VOTE FOR SMITH. VOTE FOR GARDNER. VOTE FOR BRANDON. VOTE FOR HOUSE. VOTE FOR PORTER.

TUESDAY, November 7th, is the day of election. If you want an able, active and honest legislator, vote for C. G. Smith.

THE total contributions to Savannah sufferers is set down at \$87,994.73.

QUARTERLY meeting commenced at New Providence to-day.

REMEMBER, to vote for Tilden and the whole Democratic ticket next Tuesday.

Gov. John A. Dix has consented to accept the Republican nomination for Mayor of New York.

EVERY man should go to the polls Tuesday, 7th inst., and vote for Tilden and Reform.

REV. J. A. FITZ has returned from his trip to Atlanta and will occupy his pulpit to-morrow as usual.

LET every man in favor of letting railroads go untaxed vote for Frederick.

THERE will be no trouble in raising a flag-pole next campaign, and every other man in town thinks he knows how the thing should be done.

HOW H. S. FOSTER states that all the thieves and murderers will vote for Tilden. Is this a declaration, on his part, that he will support our nominee?

TO-MORROW will be Sunday, and the various denominations of our city will have church service. Let all attend some place where gospel truth is proclaimed.

FREDERICK says the railroad attorneys received \$15,000 from the county as fees for selling the railroad, and yet he voted to give Quaries \$80,000, which Quaries declined to receive.

THE proprietors of Hurricane Mills, in Humphreys county, this State, have manufactured a superb piece of blue jeans to forward, as a present, to Mr. Williams, of Indiana.

COLORED voters, remember you have to choose between two Democrats for the Legislature. Vote for no man opposed to public schools. Frederick is opposed to them.

A GENTLEMAN, of extensive travel, remarked to us the other day that our city was doing more business than any place of its size he had visited this year.

NOW is a good time to bring in wood. All who have bargained to pay their subscriptions in this way can do so as soon as it suits their earliest convenience.

THE petition asking that the Orphan Asylum and grounds be donated to the Common Schools of this district, is receiving the signature of a great many of our citizens.

LET Montgomery do her whole duty next Tuesday, for we assure you we do not have the privilege of casting our vote every election for men of such sterling integrity as those whose names adorn our ticket now.

DR. ACREE has had the entrance way to his office neatly and substantially arranged. It looks more inviting now, if anything can look so to a person with a jumping toothache. You are not compelled to visit him, he will make you enjoy a social visit as well as the next man.

AS we go to press a large crowd is preparing to attend the grand rally and barbecue at Grand's Spring, which was to come off yesterday. Of course we cannot speak of how the affair succeeded, but if the people were not satisfied with the speeches, and the good cheer given by the patriotic people of District No. 3, then all we have to say is they are hard to please.

GREENWOOD Prayer-meeting will be held next Tuesday night at the residence of Rev. J. H. Gold. These meetings are well attended, and the members are always glad to welcome any and all others who desire to participate. The object of these services is mutual spiritual benefit and to endeavor to exert an influence for good throughout our community. We may not be able to see the benefits that accrue just at the time, but we are certain that good will follow if the meetings are kept up even to the point attained since the commencement some five years ago. Let there be a full attendance next Tuesday night, and let each one who has been in the habit of attending endeavor to influence some one to accompany them who has not done so, thereby adding not only to the number of the general interest of such a noble work. Men, women and children cannot engage in a better cause—the determination to get better, do better, and get our fellows to do likewise.

The Barbecue at Daly's Shop.

The demonstration in District No. 18, at Daly's shop, on the 28th ult., was the grandest affair of the present political canvass in Montgomery county. It appears that our patriotic Democratic citizens seem to vie with each other, as far as Districts are concerned, to see who can draw the largest crowd, bring forward the best speakers, and supply the most and best prepared substantial for the inner man, and it is conceded by all we have heard speak of it that District No. 18 carries off the "honors" up to this time. The people in that neighborhood are proverbial for their hospitality and they lost none of their prestige in this particular upon that occasion. Everything was conducted in the best style and all were well pleased with the entire program. To Messrs. H. Lyle, J. W. Ataway, Wm. Williams and H. T. Lyle, are the crowd mainly indebted for the bountiful supplies and pleasure enjoyed that day. It was a rousing demonstration and Judge Smith and the whole ticket will be greatly benefited by it. Hurray for the South-side, Judge Smith and the entire National, State and county ticket.

