Railroad Guide. Passenger trains leave Clarksville as follows...

Club Rates. We will furnish the CHRONICLE and the following papers at the prices named below:

New Advertisements. Read special notices of Lieber's Trade Palace.

Read special notices in another column. Mr. Coleman has a card in another column.

Read special notices in another column of the New York Store, which will be opened next week in the house recently vacated by R. L. Hamlett.

See card of R. H. Walker & Co., tobacco salesmen and commission merchants, New Providence. They are reliable gentlemen and will not doubt receive that liberal patronage they deserve.

On the 31 day of December next R. H. Poston, as agent, will sell the Poston Farm, situated on the river, opposite the city. The farm contains 80 acres, and very favorable to grow culture, etc. For particulars call on R. H. Hamlett.

Lovell & Myers have opened a furniture store in Elder's Row, two doors east of Caldwell & Shelton's grocery stable. They keep picture frames, parlor brackets, etc., and also manufacture furniture to order. Give them a call when in want of anything in their line of business.

Any one desiring a splendid river-bottom farm would do well to read the advertisement of C. B. Ryan in another column. This farm lies within two miles of the city and is one of the richest in the whole country. For further particulars call on Sam'l Johnson.

The Galvanic Churn Company of Chicago, Ill., has an advertisement in another column. With this churn butter can be made in thirty seconds. We learn that a citizen took a pint of milk to the agent at the Franklin House on Thursday, and that in a few seconds he had a pound of good fresh butter. Call at the Franklin House and see this wonderful invention!

The valuable suburban residence of Mrs. King, on Greenwood avenue, is advertised by Mr. Sam Johnson for sale. It contains 3/4 of an acre of land, a portion of which is well timbered. Upon the place is a two-story brick residence, with carriage house, ice house, together with all necessary out-buildings. The property on this street will in a few years be worth double what it can now be bought for. Read advertisement in another column.

"Come, Birdie, come." OWEN & MOORE will move into their splendid new store next week.

THURSDAY, the 28th inst., has been appointed as a day of National Thanksgiving and prayer.

SUBSCRIBERS in arrears will confer a favor by paying up on an early day as we need what is due us.

THE Nashville Journal of Medicine and Surgery comes regularly to hand and is always well filled.

THE Court House lot is being cleaned up preparatory to commencing the new building.

THE NEW Public School building is being pushed forward rapidly by the contractors.

At this writing water is getting quite low in our rivers. A good rain is badly needed.

THE Gracey Warehouse is about completed and Ike Shelby has moved into his new office and is as happy a man as can be found any where.

MR. H. A. CURRANT has bought the old Broadland stand now occupied by R. L. Hamlett, and will open a chair factory soon. Nay succeed attend Mr. Currant.

ADVERTISERS will bear in mind that the CHRONICLE has a circulation second to no weekly paper in Tennessee. Our subscription list is open to the inspection of advertisers at any time.

MR. LEWIS BURNING, living near St. Bethlehem, has a stray mare male that came to his house about ten days ago. The owner can get said mule by proving property and paying for this notice.

WESTER'S Tonsorial Parlor, next to the Franklin House, has been thoroughly refitted and furnished with new chairs. Westein always keeps a good corps of barbers, and we recommend him to those wanting a good shave or fashionable hair-cut.

W. T. DORTCH has just received from Paris a very unique minnow bucket. It is a composition bucket, with the handle on the side. It is now at the Express Office, and lovers of the sport should call and see it. Kincaannon, Wood & Co. can supply any number at \$1.00 each.

TALMAGE, in one of his recent sermons, in which he tells of his visit to the slums of New York, says: "I was bounded on the north by crime, on the east by crime, on the south by crime, on the west by crime." He was evidently on a "Crime-an-say."

THE Singer Sewing Machine Company has opened an office in this city at No. 5, Elder's Row. The business is in charge of W. H. White, a competent machinist, who will repair and put up new parts in old machines. He will also keep for sale needles for all kinds of machines. Give him a call.

An interesting brace of juvenile buccies entered a tonsorial parlor on Franklin street one day this week and undertook to play sharp. They resolved that while the barber was shaving them they would show him; so, in the presence of the artist, they appointed No. 1 financial agent, whose duty it was to settle the bill. While No. 2 was being barberized No. 1 quietly stepped out to see a man, and when No. 2's job was finished the financial agent was not on hand. The barber demanded his pay, but the bronzed son of Ceres told him to go to the "sawest by and by." The police were informed of the doings of these rural cavaliers, and they were escorted to Justitia's palace at the West End, but the author of the boys came upon the scene, paid the fifteen cents, and all was serene.

