THE BIG BARRELS.

Preparations are going ahead for the entertainment to be given in this city on the 9th of June to the people who live along the line of the I. A. & T. railroad.

The business men are putting their hearts, as well as their money, in the undertaking and are determined that it shall be a great success.

A cordial invitation is extended to all who live within the region designated, to come and it is expected that there will be a large crowd in attendance.

Clarksville wants to get acquainted with the people up in that country, and wants them to get acquainted with Clarksville. It is hoped that every man, woman and child who can come, will be here and every endeavor will be made to give them all a pleasant time while in the city.

The tobacco sale which takes place that day will be an important feature of the occasion. It is expected that a considerable quantity of tobacco will be offered, a number of buyers will be in attendance, and the very best prices will no doubt be realized.

Below we give the committees appointed to work up the various features of the entertainment:

Finance—R. W. Roach, B. H. Owen, W. F. Coulter, J. M. Bowling, D. Kincaid, J. J. Crum.

A new firm has been added to the list of Clarksville business houses this week. Messrs. C. D. & C. H. Bailey have opened a furniture store in the house on Franklin street recently occupied by Mr. J. Lucas and formerly by Mr. G. M. Whitcomb. They have a well selected stock, embodying everything usually kept in a first-class furniture store and solicit a fair proportion of the public patronage. They are prepared to sell on as easy terms as can be obtained elsewhere and will extend every inducement and accommodation to customers. In connection with their furniture store they will also carry on the business of undertakers. For this they are especially well equipped with a new hearse and all necessary appliances. Both of these gentlemen are so well and favorably known throughout the country tributary to Clarksville, that they need no introduction. Dr. W. A. Shelby, one of the best known citizens of Clarksville, will be a salesman in the house.

Meeting of Farmers' Executive Committee.

Members of Executive Committee of the Montgomery county Farmers Association are requested to meet at the court-house at 10 o'clock, Tuesday, May 26th, to consider the propriety of holding a stock fair at Danbar's Cave this summer, and if determined upon, to fix the date, arrange the program, etc. Also other matters of great importance to the growing stock interest of the surrounding country will claim attention, and all farmers or stock breeders feeling an interest in the matter are invited to attend the meeting and lend their counsel to the advancement of the cause.

C. P. WARFIELD, President.

M. V. ISGRAH, Secretary.

The annual re-union of the families of Killebrew, Metcalf, Whitfield, Radford, Johnson and Fort will take place at the Red river bridge of the St. Louis division of the L. & N. railroad, in Robertson county, Saturday June 13th. A basket dinner will be served on the ground and other entertainments provided to make the day pass pleasantly. The families mentioned represent a large connection that live principally in the counties of Christian, Montgomery and Robertson. Their re-union last year is said to have been a most enjoyable affair and the coming occasion will, no doubt, prove equally as pleasant.

The good people of the town of Hopkinsville are very anxious to build a "grand trunk railroad" beginning in that village and terminating in Cadiz. The city council was petitioned, last week to issue bonds in aid of the enterprise, but that obstinate and very unaccommodating body refused to do so. The pushers of the project have not despaired, however, and intend to bring the matter before the city council at its next meeting. If they succeed in building the road, Clarksville will come in for a share of the profits; it will prove a feeder to the I. A. & T.

It is a lamentable fact that large quantities of Western corn and hay are being sold in this market every day to farmers. This won't do; it will impoverish the country if persisted in. It is well enough to grow good tobacco crops, but no farmer will prosper who don't produce his own provender. The long drought last year and consequent failure of corn and grass crops excused, to a great extent, the present state of affairs, but the wise farmer will provide against it in the future.

A GAME of base-ball was played Saturday between a club from Allensville, Ky., and the Tyler club of this city. Only six innings were played, at the end of which the score stood Tyler 46, Allensville 16. After the first three innings, the inequality of the clubs was so apparent that all interest was lost in the game and the playing became spiritless.

THE Memphis Avalanche says: "The secret of Rev. Sam Jones' success is the manner in which he takes closed sinners to confession. If there is a corner in a gentleman in the amen corner he tells him that his headlight is not the banner of light."

Original Court.

The cases of State vs. Hanson Morrow and P. F. Bellamy will be called in the Criminal court Monday. It will be remembered that they, with Bill Morrow, were jointly tried at the November term for the murder of Jim Brown and were sentenced to imprisonment for life in the penitentiary. The case was reversed in the Supreme Court, remanded and a severance ordered, which will necessitate the defendants being tried separately.

THE Hambaugh & Goodlett sale of cattle, to which we have heretofore referred, comes off at Linwood farm, on the 30th inst. Forty-five A. J. C. C. Jerseys and 35 short-horns will be sold. Also a number of grades and unregistered animals, some of which are very fine. Parties who are not stock breeders but desire fine cows for family use, can, no doubt, find something to suit them in the last mentioned lot at a reasonable price. The registered cattle are all of the most popular strains. Read their advertisement elsewhere.

Do not fail to secure tickets to the entertainment and concert of Mrs. O'Brien's music class, to be given at Elder's Opera House Thursday, May 21st. This will, without doubt, be one of the most pleasant and entertaining amateur concerts ever given in Clarksville. New features will be given in which the pupils will appear in costume in quartettes, trios—both vocal and instrumental—from the best selections, which will fully repay the lovers of music who favor the entertainment with their presence.

Mr. Stephen Morse, a son of the gentleman of the same name who resides near Jordan Springs in this county, committed suicide on the Ragdale farm near Cusky, Ky., Wednesday. He was found in a barn by his brother, dead with two broad gauges in his throat and a bloody knife clamped in his right hand. He was probably 35 years old and had a wife and two or three children. No cause for the rash act can be surmised.

Last Saturday at Moss' request, W. E. Ragdale took out a \$5000 policy on the former's life, paying in cash \$150.

CAPT. T. HERNDON, superintendent of the Grange Warehouse, Clarksville, has purchased Esq. J. T. Coleman's farm at Organette, where the C. & P. railroad will cross the Dover or Lafayette road. The price paid for the tract of 27 1/2 acres was \$4,750. Mr. Herndon expects to build a town on the place, to be called either for himself or for Maj. Gordon. It is twelve miles from this city.—Hopkinsville.

Suppose we move Hopkinsville down to this new town?