DALY'S SHOP RALLY.

EDITORS CHRONICLE: I take it for granted that some one else will give a detailed account of the grand rally we had at Daly's Shop last Saturday, and I shall therefore confine my remarks to the orators of the day. I shall say nothing about those veterans, Henry Quarles and Smith—everybody already knows how they did their work. It is of the younger ones I would speak—P. G. Johnson and Judge Tyler—no big young men just stepping towards the front. Mr. Johnson is evidently in earnest and deeply moved at the peril of the situation, and he thought struck us that the mantle of his honored father was descending upon his shoulders. May it be so.

Judge Tyler, the Tilden of Montgomery county, diverged from the usual track and cut out a way for himself. Admitting and emphasizing the corruption and maladministration of the general government, he warned the people not to lose sight of home affairs in the midst of the reform.

THE Methodist meetings held in Louisville recently were participated in by officials and members both of the northern and southern churches. Christian feeling and brotherly love prevailed throughout. Organic union was not contemplated, but a determination to bring about a more fraternal and harmonious action in the salvation of the people by the church north and south was the object.

FREDERICK is a Democrat, so he says, and yet he is opposed to platform and candidates of the Democratic party, and puts the name of S. O. W. Brandon on his tickets. Can't go Tilden and reform.

EVERY man who works for a living and every one should be voting for Tilden and Reform. It helps to bring about prosperity in every branch of industry. His election will unlock the wheels of commerce—and send the full flow of life-blood into all the heart of the nation. It will be the dawning of a new era of peace and plenty.

AMALGAMATOR.—Mr. John S. Neblett, of the South-side, has furnished us a sweet potato, one half of which is Bermuda and the other half yellow nam. A line is made directly through the center clearly showing where the two varieties meet, but do not mingle.

AN exchange wants to know what will become of political orators after next Tuesday. We answer thusly: those of our immediate acquaintance will be about as follows.—Governor, Congressmen, members of the legislature, "go in their holes and pull the holes in after them."

FREDERICK, who is in favor of a 20 cents tax for State purposes, proposes to increase the county tax just 20 cents. "How is that for high?" He probably intends to pay more compound interest.

IT is said that the dams on the Kentucky river will not prove strong enough to withstand the pressure of high water this winter. The dams of radicalism will be strong after next Tuesday, but, doubtless, the people can withstand them.

WE believe the people are fully aroused to the importance of the present political crisis—and if the people are but true to themselves and to their country, the result from next Tuesday's work will show that corruption and corruptionists have been buried so deep that they can never surface out.

THE mechanics and Laborers' Co-operative and Building Association will loan \$2,000 to its members on the Wednesday, 8th inst. This is a good institution, and it strikes us that it has enough to enable it to loan almost any amount.

HURRAH for Clarksville—the people are alive to its manufacturing interests.—Baker & Bro. have sold a great deal of new work and have to keep up their stock. Go and see them.

GO to the Grand Central Hotel, New York. It is the only first-class hotel that has the courage to reduce rates from \$4.00 to \$2.50 and \$3.00 per day.

FRIENDS of Tilden and Reform—arouse yourselves! shake off the dew of Franklins street, bring the same location where he has transacted business for many years. Mr. H. Hardwick, an excellent workman, and an industrious gentleman, in the employ of G. B. Wilson & Co., did the greater part of the work on this building. The work upon the entire house does great credit to those who did it.

DICK OGBURN, the man who was running Frederick at New Providence, said he didn't know whether Frederick would vote for S. O. W. Brandon or not. Dick knows all about Frederick, whom "we" are running, but there are some things he would not like to tell.

EVERY vote cast for Tilden and the full Democratic ticket next Tuesday, is a vote for the salvation of our downtrodden South.

A GENTLEMAN from Louisville.

appeared on the public square one day this week, being properly licensed to sell his medicine. Soon after mounting his platform, explaining his object, some man, cowardly person threw an egg at him, the contents of which were scattered over him. Such contemptible conduct does not meet the approval of our people, for we profess to know how to treat people who come among us, and things of this kind will be put down here as promptly as in any place on the continent. We believe our people are two well known abroad to be censured for this dirty, little trick, the author of which should be properly punished.