WILLIE Misses Eliza Keese and Marion Martin were enjoying a quiet row (the "oo") has the long sound here) on Lake Omo (other well known as the Drane pond), last Saturday afternoon, a beautiful trout, weighing six and a half pounds, leaped into the water and was captured. Now, we should love to be able to say that the young ladies, out of the overflowing tenderness and goodness of their hearts, took the poor thing gently in their hands and returned it to its natural element; but such was not the case. On the contrary they bound him hand and foot and bore him away, and he graced the matutinal board last Sabbath.

MR. JOHN R. GOODPASTER left last week for the purpose of pursuing studies in the military. He was, as is well known, a member of the Clarksville bar, and is a talented, promising young man. He would have risen to prominence as a lawyer, and he will make his mark as a minister of the gospel. He is one of the most conscientious, high-toned gentlemen we have ever known, and we know him well. He was independent in his opinions, and shrank from no duty, and having been convinced that it was his duty to preach, he at once put aside everything else. He was a member of the last Legislature, making for himself a record in that body of which he may feel justly proud. He was then from Overton county. He was a delegate from this county to the gubernatorial convention that nominated Marks. Although he has been in our midst only a few months, he was universally respected and beloved by all who came in contact with him, and we bid him God speed in his new and noble calling.

THE Paper Bag Factory. Some of our clearest headed citizens have signified their intention to take stock in the Factory, and we have no doubt but that within a very short time all the stock will be taken. Heretofore the proprietors only wish a subscription of \$15,000 and only ask for 10 per cent. of that in cash. Let any one go to Davidson's gun shop and see the muskeets work and he will no longer have a doubt of the success of the invention. Then let him refer to a recent number of the CHRONICLE and carefully criticise the calculations there, regarding the profits of the investment. The investment is a good one, there is no doubt about it, and we would be happy to see this factory go up in Clarksville. We could then supply the whole Southern country with paper bags at as low or lower rates than they can be obtained anywhere else in the United States. Let us have the Factory.

KINCANON WOOD & Co. have one of the largest and best selected stocks of Stoves, Tinware and Queensware in the State. Their collection embraces a long line of Table-ware, Cutlery, Silver and plated Ware of every variety, besides any amount of Lamps and Glass ware of all kinds. Their stock is complete, and has been selected with direct reference to the Clarksville trade.

Meteorological Report. The following is a summary of the meteorological report for the month of October, 1878, transmitted to the Signal Service Bureau, U. S. Army, Washington, D. C., by Prof. J. W. Caldwell, M. D., S. W. P. University, Clarksville, Tenn.: Highest observed barometer, 30.45; Mean height for month, 30.17; Highest temperature, 78; Lowest, 42; Mean temperature for month, 56; Mean humidity, 64; No. of days on which rain fell, 20; Total amount of rain, 2.38; No. of hours of observation, 7 a. m. to 2 p. m., 210; Barometric observations reduced to sea level and 22° F.

THE following is the official vote of Dickson county in the recent election: Governor—Marks, 674; Edwards, 304; Congress—House, 673; Akers, 359; Prosser, 73; Campbell, 5; State Senator—Leech, 597; McClelland, 182; Hibbs, 424; Representative—McQuary, 352; Power, 233; Lowe, 115; Hooper, 286.

THE following from the Hopkinsville (Ky.) New Era, are our sentiments exactly, and are very applicable to this section: "Many persons spend hours at this season roaming forest and field in search of 'beautiful views,' but to the journalistic vision there is no sight so refreshing and beautiful as a stream of conscience-stricken delinquent subscribers pouring into the business manager's office to liquidate."

THE Springfield Record of the 11th inst., has the following item: "The interest in the revival at the Baptist church continues unabated. To time of writing there has been ninety-six conversions, and nearly fifty—among them some of our best and most prominent citizens. Fifteen have joined the Baptist church, forty-two have joined the Methodist church and three the Cumberland Presbyterian church. All this section is being converted, and we are coming up to the work of the Lord."

ORIGINAL COURT met on Monday last, Judge Tyler presiding. The docket is very full and the court will be in session several weeks.

Personal Mention. Capt. Ed. Howard is in New York. Mr. William Dudley is rapidly convalescing. Mr. Polk G. Johnson and lady are visiting friends in Chicago, Ill. Mr. W. B. Bringham, Sr., has moved back to his old home on Main street. Mr. Ben. Blackman, son of O. M. Blackman, has taken a situation with Capt. Crisman. Miss Mary Breed, daughter of our esteemed friend, G. C. Breed of Louisville, is visiting relatives in this city. Mr. G. N. Byers is in the eastern cities buying a stock of drugs for his new store, which will be completed in a short time.

