A HOTEL of considerable dimensions is to be built at the Cave, and Dr. W. A. Shelby will keep it next season. Dr. Shelby informs us that he has already been spoken to by parties from Louisville, Nashville, and Russellville, Ky., for rooms, and that numerous people in this city have applied for accommodations. The Cave is going to be a great resort some of these days.

Public School Administration.

The superintendent of public schools requests the following announcements to be made:

The schools will open Monday, Aug. 31st.

At 8 o'clock Wednesday morning, Aug. 28th, all children, who have never been in the public schools of Clarksville, will assemble at the Howell and colored school buildings.

It is well known that there are two conditions for promotion from one grade to the next: a scholarship average of 65 per cent and an arithmetic average of 50 per cent.

It will sometimes happen that a scholar will get only one of these per cents, who is really a better scholar in every respect than some who pass the grades. In order to obviate the possibility of injustice or hardship in such a case, a second examination will be offered those who fail to get the 50 per cent in arithmetic. But no scholar will be re-examined, who failed to get the 65 per cent scholarship average, or who is below the third grade. Teachers will please notify pupils who come under the above conditions, and meet them in their respective rooms Thursday, Aug. 27, at 8 a. m.

Mr. H. M. Doak will be held at Howell building at 2 p. m., Thursday, and at the colored school at 4 p. m.

All the pupils of all the schools will assemble at 8 a. m., Friday, Aug. 28th, in the seats they occupied at the June examination.

Graham Literary Society will meet Friday, Aug. 28, at 8 p. m., for re-organization.

Stock on hand last August, 1885 30,065

Mr. John O. Rust, editor of the Hopkinsville New Era, was married Monday to Miss Cynthia Westfall, at Hastings, Minn. Mr. Rust has only been an editor for two or three months and has risen to the eminent respectability of a benedict already. There is no telling how long he would have languished in bachelordom if he had not become a journalist. He gives a man tone and standing to run a newspaper, even a Hopkinsville paper. The Chronicle extends its congratulations.

Thos. Crewdson, a conductor of a freight train on the South-Eastern road was killed near Hopkinsville Monday. He was climbing the side ladder on the caboose when the train passed under the bridge, and he was struck by an upright timber. He was not missed until the train reached Hopkinsville, when the engine was back and found his dead body. He lived in Edgeland, and leaves a wife and several children.

Mrs. Ann C. Syper, the aged mother of Dr. D. P. Syper, died at his residence near Cherry's Station Monday afternoon, Aug. 17th. She had passed her 83rd birthday. The interment took place in the family burying ground near Idaho Springs, Tuesday, with services by Dr. D. P. Syper. The deceased was a member of the Christian church and a lady of exemplary piety.

Godey's Lady's Book for September is a number full of notable attractions. The frontispiece this month is an illustration to one of Dorothy Holroyd's pretty poems entitled, "The Dryad and the Nightingale." This plate is another successful adaptation of the new style of engraving for which Godey's Lady's Book is fast gaining a reputation. The fashion work designs are admirable, both in drawing and color. Among other striking features of the September book, is the centre piece of the new cover, a movable design which is changed from month to month.

A cottage on Tenth street between Franklin and Commerce, was burned Wednesday night about half past ten o'clock. It was the property of a respectable colored man named Nace Dixon. His household goods were mostly saved from the fire, but were damaged by the heavy removal from the house. Capt. Fred Smith, with hose reel No. 4, was promptly on hand, but the hose was too short to reach the fire. The house was insured.

The census of the scholastic population which we publish elsewhere in this city, has been compiled for exactly the same number of white boys and girls in Clarksville between the ages of 6 and 21.

The Stock Show.

A meeting of the Executive Committee of the Farmers' Association was held at the Cave last Saturday to complete arrangements for the Stock Show.

There was a full attendance of committee men, several members of the press, and others who had been invited to lend their presence.

The reports made by members and sub-committees and the general discussion of the matter evolved the fact that the show is going to be a big thing, considerably larger than was originally contemplated. The attendance promises to be very large. The man, woman or child within a radius of 20 miles who don't expect to go can't be found, and a great many people will be there from a distance.