CAPT. WM. A. ELLIOTT has been appointed Commander-in-Chief of the procession to Woodlawn to-day. He accepts the appointment, as will appear from the following card from him:

Polk Johnson, Chairman of our county Democratic Executive Committee, has flattered me by appointing me to take charge of the procession from this place to Woodlawn on next Saturday, and I request and beg that every man in the county will meet us at the grand procession from this place to Woodlawn at 8 o'clock a. m. in Clarksville. We invite our Kentucky friends to meet us with their horses and handsomeness.

Mr. Johnson has made a most appropriate appointment in the person of Capt. Wm. A. Elliott, to take charge of the procession to-day. His knowledge of tactics, and his patriotic devotion to our cause makes him the man of all others for the position.

MANY clever gentlemen are inclined to vote for Conrad Frederick. If they will sit down and calmly survey the whole situation, we believe they will be led to vote for the man best suited for the position, which will not lessen their personal regard for the opposing candidate. Judge Smith is, beyond all controversy, the man for our representative.

THE Methodist meetings held in Louisville recently were participated in by officials and members both of the northern and southern churches. Christian feeling and brotherly love prevailed throughout. Organic union was not contemplated, but a determination to bring about a more fraternal and harmonious action in the salvation of the people by the church north and south was the object.

SECOND BOOK OF CHRONICLES.

Rev. R. A. Broadhurst will preach in the Christian church at New Providence to-morrow.

M. E. Wilcox, one of the most energetic Old Fellows in Tennessee, has been paying his respects to our city this week.

Mr. G. N. Byers left for the East this week. Mr. L. Lockert will attend to the drug store in his usual correct and courteous manner during Mr. Byers' absence.

Mr. Rankin, of the firm of Lannom & Rankin, Nashville, has been in the city this week, and received a cordial greeting from his many friends.

Misses Martha and Emeline Grant left last Wednesday morning for the "Kentucky Purchase," to visit some friends and relations. We wish them a pleasant trip and safe return.

Mr. Seymour Kellogg left for the Centennial and Canada last Thursday. Hope he may return safely and find that Tilden is President of these United States.

Mr. Eugene Glascock, of Olmstead, Ky., will open a stock of saddles, harness, etc., in the room next door to C. L. Cookes, in a short time. He will also do work of this sort in the best manner and upon reasonable terms. We welcome the young gentleman back to our city.

Mr. Sam. Hyman, of Nashville, is circulating among the people of our county, selling his Centennial medals. For fifty cents you get a nice book and a chance for twenty cents up to one dollar in the bargain. He is a gentleman, and is selling his own make of books at a rapid rate.

Hopkinsville New Era.—Hopkinsville society has been granted for a week or two past by the presence of one of Tennessee's most talented and charming daughters, Miss Bettie Howell, of New Providence, who is visiting the family of Mr. R. R. Donaldson.

Hopkinsville New Era.—We learn from a private letter to a friend of his in this city, that Dr. J. P. Thomas of this county is rapidly convalescing and will soon be able to resume his professional duties. Dr. Thomas has for several months been afflicted with a painful and serious affection, for the relief of which he sought the virtues of the water of Crab Orchard Springs, and now returns to his friends with every promise of an early restoration.

Mr. J. O. Gorman, one of the clever, energetic proprietors of the Paris Intelligence, spent a few days in our city this week. Mr. G. lives in a good town, publishes a good paper, and is glad to acknowledge from our business men. We once lived in your town, Mr. Gorman, when we were much younger than we are now, and we yet cherish the kindest feelings for quite a number of the good citizens of Paris. Much happiness to you and them.

SOME may think it is overdoing the thing to parade so much about the present election. Let all such reflect that this is the most important political campaign we have ever engaged in—one that is to tell, for weal or woe, upon the future peace and prosperity of our nation.

Mr. Bailey M. Barksdale is again behind the counter at Bloch Bro's. Bailey has made many friends for this house, and he hopes he may make many more for himself and the firm he represents.

THE only way for a party to succeed is for it to be thoroughly organized and act as a unit. To hold the party together it is the duty of every good citizen to vote for the regular nominees of his party. Then do not throw your vote away by supporting Conrad Frederick.