Mr. G. A. Ligon, of the firm of Ligon & Settle, has returned from the east where he has bought an immense stock of confectionaries. Mr. W. Kennedy Jones, from near Helena, Ark., is in the city visiting the family of Mrs. E. J. Drane. Capt. B. Smith, of California, a relative of Mrs. W. R. Bringham, Jr., is on a visit to our city and is a guest of the Franklin House.

One of the cleverest young gentlemen in Clarksville is James Oldham, of the firm of Dority, Oldham & Co. Jim is a fine business man and has lots of friends. Mr. Theo. Plummer, of Nashville, was married in that city last Wednesday to Miss Mary Livingston. There are many friends here who congratulate him on the happy event.

Mr. B. H. Owen, of the firm of Owen & Moore, has just returned from the east where he has purchased a large lot of Christmas presents. They will be on exhibition in their new store in a few days. Be sure to examine them before purchasing. Mr. P. T. Millet, express agent of this place, is making his annual visit to relatives and friends in Paduch and Henderson, Ky. Mr. Millet is one of the most popular agents that has ever been here. Mr. Porter has charge of the office until Mr. M. returns.

R. L. Hamlett has moved his tin shop to the room recently vacated by M. L. Joslin, next door to telegraph office. Mr. C. Shukinsky of Hopkinsville will open a dry goods and clothing store in the room formerly occupied by Mr. Hamlett in a few days. Mr. Jerome Duncan, son of Rev. T. J. Duncan, and late with W. J. Powers & Co., of New Providence, has accepted a situation as salesman in the popular house of Blech Bros. He is a clever and accommodating young man, and will be pleased to see his friends at his new stand.

The friends of Albert Firse, (top colored barber) both white and black, sympathize most deeply with him in the loss of his wife and little boy. They died within a week of each other, and were much loved by all their colored friends.

MR. JOHN S. NEBLETT, County Trustee, can be found at the Bank of Clarksville every day, ready to receive taxes and fines. He is now due, and unless paid very soon you will have an additional cost of four per cent. to pay. Pay your taxes!

The latest addition to our exchange list is the Farmers' Review, Chicago, Ill., and a most welcome addition it proves. It is as full of departments as the Government at Washington, and they all bear evidence of unusual skill and industry in their management. It is emphatically a model farm and family monthly. It is, without the nearest and cheapest journal of the kind in the world. Fifty cents secures a copy for one year. We will furnish the Review and our own paper, each one year, for \$2.25. Specimen copies can be seen at this office.

MR. GEO. P. DOERN, proprietor of the Louisville News and Anzeiger, died in that city on Monday last. He was much beloved by the members of the press and by all who knew him.

From Corbendale. EDS. CHRONICLE.—The "Bald Horned" is elected and in his words "Richard is himself again." It is the first time for years that the lower end of the county has had the naming of the Representative. We are as well satisfied as we can be until the Southside can enjoy the same privilege. The Southside has got a little off the line of late, but I think she has several good men that could bear legislative honors with distinction.

A shooting scrape occurred last Sunday, at the house of Miss Nivels, on "Seace Grease" branch. It seems, from what we can learn, that a row was raised and Hardin Bradley shot Jim Wynn, the shot taking effect in his arm, making a slight but painful wound. Bradley was arrested next day and tried before Judge Wilson, and bound over to court.

The Handle Factory, on East Fork creek is flourishing. It pays out about \$500 a month and is a considerable help to the country. The corn crop is being gathered, and is lighter than was expected. It did not fill out well. Hogs are plentiful and fine. Money is scarce, but we can eat our own "hog and hominy." FLAT WHEEL. Corbendale Nov. 14, 1878.

We learn that, on account of the coal and dry weather, the wheat that has been sown has come up very badly and is scarcely growing at all. THE New School Building. After surmounting a complication of obstacles, the Building Committee is pushing the building for the public schools with commendable energy. They have already nearly completed the second story, and will no doubt get the building roofed in before it gets too cold for building operations. We thank the committee and congratulate the community upon this progress in a much needed improvement. The site is magnificent; from the upper story a view will be obtainable superior to any in the city.

You are mistaken, Colonel; Riley does not intend to patronize the water works; he goes higher up the river for his supply, where the inspiring stream meanders through Robertson county. If you want to taste Red river water pure from the source, Riley's boy-man. He keeps the genuine article always on hand. DURING the absence of their Captains the C. C. G's are drilled by Lieut. Christy. He is a competent master of the tactics, but his mouth fails to come to time now and then.

