy sowing wheat and grass, although this work is much retarded on account of the dry weather.

The new store house which is being built at Lone Oak by the S. S. Southside Mercantile Co. is nearing completion and Rice Orgain will be the salesman. This is a branch house, the main house being located at this place. The Southside Mercantile Co. is a new firm and is composed of enterprising men, who will deal with their customers fairly.

Mrs. Bettie Lyle and Mrs. Sid C. Blyson are visiting relatives in Cheatman county this week.

Miss Lizzie Frazier, of Nashville, is visiting friends in this community. Quite a number of voters attended the speaking at Louise on the 20th from this vicinity.

Madam Rumor has it that there will be a marriage at Southside soon. Guess who it is.

The 400th anniversary of America was observed by the Southside Preparatory School the 21st. Quite a number of visitors were present during the public exercise, which was much enjoyed. The music by Miss McKay and the choir was excellent, and the young men and ladies who took part in the program deserve credit for the efforts made to entertain the visitors. After the dinner had been cleared away all repaired to the ball grounds and an interesting game of base ball was played by the team from the school and a select nine, which resulted four to one in favor of the former.

Miss Clara Stark, from Cumberland Furnace, is among the recent pupils to enter the Southside Preparatory School. There are 105 pupils now enrolled in this school and 100 in daily attendance. The Sunday-school at this place is doing well and we expect another year's successful work under the superintendency of J. M. Dickson, who has been re-elected. X.

SHORT METRE POLITICS.

News Items on the State and County Campaign.

Notes Gathered From Various Sources and Given In a Condensed Form.

Gen. Adlai E. Stevenson, Democratic candidate for vice-president, passed through this city yesterday at 10 a. m. It was not known that Gen. Stevenson was aboard, but an unusually large crowd was at the depot. When the train pulled in the next vice-president stepped upon the platform to take a breath of the air of his native county. He was recognized by a number of friends and a general hand-shaking followed. Gen. Stevenson was en route from Birmingham, Ala.—New Era.

Mike Savage returned from Robertson county last night, having filled all the appointments made for him in that county by the Executive Committee. He reports everything lovely in Robertson county, and says he had good crowds to hear him at all appointments. He will begin his campaign in this county Monday, speaking at Half Way School-house, in the Thirteenth district, at 11 o'clock, and at South Clarksville at night. Mr. Savage is making a fine canvass, and he will be elected.

General Boyd is posing as a martyr to-day. He has been in West Tennessee the past week making speeches for Winstead for Governor and the fusion ticket of the Republicans and Third partyites. He spoke at Trenton yesterday morning at the fair grounds. There was so much blood in his speech that the local Republicans decided to hold him over last night for an engagement at the court-house. When the time for speaking came the court-house was locked and the keys could not be found. The managers, however, procured torches and lighted up the court house yard, and speaking was begun. Boyd had just reached that part of his speech where he wanted to give the lie to the report that a Republican could not speak in West Tennessee, and was going through in fine style, when whiz, bip, bang came a shower of rocks and bricks in close proximity to his cranium. His backers all left him in a jiffy, and he says he only saved his scalp by jumping a barbed wire fence and catching a train for home. He arrived here this morning, and says Democrats are awful thick about Trenton.

The speakers at New Providence had a large audience last night. H. H. Buquo, of Erin, spoke first and delighted his hearers. He made a fine impression and converted one of the three Buchanan men in that district. After Mr. Buquo had finished his oration calls were made for R. H. Burney. Mr. Burney responded briefly and was vigorously applauded. The Democrats of the Seventh district are well organized and the thing is all one way over there.

RELIGIOUS.

Elder R. A. Hooper, of Louisville, will occupy the pulpit at the Christian church Sunday morning and night. He is a fine preacher and will interest all who hear him. The public is invited.

The second of the series of lectures under the auspices of the Young Peoples' League, will be delivered Sunday evening at the Presbyterian church by Dr. R. A. Webb, of the University. The subject will be predestination. These lectures are very interesting, and the public is cordially invited to attend.

Dr. Summy, of the University, preaches at the Presbyterian church Sunday morning.

There will be no service at the Methodist church, morning or night, owing to the fact that this church has no pastor. The minister who is appointed by the present session of Conference will preach his first sermon to-morrow week at 11 o'clock, unless announced to the contrary hereafter.

Under the Gaslight.

Under the gaslight at the corner of Twelfth and Main streets last night, from ten to eleven o'clock, a group of boys, whose families are respected by the New Era, had a fine game of craps. It was in full view of the pedestrians, and as they made no effort to conceal their vocation, they will of course not object to the publication of their names. But their parents shall not be mortified and humiliated by such publication.—New Era.

Columbus Day at Shiloh.

Bruce L. Rice attended the Columbus Day celebration by the Shiloh High School yesterday and delivered the address of the occasion. He reports a very large crowd and an excellent program.
