THE Tobacco Leaf takes exceptions to our speaking of Mr. Henry French's Democratic battery as a small cannon. That piece of artillery is like one of those things you have heard about, little but loud. We confess it shook us up powerful and we are not at all surprised that it would make a man who was asleep in Louisville.

WE have received a copy of the prize engraving of Peterson's Magazine. It is a handsomely executed work of art, such as any lady would greatly appreciate. It represents a mother with her infant preparing to retire for the night, while a little "toddlerskin" of about three Summers is crawling up the stairs in advance of her. The engraving is large and suitable for framing.

TWO negroes were arrested here Monday by officer Holeman for attempting to steal stolen cattle. They stole three cows from a gentleman who lives near Hopkinsville, and were trying to sell them to Mr. Kincannon in this city. Mr. Holeman's suspicions were aroused by their manner, and the fact that one of the cows which they offered for a mere song was a graded Jersey. The thieves will be carried back to Kentucky on a requisition.

The Pensacola Commercial announces that a Steam Laundry is to be put in operation in that city. The announcement suggests to us that Clarksville is in need of a similar institution and we wish to advertise the fact that a steam laundry is such wanted here. It seems that the Pensacola laundry is to be on an extensive plan; a good size building is being erected for the purpose, considerable machinery has been purchased and skilled labor employed to conduct it. Clarksville could put up with something smaller, but we believe this city would support a first class laundry. The only dependence of the Clarksville people now is colored washerwomen and that is unsatisfactory, expensive and often very annoying. A good laundry would do its business with neatness and dispatch and could afford to wash much cheaper than at the prices that prevail here. Articles could be washed promptly at any time and it would not be a week after they were sent out before they were returned. We believe a laundry in Clarksville would be universally patronized by the white population and would no doubt prove profitable.

Mr. Remenyi was heard with delight last week by an audience which comprised all citizens of Clarksville who are capable of appreciating refined and delicate musical effects. He exhibited his talents in four different pieces, so selected as to exemplify his various merits as an artist. Ernst's "Fantasia on Bellini's Pirata" gave us a composition of one of the great violinists of the present century faithfully and sympathetically interpreted by a kindred spirit; Ernst himself could not have wished his composition in better hands. Next, the "Hungarian Melodist" was an effusion from the innmost soul of the artist, who in this instance, was both composer and executant; all the resources of his inexhaustible genius were lavished upon the national airs, which, doubtless, were familiar to his childhood, and first awakened in him the passion for music which has since borne such marvelous fruits. The third piece announced was again variations on "Nel cor piu non mi sento." For some reason another composition by the same composer was substituted. The very spirit of eccentric diablerie which inspired the author was carried out by Remenyi as if he were speaking from his own heart; the violin in his hands was a familiar spirit which alternately pleaded, complained, jeered and laughed. The concert was concluded in a vehement shower of staccatos that sounded like a demon's laugh. Finally in the Bach-Gounod "Ave Maria" he again became the conscientious interpreter. This interesting composition, in which the profound harmony of the old school is combined with the expressive melody of the new, was executed by the three artists, Remenyi, Miss Dutton and Bauer, the pianist, with a fidelity that enabled a discriminating audience to appreciate all the exquisite beauties of the composition. Remenyi's great merit consists in his command of the dynamic resources of his instrument; commencing with broadest and fullest tones of which his splendid violin is capable, he afterwards exhibits the most delicate effects in pianissimo with morose precision; then with his double-stopping gives the effect of a stringed quartette, and afterwards with his masterly arpeggios both with bow and pizzicato emulates the splendor of the full orchestra; but with all this it is never execution for the sake of execution, but the skill of the virtuoso is always kept subordinate and instrumental to the expression of the leading idea; his fingers are marvelous, but he plays not from his fingers, but from his soul. Miss Dutton, the vocalist of the troupe, is a thoroughly well schooled singer with a rich mezzo-soprano voice, bordering on the contralto, whose singing gave a very pleasing variety to the concert. Mr. A. Bauer, accompanist and solo pianist, is an artist of great merit; but unfortunately, it was not possible to secure him an instrument such as to do justice to his powers, which were necessarily less appreciated than they would have been with a better piano. We heartily thank the management for having secured us a delightful evening's entertainment. D. F. W.

