We are glad to know that Mr. Geo. Warfield has recovered his watch which he advertised as lost or stolen some time since. It is a very fine watch and was a present to him from his father, which makes it a valuable souvenir to him. Advertising will pay.

REAL ESTATE.—Mr. J. R. Elliott, of this county, purchased last Monday, the large brick dwelling, now occupied by Mr. Worthington as a boarding house, for \$5,000, and the residence now occupied by Mr. S. E. Ramsey, for \$2,000.

A YOUNG man named Harris was murdered at Anderson Station, on the Nashville, Chattanooga and St. Louis railway, last Saturday night about 3 o'clock. He had recently moved to this point from Sumner county. Harris had been teaching a school in Sumner, and a fund growing out of it is supposed to have been the cause of the murder.

ASSIGNMENT SALE.—John L. Kennedy, assignee of John S. Major, bankrupt, will offer for sale at the court-house in this city, on Monday, Oct. 2, the notes, accounts, judgments, various tracts of land, and interest in the Red River Landing property, of J. S. Major. For particulars reference is made to advertisement in to-day's paper.

We have received from James Evered 302 Broadway, New York, a beautiful steel engraved portrait of Gov. S. J. Tilden the Democratic candidate for President. The size of the paper is 12x15 inches and the price \$1.00 for a single copy, \$30.00 for 100 copies, \$75.00 for 200 copies. Thus for a very low price any person may receive a souvenir of the great Reformer.

As our neighbor of the Review has inadvertently failed to notice where the press-work of his spic little paper is done, we would modestly state that it receives its beautiful "impression" from our large, first-class power press. We can do as much press work as any office in Tennessee, and are not ashamed to state that the good looks of the Review emanate from that source.

OUR SCHOOLS.

Good Opening last Monday Morning.

THE SOUTHWESTERN UNIVERSITY opened this term about as well as usual, about eighty matriculations. There is some fall in the preparatory department. Only three days of the term has expired up to present writing, therefore the number of pupils now enrolled is not just criterion as to what it will be when fairly under way. Very many who are expected to enter will be from a distance, and, as is usually the case, the full quota does not come in for the first week. The prospect for a full attendance is very encouraging, and the Faculty are sanguine as to the future of this institution. Everything is perfected for thorough instruction, and no friend of the University doubts its signal success for the collegiate term of '76 and '77. We have traveled from point to point in this and surrounding States recently, and have been made to feel proud to hear words of commendation in behalf of our college and community. The President, Dr. Shearer, is known far and wide as an indefatigable worker and a gentleman of enlarged culture, and the many graduates sent out to various points of the sunny South are walking advertisements of the efficiency of the University, and the moral worth of the faculty and the community in which they live.

CLARKSVILLE FEMALE ACADEMY. This institution has undergone a thorough change. The brush of the painter and the furniture man and upholsterer have been called into requisition, and everything, inside and out, now presents a most inviting and comfortable aspect. It has all the comforts and surroundings of home-life, and inspires in the pupil a love for the place and a love for study. Make a school-room or a home attractive, and the inmates are sure to be happy and contented. All this, and more, has been accomplished by Dr. Plummer, the President, and his excellent wife. The faculty is the best—the rooms tidy and newly furnished—the boarding department from cuisine to dining-hall is perfect—and the smiling, cheerful countenances of the eighty pupils already enrolled there attest the truth of what we say. Many more pupils are promised and expected soon. Those who are present are chiefly in the college classes. Out of this number some 18 or 20 are boarding pupils. Mrs. Plummer will act in the capacity of matron, and will see to it that all are made to feel perfectly at home. The Dr. could not secure a better matron if he were to offer a large salary, for the wife of Mrs. P. combines all the requisites to carry out this essential part of a first-class school. The success of this school we consider a fixed fact.

BROADBENT'S SELECT SCHOOL. This new school for public patronage, is under the control of R. A. Broadbent and Lady, and is pleasantly located at what is known as the Pearl place. Mr. Broadbent is eminently competent, and brings forty years experience as teacher to recommend him to the public. The arrangement of the school-room is good, the discipline firm but mild, and thorough work his aim and motto. This school opened Monday last with 38 pupils.

