

THE CHRONICLE

CLARKSVILLE, OCT. 21, 1876.

J. S. NEBLETT, J. A. GRANT, PUBLISHERS AND PROPRIETORS.

RATES OF ADVERTISING. One Dollar per square of Ten Lines or less.

Table with 4 columns: NO. SQUARE, 1 MO, 3 MO, 6 MO, 12 MO. Lists rates for different ad durations.

Announcement of marriages and deaths free—tributes of respect and obituaries half price.

Attend the barbecue and public speaking at Hampton's Station to-day.

The lofty spire on the Presbyterian church is nearly completed.

Williams' majority for Governor in Indiana is 5,494. Pretty good for Blue Jeans.

It is stated that the republicans spent \$500,000 in the recent Indiana election.

Dr. A. G. Quarles, of Moscow, Ky., formerly a citizen of this city, died at Moscow last week—aged thirty-six years.

The members of the Ladies' Fund Society are earnestly requested to meet at the Methodist church next Monday evening at 7 o'clock.

Messrs. Gilbert & Beatty are making some handsome improvements upon the residence of F. P. Gracey, on Franklin street.

We are sorry to learn that Mr. James T. Moore, of this city, had two horses killed on the railroad near Red river track, last Saturday evening.

Mr. Ingram says "It is astonishing to know how many people have lost a pig." Stay more at home of nights, neighbor, and the astonishment will cease.

Next Tuesday is the day for Hon. E. A. James and H. S. Foote to address the people of this county in this city. Let all, who can, come to hear them.

Mr. Wm. Merriweather is having several frame cottages erected upon a portion of his large and beautiful premises on Commerce street, near the river.

The next Greenwood prayer-meeting will be held at the residence of Mr. H. P. Dorris. The services will begin at 7:30 o'clock. All are requested to attend promptly at that time.

According to official returns Miller, Democrat, is elected Governor of Arkansas by a majority of thirty-three thousand nine hundred and ninety-two over Bishop, radical.

Williams' majority, in Indiana, is 5,490.

Work on the Presbyterian church is being pushed forward rapidly by those excellent workmen, Messrs. Gilbert & Beatty, carpenters, and Tarpley & Parrish, painters.

Our worthy townsman, Mr. John Young, was elected M. E. Grand High Priest for the ensuing year, by the Grand Encampment of Odd Fellows at the recent meeting held in Nashville.

The Leaf says, "good mechanics ought to be encouraged," and we are proud to say we have them in our town, and we believe there is a growing disposition to give them the work that is to be done in this city.

Mr. H. Fresh is moving into his large and admirably arranged business house just completed for his use by Mr. John Elder. He will have ample room in his new quarters for the extensive stock of goods he usually keeps on hand.

From the past week Franklin street has presented a live, business appearance—the business houses are crowded with new goods and customers are dealing liberally, and the indications are extremely good for a large fall trade.

Tobacco—Very little doing at present in this great staple—only a few hogheads being sold this week. Our warehousemen are ready for all the business that can be done. The market will probably open up about the first of next month.

Temperance. Every member of the United Friends of Temperance is expected to be at their hall to-night (Saturday) at 7 o'clock. Business of vital importance to the order will come before the meeting. A full attendance is earnestly requested.

Two young gentlemen of the city were engaged in conversation on Franklin street the other day—their new crop of "Barnsides" being the topic.

Confagration at Louisville.

Louisville has been visited with a loss by fire such as she has not experienced since the burning of the Galt House. The Thorne block and Alexander's Hotel have been entirely destroyed.

Harris and Heck were insured for \$40,000, value of stock \$60,000; Harris and Haden at \$50,000, covering the value of their stock. Alexander Hotel was valued at \$20,000, insurance on it only \$15,000. No lives were lost or any serious injury except to Samuel Shank's, fireman, who was hurt by a piece of falling timber. The injury was not considered dangerous.

The glory of the summer is over. The verdure of the hills is changing into the russet, purple, gold and brown of autumn; there is no balm or perfume in the sighing wind, and the grand orchestra of nature is attuned to melancholy notes, introducing the requiem of the dying season.

No dewdrop on the rose; no lowing kine, knee deep in fragrant clover; no lotus lush at noontide; no groves prompted by cooling breezes, waving with out-stretched arms the worn and weary to the shade of the soft asides; no shadows chased by wayward zephyrs over rich harvest fields.

The Herald man has certainly been poked by his sweetheart, or refused advances on his whisky scotch or been betting on the election in Ohio; otherwise one day's frost would never have thrown him into such a slough of despond.

Mr. G. A. Ligon has completed the improvements on his residence it is one of the neatest and most convenient houses on Main street, and will compare favorably with any in the city.

Mr. Ben. Whitlock, of Longview, Ky., has sent us a white yam, which weighed eight pounds when first dug. Some of our exchanges are bragging about receiving specimens weighing more, but they cannot show any better matured or of better flavor, of same variety. Continue your favors, friends, our cellar is ample to store them.

Mr. John R. Martin presented us a liberal sample of his crop of Red Spanish and Mississippi yellow yam, both new varieties in this vicinity. He does not bring his in to compete for size, but when you desire good quality and a good yield, he thinks his potato equal to the best, or a little better.

The Troubadours.

This company performed to a pretty full audience on Monday night, and certainly dismised them in an excellent humor. The performance commenced with a capital farce, to which they give the title of "That Captain's Uniform." But what excited our youthful spectators under the title of "The Young Widow" so many years ago that we don't like to say how many. That is nothing against it, however, in our estimation, as old farces are, to our taste, generally better than new ones, and we welcome the Young Widow wherever we meet her, especially when presented so gaily and winningly as by Miss Nellie McHenry.