A beautiful finishing touch to Mayor Sullivan's business house on Strawberry street, in the way of a metal cornice. This will be a beautiful building when completed.

MESSES. Keesee & Northington have in store new crop of New Orleans molasses, rice, cheese, and all articles kept in every well regulated grocery establishment. Read their new advertisement, and then buy what you want.

THOSE colored men who can write can change the name of Frederick and put Smith's in its place. They will do it. Wonder if that is not the reason why Frederick is opposed to public schools. If he could keep them from learning how to read and write he might fool them.

BOTH candidates for the legislature in this county are Democrats. Judge Smith is the nominee of the Democratic party, the other, Conrad Frederick is a disorganizer.

W. T. PACE has his distillery near the city in full blast, and on last Tuesday he gave all his employees a nice little barbecue, which was enjoyed with a gusto by all present.

COLORED voters, vote for the man who is in favor of keeping up our public schools. Conrad Frederick is opposed to the public schools.

FOX & SMITH are receiving their large and varied stock of hardware, etc., recently purchased in the East.

THE Independent Champions of the Red Cross will meet at 7.30 o'clock to-night (Saturday), at their hall. A full attendance is requested.

LOOK well to your tickets next Tuesday.

SALES of 15 hogsheads of tobacco this week. Prices were pretty well sustained on all good grades. One fine hoghead brought \$14 75.

MR. C. FREDERICK has a card in to-day's paper in regard to common schools.

Wanted! Everybody to bring us their battered, rusty or worn-out Sewing Machines, and have us turn them out bright, polished and in perfect working order. We will give a written guarantee to keep in perfect order for 12 months, any machine we repair. Call on us for any information you may wish in regard to Sewing Machines, rear of V. L. Williams' boot and shoe store. H. K. SPRINGER, Oct. 14, 1876.

FATHERLAND.

Oh patriot hearts, your Fatherland Now calls you forth with voice and hand To crush our wrong, uphold the free, As champions brave of Liberty.

Oh country loved then need'st not fear Thy patriot sons stand firmly here Dear land, dear Fatherland, thou need'st not fear.

We under Tilden's lead, stand firmly here. Oh work for Tilden, good and true, And drive from power the scoundrel crew, Who hold our people in their toils, And all for plunder, puff and spout.

Oh give us rulers just and pure Who equal rights to all ensure; Make war's bad passions now to cease, And, most of all, oh give us peace.

Oh give us peace 'twixt black and white, 'Twixt North and South, 'twixt might and right, And of the down traitors who, for gain, Would make your peaceful efforts vain.

The above was written by Dr. D. F. Wright for the Tilden and Democrats Club, and sung by them to the German air known as the "Watch on the Rhine."

SAMBO OS DE 'LECTION. [From the Courier-Journal.] Gilt out de way, here comes Blue Jeans; De way de way 'till de booting 'round; Gilt out de way, here comes Blue Jeans; De way de way 'till de booting 'round.

One Morton come with "bloody shirt," And all about de war he takes de word; He say de war 's de best de way, And lay him by, de war 's de best de way.

Oh good Lord, how Morton fly! He look not back, nor say, good-bye; He leaves his "bloody shirt" behind, But his war 's still another find.

De good news comes through Old Kentucky, To S. O. W.'s State-of-Honors pick; God bless dem Hooper boys, 'Till de way dey fight is no child's play.

Roll on dat Tilden wave, remember, Sambo will lead 'em 'till de November; And North and South will soon be one, Den Grant's big tree will come de rain.

THE Wheeler & Wilson Sewing Machine was awarded the highest and only special premium at the Centennial, and also carried off two medals and two diplomas. Other companies have taken diplomas and medals, but the Wheeler & Wilson received the highest award. The report of the Judges of Awards fully sustains this claim. This new honor is only a repetition of the one received at the World's Fair, London, in 1862; at the Paris Exposition, in 1867; and at the Vienna Exposition, in 1873. At each of these exhibitions it was awarded the highest premium in the world. Its renown has been a brilliant one, earned and sustained by merit alone. For durability, easiness, and all the qualifications required in a sewing machine, it has no equal. The cost is comparatively small.