PRIVATE AND PUBLIC SCHOOLS. Miss Sallie Howard, Mrs. Lizzie Bibb, Mrs. Rhodes, and others, commenced their private schools, and the public schools are in full blast, but our space forbids any detailed mention thereof. We will say, our best respects to them soon, and endeavor to do them that justice their merits deserve. We cannot forbear one more thought—that Clarksville offers as great educational advantages as any city in this broad land of ours.

On our way from Bon Aqua Springs last week we spent several days very pleasantly in Nashville. We secured lodgings with Major H. A. Fowles, formerly of this city, who keeps a most excellent boarding house at No. 10 Cherry street, near the old post office stand. In entering the dining room for our first meal, we felt perfectly at home, seeing seated at the table Mr. Warren Pollock and wife, Messrs. Ed. Bringham, Theo. Plummer, Col. J. B. Killbrew, G. L. Alvey, J. L. Blanton, and T. R. Burgie, all formerly of Clarksville, who are a few of the many boarders to be found at this place of excellent fare.

E. S. Bringham & Co. have just commenced in the coal trade, and from all indications they will sell a very large quantity of the celebrated Diamond coal in their market and to surrounding towns. Their office, 26 Union street, is one of the best locations in the city.

Robert Quarles, Esq., at the State Library, by his attention and kindness, added much to the pleasure we enjoyed whilst we remained at the Capital.

Col. Geo. F. Akers, tobacco and general commission merchant, No. 33 North College street, paid us under many obligations for his extreme kindness. He is the great fish man of Tennessee—in other words, he is endeavoring to stock our streams with choice fish, and we hope the next legislature will pass some law for the protection of the fish tribe, thereby promoting a great interest in our country.

We enjoyed a pleasant chat with Mr. Albert Roberts, of the American, who is yet to be found in the field of journalism, a position he has held for many years, with credit to himself and to the satisfaction of his thousands of readers. We also met Commodore Doak, of whom we heard many expressions of approval by the people in regard to his bold and independent style of political writing. We are glad Doak has before him such a wide field in which to labor, for we feel certain he will sustain himself in the position he occupies.

PERSONALS.

Mr. A. F. Smith made a short visit to our city this week, and returned to Louisville on Wednesday last. Mrs. J. P. McFerrin is in the city the guest of her sister, Mrs. J. F. Coats. Bryce Stewart, Jr., who has been on a visit to his father and friends in this city, sailed for Europe on the Bothnia, the 6th inst. Hon. D. N. Kennedy with his daughters and several other ladies, left on the 4th inst. for Virginia, New York and the Centennial.

Mr. D. Kincaannon, of the firm of Kincaannon, Wood & Co., left for the Eastern cities last Thursday. Dave intends to buy a large stock of goods in his line of business. Our neighbor, Mr. J. H. Pearce, is on a visit to his friends and relatives in Alabama. Mr. Leo Mainhardt will have charge of the Telegraph office during his absence.

Mr. M. C. Pitman and wife left Tuesday morning last for New York. They will visit Washington, Baltimore and the Centennial before returning home. May they have a pleasant trip and safe return. Geo. B. Faxon, of the State of Ben-ton, was up last Monday looking at the sights in the city. He can interview a town as quick and well as any man, and we know he is gratified at all signs of prosperity in his old home.

Gov. John C. Brown passed down the road the other evening enroute for the Pacific railroad. Gov. Porter was on board to escort him safely as far as Paris. We are sorry these dignitaries did not stop in the city for this "personal" losses all of its point by their failing to do so. We met with Dr. A. L. Hamilton, formerly President of the Female Academy in this city, in Nashville last week. He is now associate editor of the Sunny South, a splendid literary paper published at Atlanta, Ga. The Dr. spoke feelingly of his association with the Clarksville people and says he can never forget them.