SECOND BOOK OF CHRONICLES.

We glean the following items from the Waverly Journal, of 13th inst: "With the superabundant corn crop, heavy mast and generally excellent crops, the supply of pork and beef cattle in this county will this year exceed either of the past twenty.

The crop of peas in this county are nearly all up and in the stack preparatory to being picked off and got ready for market. The quality is generally first class.

Capt. Gray and other gentlemen of Clarksville are up on a visit to Buffalo, are very much interested in the trout, and are abundantly supplied with tackle of the most approved patterns—are adepts in the matter and we predict will have fine sport. We endorse and recommend the party to our friends on Buffalo, asking for them such kindness and assistance as they may stand in need of."

A PROTRACTED meeting will commence to-morrow at the Christian church. All are cordially invited to attend.

FOR RENT.—A splendid farm to lease or rent. For terms, apply with references at this office. Oct 21st

PATTEN YOUR STOCK.—W. T. Pace & Co. will stop hogs and cattle, at their distillery near town, upon reasonable terms. Oct 21, 1876-3c.

MR. GEO. R. HARRIS has taken the Johnson property on Second street, known as the Boy house, and wishes to take day boarders. She has also three large and comfortable rooms to let. Any one wishing board can apply to Geo. R. Harris, or to Mrs. Harris at the house. Oct. 21, 1876-2w.

THE SINGER Manufacturing Company heads the list at the Centennial, taking two awards and two diplomas. The highest premiums offered. If anybody doubts the above let them call on W. M. Long at Wm. Kleemann's and he will show them the best authority. Oct. 21, 1876-1c.

TO THE LADIES.—If you want visiting or invitation cards, we wish to remind you that we have a large and elegant assortment of the very latest styles, all colors and tints, and can furnish them in the best printed style at the shortest notice. Give us a call.

THE Wheeler & Wilson Sewing Machine was awarded the highest and only special premium at the Centennial, and also carried off two medals and two diplomas. Other companies may have taken diplomas and medals, but the Wheeler & Wilson received the highest award. The report of the Judges of Awards fully sustains this claim. This new honor is only a repetition of the one received at the World's Fair, London, in 1862; at the Paris Exposition, in 1867; and at the Vienna Exposition, in 1873. At each of these exhibitions it was awarded the highest premium before competitors from all over the world. Its award has been a brilliant one, earned and sustained by merit alone. For durability, easiness, and all the qualifications required in a sewing machine, it has no equal. The cost is comparatively small. Office for the State, 129 Church St., Nashville, Tenn. Clarksville office, No. 13, Franklin St. J. M. FOWLER, Agent. Oct. 14-1m.

THE Voter's Text Book, or Political History of America, is just the book for the times. One Agent reports 55 sales in two days, and another 40 sales in three days. The work contains nearly 600 pages. The next District Meetings will meet at the Methodist Church in Clarksville, Monday, Nov. 4, 1876, at 10 o'clock. W. BERR, P. E.

"MISFORTUNE NEVER COMES SINGLE."—This old adage has been verified recently in the destruction of property of our friend, Thomas J. Munford. On Monday last a favorite family horse of his was hounded by a cow and killed, and a large amount of property, a fine bay horse and a mule were destroyed by fire. The mule was the property of Mr. J. B. Thomas, of this city. The horse and mule were not burned to death, but were severely injured by the flames that they had to be killed to relieve them of suffering. We cannot think that it was the work of an incendiary, at least so far as any personal revenge on Mr. Munford is concerned, as his whole career has been such as to make friends of all who know him. But the work is done, and he is looser about \$1,000.

Wheat and Flour. Flour and wheat has a strong advancing tendency in our market. The Nashville American of the 19th inst., quotes four active, and an advance of 25 cents on all grades, and closing firm. Wheat in brisk demand, at a sharp advance. In view of the foreign war, which now seems inevitable, breadstuffs are having an upward tendency in price in all the markets.

FOR HAMPTON'S STATION.—An extra train of fine coaches will leave the depot at 9 o'clock this morning, for the grand rally at Hampton's Station. Returning, they will reach here at 5 o'clock this evening. Fare, for the round trip, 50 cents. Let all take a holiday and go out to the biggest affair of the campaign so far. Lots of fun, plenty of eat, and fine speaking will be the order of the day.

THE following items are taken from the Bowling Green Democrat, of 14th inst: "Considerable quantities of late tobacco, in order to save it from frost, was necessarily cut up into small pieces, and carried to the country, though the bulk of the crop had reached maturity and was saved without material damage.

Apples of an excellent quality and in superabundant quantities are being daily brought to the city from adjacent orchards.

Mr. William Hays, of this county, was a soldier of the Revolution, who died in 1831, and who was buried on a north side of Barren river, ten miles east of this city. He was 91 years of age and had ten sons, all of whom he survived except one. Not far from his grave reposes the remains of William Manner, who served five years with Francis Marion in the Revolution, who died in 1831, and who was the grandfather of our respected fellow-citizen J. D. Manner, Esq.

Col. J. W. Caldwell made a ringing and telling speech at Smith's Grove yesterday, Monday, October 17, he is a fearless and able Democratic champion and a standard-bearer who will not let our colors trail in the dust, however formidable may be the opposition against him."

Years gone by we trudged to the same school at the old Academy, the present site of our South-western University, with John. He was a good and true boy, and it affords us pleasure to know that he has maintained his integrity and now occupies an exalted position in the councils of his State and the esteem of his fellow countrymen. He is as "true as steel."