The stock exhibit will surpass anything of the kind ever seen in this country before. The local stock men will all have specimens from their herds, hogs, etc., on hand and prominent breeders from all over Middle Tennessee and the adjoining counties of Kentucky will make exhibits.

The growing interest that is taken in these annual Stock Shows and the vigor with which the energetic and enterprising managers push them, leads to the belief that they are going to acquire a reputation more than local, and in a few years it will add greatly to an animal's value in all parts of the country for it to take a premium at the Montgomery County Stock Show.

A first-class barbecue dinner had been prepared, and with the usual concomitants of such an occasion, was heartily partaken of by those present.

In the afternoon some young men who will participate in the tournament practiced tilting for rings. A nice circular track has been laid off and enclosed in the valley below the Cave. A judge's stand will be erected in the center, and seats arranged on the hillsides above.

THE Tobacco Leaf in announcing the coming Sells circus says: "The announcement will bring pleasure to many a childish heart, to whom the glitter and tinsel, the prancing horses, the lion and the kangaroo, to say nothing of the other odd animals of a circus, form a most interesting occasion." Yes and the two old believers of the leaf office will be there occupying a front seat near the ring, and when some of the show-l animals swing round the circle it will be "a very interesting occasion" to them as well as to the children.

Mr. Wells, who lives near Collinsville in this county, killed a large rattlesnake some time ago. It measured 5 feet 4 inches in length, and 8 1/2 inches round the body. It had five rattles. Mr. Wells killed the snake and presented it to Mr. H. Wessinger, the shoemaker, on First street in this city.

THE Fairview, Ky., correspondent of the Elkton Progress says that a Baptist church is to be built in that place, on the spot where Hon. Jefferson Davis was born; that Mr. Davis will be there and make an address at the laying of the corner stone, which occasion is to be celebrated with a big barbecue. "No date is given."

Messrs. Bowling Bros., proprietors of the Clarksville Ice Factory, will put in new machinery doubling the capacity of their factory and turning out twelve tons per day instead of six tons as heretofore. They will also increase the capacity of their machine for bottling pop. We are glad to note this evidence of their prosperity.

Nicholson's pure Malt Extract or Liquid Bread, contains but very little alcohol and is for this reason recommended by many of the most eminent physicians as just the tonic required after such a long hot term as this.

Mr. Barrett Quarles from near Howell Station tells us that lands in that vicinity have greatly increased in value since the building of the E. A. & C. railroad. He says that farms that formerly sold for \$15 per acre could now be bought for \$30.

The Baptist Association was in session at Spring Creek Church, Tuesday and Wednesday. The members of the church and the people who live in the vicinity gave hospitable entertainment to the large crowd that attended.

The first new hoghead of tobacco was received and sold Thursday by Messrs. Kendrick, Pettus & Co. It was grown by Mr. G. W. Edwards of Weakly county. Mr. T. L. Harvis was the lucky buyer, at \$800.

A town is to be located at the point where the I. A. & T. road crosses the Hopkinsville and Dover dirt road. The land on which the town is located is owned by Capt. Tom Herndon of this city.

The Grange Warehouse property is to be sold Monday Sept. 7. This is one of the most valuable Warehouses in the city, and no doubt will command a good price. See advertisement in another column for particulars.

The singing school, taught by Mr. M. Beecher Mathes, in New Providence, for two weeks, closed Tuesday night. A good audience was in attendance, and expressed themselves as being highly entertained.

The iron has been laid on the I. A. & T. R. across Little River, and grading is completed to within one mile of Ceratan Springs, and will reach that point next week.

For the debilitated caused by the oppressive hot heated term, nothing is more invigorating than Nicholson's pure Malt Extract. For sale by Crusman & Howard.

Polk G. Johnson & Co. will sell, Saturday, at the Court House, a large lot of real estate property. Those interested should attend the sale.

Water for stock is getting scarce and citizens nearly empty.

If you desire to be saved from being annoyed by mosquitoes, you should call and get one of Jano. F. Coats' new bars.

Miss Sallie Howards school for girls and boys will open Monday, Aug. 21. Read special notice for particulars.

Jan. F. Coats is still offering his Baby Carriages at cost, now is your chance for a bargain.