Musical. Prof. Meinelinger is organizing a musical society which promises to do much good in Clarksville by promoting a taste for good music. We had the pleasure last week of attending one of his rehearsals, at which some operatic choruses were sung with much spirit and expression. The Professor is receiving no remuneration for his efforts, and if (as we sincerely hope will be the case) the society should be a success, he will deserve the lasting gratitude of this community. The society meets on Friday evenings at 7 p. m. at the Female Academy. Every one who has an ear and a voice should join, and what is most important, all who have joined should be punctual at rehearsals.

We have just received the largest stock of Papers, Wedding Invitations, Letter-heads, Bill-heads, Note-heads, Visiting and Business Cards, etc., ever brought to this city, and are prepared to do all kinds of work in the neatest manner. Those having work to be done will do well to call and examine our stock and prices.

Phil. Lieber's Trade Palace. Phil. Lieber has removed into the first story of McCormac's new building. A gentleman, in the dry goods line, who has been working in Clarksville a few days since looking around and he said that for the dry goods trade, he never saw a better store-room than the one occupied by Mr. Lieber. It is large, roomy, well ventilated and lighted and is warmed with hot-air from a furnace in the basement. Mr. Lieber has large experience in the dry goods business and knows the wants of his customers. He was one of the very best workers in the fire, and his energy and pluck merit for him a fair portion of the trade of Clarksville and vicinity. His stock is superior, and embraces everything usually kept in a first-class dry goods house, besides many novelties. Mr. Lieber's corps of salesmen are polite, attentive and handsome. Give the Trade Palace a trial.

The Tobacco Leaf, sometime ago, noticed a new style of minnow bucket which the Secretary of the C. & D. Club started off with to Buffalo river. It is a variety of "Lord Dexter's" celebrated another member of warming pans to Cuba, which, though not used as originally intended, were found to be just the thing needed for syrup dippers, the top acting as a strainer, so that what was intended as a hoax on Dexter yielded a handsome return on the shipment. We have never seen the minnow bucket referred to, but understand that it is a combination affair, capable of a variety of uses. Besides being suited for the transportation of minnows long distances, it can be taken apart and the top used as a frying pan, the bottom as a steppan, or soup tureen, or a water-proof head-covering during heavy rains, etc. It is a French invention and, we suppose, was exhibited at the recent exposition, as we hear that Mr. Dorch, another member of the club, has just received one from Paris. It seems a handy thing to have, as Capt. Gracey also has one, we learn—probably brought over the water by Mr. Joseph. If any other fishing clubs wish them a large discount would no doubt be obtained by a full order. They are said to be made of a composition which resists both wind and weather.

PROCLAMATION. In the Name and by the Authority of the State of Tennessee. I, James D. Porter, Governor of the State of Tennessee, hereby designate Thursday, the 28th day of November, 1878, as a day of thanksgiving and prayer. I recommend that on that day all secular pursuits be suspended, and that all citizens of the State assemble in their usual places of worship, or around their own firesides, and render thanks and praise to Almighty God for the blessing and protection granted to them during the past year, and to invoke His guidance in the future; and I recommend that this day be distinguished by acts of Christian charity toward the poor and the destitute.

In testimony whereof, I have hereunto set my hand, and caused the Great Seal of the State of Tennessee, at the Executive Department at Nashville, this 13th day of November, 1878. JAS. D. PORTER, Governor. CHAS. N. GIBBS, Secretary of State.

FROM an article in the last Tobacco Leaf, one would suppose that Ingram had located his dairy near Red river as a matter of convenience. DORITY, OLDHAM & Co. have now fully opened their stock of groceries, and are now ready to wait on their customers and friends.

THE stockholders of the recent colored Fair met a few days ago and after paying the indebtedness distributed twelve dollars to each member. A PHILHARMONIC Society is in process of organization in Clarksville, composed of a number of our best amateur and professional musicians.

Attention. I would most respectfully announce to my friends and former customers that I am now with Mr. Philip Lieber, at the Trade Palace, and would be very glad to have them call, one and all, guaranteeing as good goods and as low prices as any house in the city. M. B. COLEMAN. Nov. 16, 1878-11.

COME ONE AND ALL. and see our new stock of Chromos, Pictures, Picture Frames, Mouldings, Parlor Brackets, Wall Pockets, Window Cornices, etc. We can make you any kind of furniture you want, or make your old furniture look like new. Not in Vain. For a wise purpose, do the immense forests of the Buckeye receive the gentle ministry of the dews, the sunshine and rain, for the fruit they yield is highly valued for its medicinal properties, which have been combined with other materials, and a pile Ointment prepared, which surpasses anything ever offered the public as a cure for Hemorrhoids, or Piles. All who suffer with that terrible disease can find permanent relief by using Tabler's Buckeye Pile Ointment, the only unfailing remedy for Piles. Sold by Owen & Moore Druggists at 50 cents a Bottle. Ask for Tabler's Buckeye Pile Ointment.