Mr. and Mrs. Samuel Hodgson and son Samuel, left this week for the east. Mrs. Hodgson will interview the Centennial, Mr. Hodgson will purchase a handsome and select stock of millinery goods in New York, and the son will enter the commercial college at Poughkeepsie, New York. May they all live long and prosper. Mr. Christian Krupp has returned from Beersheba and Hurricane springs. We hope he has gained strength and health sufficient to enable him to live a thousand years—if he desires it—and live in Clarksville where his merits as a worthy gentleman are fully appreciated.

For fear of becoming too personal, we hold up for the present. Religious Intelligence. The protracted meeting at Bethel, on the Hopkinsville Turnpike, closed Friday night, Sept. 1—resulting in thirty-two conversions and twenty-nine additions to the Church. We learn that the whole community is pervaded with a deep religious feeling. The pastor was assisted by Rev. R. K. Brown, J. M. Wright, D. D., W. Barr, J. H. Gold and W. H. Turner. The sermon of Rev. R. K. Brown, on Sunday, was greatly blessed in awakening the people, and producing a general turning to God. The sermons of Dr. Wright made the way of salvation plain and attractive; the earnest appeals of Rev. W. A. Turner led many to Christ; under the auspicious aid of the claims of religion by Rev. Wm. Barr, many renewed their covenant with God; while the sermon and songs of Rev. J. H. Gold more than ever convinced the people that Methodism is yet singing its way around of all.

Rev. T. J. Duncan, pastor of the M. E. Church in New Providence, will commence a protracted meeting in that place Saturday night, Sept. 16. He designs this meeting for the benefit of all the people in the town who claim Jesus as their Savior, and hopes through their instrumentality to win many unconverted ones to the Redeemer. He earnestly solicits the presence, prayer, and hearty co-operation of all.

Rev. J. M. Wright, D. D., will preach in the Methodist church to-morrow morning at the usual hour. His sermon will be addressed mainly to the young men, but all others may feel assured that it will be interesting to them. As this is Dr. Wright's last sermon preparatory to leaving for his distant mission in Mexico, we hope to see a large audience in attendance. The meeting at South Clarksville church which commenced about a week ago, has been one of unusual religious interest. Rev. A. B. Cooke, the pastor, has been assisted by Revs. Dr. Wright and R. K. Brown. Up to last night there were seventeen conversions. The meeting is still going on.

The next regular Greenwood Avenue prayer-meeting will be held at E. M. Clark's residence. All are invited to attend. We have just closed a series of religious services at this place which resulted in 41 conversions, 40 accessions to the Church and 27 seekers left at the altar. The Rev. Alfred Saunders, of Edgefield, did most of the preaching, and greatly endeared himself to the large congregations that attended every service. Swift, Leath, Stewart and Caulson also dropped in during the meeting, and rendered valuable assistance. I have never beheld greater displays of divine power in any community than I did in this during the meeting. A commodious house of worship is needed here, and the friends of Christianity have already begun to subscribe liberally to build one. Lyle & Frazier have given a beautiful lot on which to build, and headed one of the subscription papers with \$100. The Board of Trustees have divided themselves into three committees, one to solicit subscriptions from the people about Collinsville; one to ask help of the other societies on Antioch Circuit; and one to wait on the citizens of Clarksville.

The indications are that the work will be speedily accomplished. I especially request the merchants, lawyers, printers, &c., of Clarksville to help largely. A. T. GOODLOE, September 6th, 1876.

THE MONTGOMERY COUNTY AGRICULTURAL AND MECHANICAL ASSOCIATION

has made arrangements to carry passengers to our forthcoming Fair, as follows: Regular passenger train leaving Bowling Green at 5 a. m. will stop for passengers at all intermediate stations, arriving at Clarksville at 7:47 a. m. Returning to Bowling Green and intermediate points, a train will leave Clarksville at 5 p. m. Returning to Paris and intermediate points, a train will leave Clarksville at 6:15 p. m. The regular morning train leaving Paris at 5 a. m. will stop for passengers at all intermediate stations. An accommodation train will be run between Clarksville and the Fair grounds during the days, at 25 cents the round trip.

