

The following announcement speaks for itself...

The Democratic Executive Committee of Montgomery county met at the office of Polk G. Johnson on June 5th, 1876...

The Committee called attention of the districts to a resolution passed two years since...

D. N. KENNEDY, Ch. POLK G. JOHNSON, Sec'y.

We cannot relinquish this subject without a word more on the importance of it...

It is forever angrily urged that the public questions are disposed of, not by the will of the people...

Remember, therefore, Clarksville, on July 10th, Indian Mound on the 22nd, and Clarksville again on the 29th.

THE NASHVILLE CONVENTION.

We presented the platform agreed upon at Nashville last week...

The main controversy was on the 6th article which we submit together with the 4th which was not opposed...

4. We favor the resumption of specie payments whenever the same can be effected without injury to the business interests of the country...

6. We are opposed to further contraction of the circulating medium and believe that commerce and the industrial interests of the country would be promoted by the resumption of a portion of the currency already withdrawn.

Now because we have expressed the opinion that abstract questions in finance cannot be advantageously discussed outside the halls of legislature...

That measure was not intended for legislation but for a party maneuver...

More than this is hardly called for until we see the St. Louis platform which is the result of all these State platforms.

The other ground of controversy was the last clause instructing the delegation in favor of Mr. Hendricks...

BLAINE has got out of one scrape by reading a lot of letters with no harm in them...

THE DECAY OF PUBLIC MORALS.

Time was, in the memorable past of our State, such was the high standard of public morals...

In the re-organization of civil government, the true Statesman finds difficulties to surmount at every step...

It was but a feeling. The good citizen ever nerves himself to the task before him, adjusts himself to the altered conditions of his life...

This grand secret is—vote yourself out of debt, vote your State out of debt, and whilst you are at it, vote yourself forty acres and a mule!

It is the platform. It is short and comprehensive. And the Blatherskite will mount it upon his record...

But it is not just possible that the day of the Blatherskite is certain, that thinking men will now more than ever look to the character, the capacity, and the acquirements of candidates for their suffrages?

But it is not just possible that the day of the Blatherskite is certain, that thinking men will now more than ever look to the character, the capacity, and the acquirements of candidates for their suffrages?

We long to see a legislature of true representative men, of men who from a sense of duty alone, would give themselves to the service of the State...

And when the busy farmer and mechanic, the absorbed manufacturer and merchant, the religious teacher and literary professor, with all callings and professions that constitute the body-politic, will take a thoughtful interest in public affairs...

INVESTIGATION TRAVESTIED.

It is well known that as soon as the Democratic party attained a majority in the House of Representatives a searching investigation was set on foot...

But this thing of investigation being found to be a power in the State the radical party have tried their hands at wielding it for the destruction of one another and sometimes an adversary...

It is a poor policy, but the best left to Morton, Conkling & Co., who seem to think that they may yet reach the haven where they would be making out every one else as bad as themselves.

THE TURKISH REVOLUTION.

Domestic politics are become so stimulating that it is almost hopeless to strive to interest anybody in European transactions...

On the last day of May the Sultan Abdul Aziz, (a few years ago the honored guest of Queen Victoria) ruler of the Turkish empire, was deposed, and his nephew, Murad Effendi, elevated to the throne in his place.

Of course this sketch does feeble justice to the flood of historical illustrations thrown upon the subject by the preacher, whose exhortation was not to dwell regretfully upon a fancied golden age in the past...

MONDAY EVENING—THE ART LEVER.

Our gas works are in a transition state, between one administration and another, (as we hope our federal government is) and inconveniences result during such transitions in all cases.

These were the closing exercises of the session. They commenced with prayer by the Rev. R. K. Brown, after which President Wright made a brief address explanatory of the programme of the evening...

1. Miss Carrie Hutchings, of Olmstead, Ky. What must I do? 2. Miss Annie Wilkerson, of Clarksville, Tenn. A school girls life of life.

3. Miss Mary Moore, of Clarksville, Tenn. Whether are we drifting? 4. Miss Lizzie Wood, of Clarksville, Tenn. A glance at literature.

The three first of these essays were virtually upon the same subject, viz: the aspirations, hopes and fears with which the young maiden, her education closed, commences the practical duties of life.

We marked on the catalogue many interesting works hoping to make special notes on them separately. Alas we found we had done indeed more than we could carry out, for when we examined our catalogue in the quiet of our sanctum, we found that our memory was swimming in an undistinguishable whirl of flowers, figures and landscape in pencil, crayon, water colors and oil in which individual merit was almost lost sight of.

COMMENCEMENT AT THE CLARKSVILLE FEMALE ACADEMY.

The commencement sermon was preached by the Rev. J. M. Wright, from the text Matt. xxiii, 23. "Ye unto you scribes and Pharisees hypocrites, because ye build the tombs of the prophets, and garnish the sepulchres of the righteous, and say if we had been in the days of our fathers, we would not have been partakers with them in the blood of the prophets."

TUESDAY NIGHT—THE CONCERT.

The annual concert at the Academy is always looked for by musical people with pleasurable anticipation, not indeed are the musical people the only persons attracted, for the fair vocalists possess attractions easily appreciated by hands who are unacquainted with connoisseurs in music.

It was a pleasure to see the young ladies singing, protracted indispensation having prevented her from taking any part in it beyond some slight efforts in concerted pieces, but we were the more able to appreciate her talents and industry as indirectly manifested in the admirable training and method of her pupils' efforts.

MISS KEYNOLD.

It may be remembered that we spoke in very high terms of Mr. Chas. Ivis's oration, entitled "Egypt in History," especially of its peroration. We now, with this announcement, give a portion of Miss Hall's great vocal power.

Miss Beulah Sattler's delightful fresh young voice was heard in several concerted pieces, and gave life and charm to all of them. In the duet "Under the Beautiful Stars," she was admirably seconded by Miss A. Gold.

Mr. Jackson's fine voice was again heard to good effect in a duet with Mrs. Wright—And here, for we have no space left, we desire to acknowledge the unobtrusive but incessant service rendered by Mrs. Wright, Miss Winston and Miss Edmondson in the concerted pieces, both vocal and instrumental.

These were the closing exercises of the session. They commenced with prayer by the Rev. R. K. Brown, after which President Wright made a brief address explanatory of the programme of the evening...

On Tuesday, June 6th, 1876, between St. Bethlehem and our residence, a valuable gold watch, No. 375, P. H. Clark, maker, was carelessly left on the Chronicle office and will be liberally rewarded.

NOTICE TO GAS CONSUMERS!

The price of Gas from this date (June 1st) will be four dollars per thousand cubic feet, to prompt paying consumers.

HOGS FOR SALE.

We have for sale at our residence 8 miles from Clarksville on Hopkinsville pike, 8 desirable hogs, one with a white pig by thoroughbred Poland China Boar. Terms reasonable.

Original Attachment.

In this case it appearing by affidavit that the defendant, J. D. Herring, is justly indebted to plaintiff, and is a non-resident of this State, and that the ordinary process of law cannot be served upon him, and that the plaintiff has no other remedy upon his property, it is therefore ordered that a writ of attachment be issued against the property of the defendant in the City of Clarksville, on the 17th day of July, 1876, and until it be proceeded with as part of p.