Major C. Gordon and family will occupy the house on Union street vacated by Mr. Walter McComb. Dr. H. H. Marble has returned to the city after an absence of several months, and will resume the practice of his profession. Mr. Robert Yates, of Sherman, Texas, is visiting his relations here. He is a former resident of Clarksville, and has many friends here who enjoy his visit. Col. Thomas M. Atkins and wife left on Monday morning for Louisville to attend the Grand Lodge of Masons. They will probably return on Friday. Mr. J. H. Acheson and family, of the Post Royal neighborhood, were in the city on Monday and Tuesday. They were accompanied by Mrs. Boyd Moody. The family of Mr. Walter McComb, consisting of Mrs. McComb and three children, left for their future home in Nashville this week. They will be greatly missed in Clarksville, and much regret is expressed at their departure. Rev. J. P. McFerrin, J. D. Barber, D. D., Dr. Hauser, Lewis Love, and S. A. Caldwell, H. W. Moore and R. H. Pinkerton, left for the Tennessee Conference at Shelbyville on Tuesday morning. The Conference will be in session nearly a week. Major Daniel Bond, of Brownsville, was in the city Monday and covered us with a call. Major Bond is the kind of man that the country needs; to such a type of citizen we do not represent in the city. He is possessed of fine abilities and is bending all his energies to the development of an excellent West Tennessee. We wish him great success in his laudable undertaking. Announcements. Barrett's Circus arrived in Clarksville Sunday and gave the usual street parade and two performances on the following day. The performances were fully up to the average and possessed some superior features. A negro contortionist was the best in his line that we have ever seen, a female equestrian in the saddle did some splendid riding and the iron jawed woman astonished everybody. A man with metallic teeth was also quite wonderful in his way, and a woman balancing herself in a swing gave a novel and difficult performance. The menagerie was not a very large one, but the circus, on the whole, was by no means a disappointment. Cal Wagner's Minstrels will be at the Opera House to-night. Happy Cal has such a wide and well established reputation as a burnt cork artist that it would be superfluous to say anything in his praise. He has a large and well selected troupe, and will greatly amuse the large audience that will no doubt attend. The Million Nobles Dramatic Troupe appeared at Elder's Opera House Thursday night in their well known play, the Phoenix. This comedy having been on the stage for ten years, is quite familiar to the theatre goers of larger cities, but it was never presented in Clarksville before and a very fair audience witnessed it Thursday night for the first time in this city. It is one of those dramas that might be said to be written with the scissors. The plot has all the usual ingredients of a last will, detectives, a heavy villain and pretty girls recklessly thrown together, but it contains many happy hits of broad and raucy humor that take with the crowd and keep the audience in a laugh. There is one glaring inconsistency in the play, that is, if any one would fall to notice. A pretty promettee little flower girl is presented as the older half-sister of a man apparently thirty years of age. Mr. Noble's acting was very good with the exception of a rather indistinct utterance, and his support was fair, to say the least of it. Mr. Max Lehmann as Moses Solomon was a highly exaggerated caricature of the lower class of Israelites, but he succeeded in "bringing down the house" on more than one occasion. Miss Alpha Perry deserves mention for the captivating and piquant manner in which she personated Katie Moran. The scene was well executed and very realistic. On the whole, the Phoenix is a good play for a mixed audience and is always likely to meet with favor. A New Orleans Man Drowned. Special to the Times-Banner. LAS VEGAS, N. M., Oct. 19.—Wm. M. Ring, late of New Orleans, and a companion, Geo. Slocum, were drowned this evening in Las Vegas, near the boat. They were in a canoe's boat hunting, which collapsed. Ring, the younger, was a young man whose death is recorded above, was the only son of the late Capt. Geo. Ring, of the 4th Louisiana Regiment, which was a part of Hay's famous brigade. He was also a grand-son of Mrs. E. E. Ring, of this city, who was prominent at the University in this city. He was an intelligent, promising young man, and his untimely death will be mourned by his late father and his friends. His grandmother and his immediate family will have the sympathy of a host of friends in their bereavement. A FRIEND.

Like an Evil Spirit. In olden times it was thought that evil spirits came in through cracks and keyholes. The generally approved way to keep them out was to plug up the keyholes and stop the cracks with cotton. Notwithstanding these preventive measures, the evil things had their own way and often came in as they pleased. So comes malaria now-a-days. We try to keep it out of the keyhole and it comes in by the crack. We stop up the crack, and lo! it comes from a leak in the plumbing, or an opening from some neglected drain, or from some unsuspected source and unguarded direction. We cannot always keep malaria out, but we can give it battle and drive its effects from our systems. If BROWN'S LEMON BARK is taken in time malaria has got a ghost of a chance. This is the great family medicine. Your druggist sells it, and you ought to keep a bottle in the house.

ESTABLISHED 1852. BLOCH BROS. WHOLESALE DEALERS, 11 and 12 FRANKLIN ST., CLARKSVILLE, TENN. OUR CARPET DEPARTMENT

Has become one of the leading features in our business. We have just received the most extensive lines of Carpets, Oil Cloths, Rugs, Window Shades, etc., ever shown in this city. They are the newest patterns, bought direct from the manufacturers at lowest cash prices, and will be sold correspondingly low. We desire to thank our friends in this and adjoining counties for their very liberal patronage of this branch of our business, and to assure them that we will ever endeavor to merit a continuance of the same. We are daily receiving additions to our mammoth stocks of Dry Goods, Clothing, Ladies' Cloaks and Dolmans, Velvetens, Boots, Shoes, Hats, Trunks, etc.

We claim to keep the Largest Stocks, Lowest Prices and Best Goods in the city. Country merchants will find our Wholesale Department always replete with new and desirable goods. Write for quotations. Behind our counters, anxious to please you will find A. Sloan, Robt. Mainhardt, Jerome Duncan, W. T. Averitt, B. M. Barksdale, George A. Leigh, M. B. Coleman, N. Gallinger. Respectfully, BLOCH BROS.