Excursion rate tickets will be placed on sale at all stations between Bowling Green and Paris at 3 cents per mile. HAVE you examined the novelties just placed in store by C. L. Cooke? If not, do not let hard times deprive you of this pleasure. Those beautiful tin toilet sets, of various colors and designs, are there, and at prices that will not lighten your purse to any great extent; then in heavier material he has a stand containing coal shovel, tongs and poker, all together, neat, handy and cheap. Those iron stone pitchers, with neat fitting tops, are just what every well regulated table requires. These and an endless variety of desirable and substantial articles are to be found there, all at bottom prices. He says he can afford to sell at retail a great many articles, such as plates, cups and saucers, etc., at the same price he had to pay for the same article at wholesale last year. Go and see for yourself.

BOARD OF TRADE.—At the election held the 5th inst., the following gentlemen were chosen as official members of our Board of Trade: S. F. Beaumont, Pres.; Allen Johnson, 1st Vice Pres.; P. C. Hambaugh, 2d Vice Pres.; M. H. Clark, Sec'y.; W. J. Ely, Assistant Sec'y.; C. Kropp, Treasurer. Committee of Appeals—Allen Johnson, Chairman, B. K. Gold, T. Henderson, J. C. Kendrick, H. H. Bryan.

We learn from the Nashville Banner that some parties in Illinois have purchased several thousand acres of land in Humphreys county. Also that Mr. J. Young, an iron manufacturer of Pennsylvania, is traveling through our State with a view of investing in iron property. Mr. Young says iron can be manufactured here and sold in Philadelphia three or four dollars cheaper than in Pennsylvania.

TILDEN and HENDRICKS CLUB.—A Tilden and Hendricks club was organized at Palmyra on the 26th ult. W. Elliott is President, and S. A. Wilson Secretary. Twenty-six members were enrolled at the time of organization and seven have been added since. The prospect is that a large and active club will be formed there. The motto of Reform brightly emblazoned on your banners—the salvation of the country depends upon it.

A FREIGHT train was thrown from the track between Hampton's and Dudley's Switch last Wednesday evening, by the breaking of a car loaded with stone. The passenger trains, north and south, were delayed about eight hours in consequence of it. We were not at home when those delicious grapes were sent in by our friend, T. D. Leonard, but our better half enjoyed them, which was still better—and therefore he may consider himself doubly thanked for his kindness.

The Board of Trade are having a substantial brick wall put down, leading from Franklin street to the Tobacco Exchange. They are also having things so arranged as to grant other privileges to visitors. REV. JOSEPH MYERS preached his Ark sermon at the Methodist church last Wednesday night. We were debarred the pleasure of hearing this good man.

"PARS" communication, from Cumberland Iron Works, came to hand too late for this week—it will appear in our next issue. I certify that J. T. Atkins, railroad tax collector for the year 1875, has accounted in full, as required by law, for all the taxes placed in his hands for collection, and that his payments in money amount to more than 90 per cent. of the amount charged to him. C. W. TYLER, County Judge. Clarksville, Sept. 4th, 1876.

BARBOUR and PUBLIC SPEAKING. There will be a free barbeque and public speaking at Cumberland City on Thursday, 21st inst. We learn that ex-Governor Harris and Hon. J. F. Howe have accepted invitations to speak. Let these political orators have a rousing crowd on that occasion. NEW subscribers are coming in nearly every day. We hope to retain the names of all who subscribe, and verily believe we will soon have circulation as large, or larger, than any paper ever published in Clarksville. ACCIDENT.—Mr. W. H. Turnley, who resides on Commerce street, had a very fine mare to jump over his front fence, last Sunday, and was killed instantly. We sympathize with our friend Len. G. Faxon, of Paducah, in the loss of his infant son, Hunter Sale, which occurred on the 29th ult.

"SUNNY SOUTH," ATLANTA GEORGIA. Having received the agency for procuring subscriptions to this excellent literary production of the South, we will furnish it for \$2.00 per annum, in clubs of ten, or \$3.00 per annum per single copy. It is one of the best literary papers ever published in the South, and in typographical make-up it cannot be excelled. Specimen copies can be seen at this office. Sept. 9th.
