CLARKSVILLE JOURNALISM IN 1848.

A curious specimen of journalism has recently been handed to us by a friend. It is a sheet, dimly printed, twelve inches by eight, printed in Clarksville during the Federal occupation of the city, of course it was printed under Federal auspices, otherwise its publication would not have been allowed in those days.

Wildly enthusiastic, they left their homes without one thought as to the true responsibilities of the undertaking. Their march to camp was more like going to the transition joys of ball-room or festival, than to the cold realities of the battlefield.

Two years and a half have flown. A sad change has come over the prospects of the Confederacy. The 14th Tennessee has met a terrible fate. Ever thrown to the front, it has fought in all the bloody contests of Virginia.

On Saturday last two prisoners, named Henry Quarles and William Verloin, both colored, made an attempt to escape from jail, the former successfully. The Sheriff, Mr. J. E. Mosely, had brought a prisoner to the office of his lawyer on Strawberry alley, and it was the plan of Quarles and Verloin to avail themselves of his return to overpower him and make their escape.

Waterston. And Waterston is coming to lecture; and summer and Waterston come together and come alike—gay, genial and graceful. Waterston is to lecture on the South, and who better knows the South in her strength and in her weakness, her chivalrous honor and her happy humor?

THE public school friends and patrons of District No. 7 are requested to meet at the Baptist Church in New Providence, Tenn., on Tuesday, March 19, at 7 P. M.

W. J. POWERS, H. W. WATTS, J. S. R. MARTIN, Directors. Divine service will be celebrated every afternoon during the week (excepting on Saturday) at half past five o'clock, and on Sunday at five o'clock instead of half-past three.

MESSRS. SHAW, SCOTT & CO., have purchased, from Mrs. Jennie Johnson, the lot on the corner of Second and Commerce streets, and have already commenced building a large store room for their increasing business.

MR. LEWIS R. WILLIS has accepted a position in the hardware house of Messrs. Fox & Smith. Mr. Willis is an energetic business man and will doubtless make it profitable to this old and reliable house.

MR. and Mrs. ROSENFELD left the first of the week on their Eastern tour to purchase their spring stock of millinery. They will no doubt display their usual good taste in their purchases.

COLEMAN'S Rural World. Every farmer should take, in addition to his county paper, a good Agricultural Journal. We can recommend Coleman's Rural World as being one of the best.
