## Mexican Mustang Liniment

**CURES**  
 Rheumatism, Sprains, Contracted Muscles, Lumbago, Strains, Eruptions, Headache, Stitches, Hoof Ail, Stiff Joints, Sore, Worms, Backache, Galls, Swinney, Saddle Galls, Itches, Sores, Files, Burns, Scalds, Stings, Bites, Bruises, Sprain, Cracks, Corns.

**THIS GOOD OLD STAND-BY** accomplishes for everybody exactly what is claimed. One of the reasons for the great popularity of the Mustang Liniment is found in its universal applicability. Everybody needs such a medicine. The Lumberman needs it in case of accident. The Housewife needs it for general family use. The Cannibal needs it for his team and his men. The Mechanic needs it always on his work bench. The Miner needs it in case of emergency. The Pioneer needs it—can't get along without it. The Farmer needs it in his house, his stable, and his stock yard. The Steamboat man or the Boatman needs it in liberal supply aboard and ashore. The Horse-fancier needs it—it is his best friend and safest reliance. The Stock-grower needs it—it will save him thousands of dollars and a world of trouble. The Railroad man needs it and will need it as long as his life is a round of accidents and dangers. The Backwoodsman needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pioneer. The Merchant needs it about his store among his employees. Accidents will happen, and when they come the Mustang Liniment is wanted at once. **Keep a Bottle in the House.** 'Tis the best of company.

**Keep a Bottle in the Factory.** Its immediate use in case of accident saves pain and loss of wages. **Keep a Bottle Always in the Stable** for when wanted.

## The Appetite

May be increased, the Digestive organs strengthened, and the Bowels regulated, by taking Ayer's Pills. These Pills are purely vegetable in their composition. They contain neither calomel nor any other dangerous drug, and may be taken with perfect safety by persons of all ages.

I was a great sufferer from Dyspepsia and Constipation. I had no appetite, became greatly debilitated, and was constantly afflicted with Headache and Dizziness. I consulted our family doctor, who prescribed for me, at various times, without affording more than temporary relief. I finally commenced taking Ayer's Pills, and a short time my digestion and appetite

### IMPROVED

my bowels were regulated, and, by the time I finished two boxes of these Pills my tendency to headaches had disappeared, and I became strong and well.—Darius M. Logan, Wilmington, Del.

I was troubled, for over a year, with Loss of Appetite, and General Debility. I commenced taking Ayer's Pills, and, before finishing half a box of this medicine, my appetite and strength were restored.—C. O. Clark, Danbury, Conn.

Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered Stomach and Liver. I suffered for over three years with Headache, Indigestion, and Constipation. I had no appetite, and was weak and nervous most of the time.

### BY USING

three boxes of Ayer's Pills, and, at the same time dieting myself, I was completely cured. My digestive organs are now in good order, and I am in perfect health.—Philip Lockwood, Topeka, Kans.

Ayer's Pills have benefited me wonderfully. For months I suffered from Indigestion and Headache, was restless at night, and had a bad taste in my mouth every morning. After taking one box of Ayer's Pills, all these troubles disappeared, my food digested well, and my sleep was refreshing.—Henry C. Hemmenway, Rockport, Mass.

I was cured of the Piles by the use of Ayer's Pills. They not only relieved me of that painful disorder, but gave me increased vigor, and restored my health.—John Lazarus, St. John, N. B.

## H. V. Medical Association.

The Mississippi Valley Medical Association met at Crab Orchard Springs, Ky., on the 15th inst., and elected Dr. Dudley T. Reynolds of Louisville, Ky., President; Vice-Presidents, Dr. A. Durlap, Springfield, Ohio; Y. H. Bond, St. Louis, Mo.; Dr. A. R. Jenkins, Henderson, Ky.; Dr. H. C. Fairbrother, Louisville, Mo.; Dr. I. W. Thompson, Evansville, Ind.; Permanent Secretary, Dr. J. L. Gray, Chicago, Ill.; Treasurer, A. H. Ohman-Dumesnil, St. Louis, Mo.; Chairman Committee of arrangements, J. N. Love, St. Louis, Mo. Next place of meeting is at St. Louis, Mo., in September; time to be determined by the Executive Committee. Dr. J. N. Love, outgoing president delivered a fine address which we regret we have not space to print.

JOSEPH M. WHITE, cashier of the Philadelphia Times, has robbed that newspaper of \$20,000. His robberies have been going on for a series of years. If he had robbed a bank, or the government, or some other institution which could ill afford such a loss, it would have been a heinous offense; but a newspaper! oh, well, we suppose that just because newspapers are generally understood to be wealthy and to have plenty of cash in the treasury, everybody therefore concludes that it cannot do much harm to relieve their pockets of the unhealthy plethora that is thought to be annoying them. We keep one eye very close on our cash account.

A DIABOLICAL fiend by the name of Hutchisson attacked a woman named Mrs. Epps without any provocation near the city of Memphis on the 14th, inst., and fractured her skull with a swingle tree. He then attacked her husband who came up to defend her, and beat him nearly to death with the same weapon. Mr. Epps is dangerously, Mrs. Epps perhaps fatally injured. This miscreant fled from justice but the officers of the law are in pursuit of him.

ON Thursday evening at about dark, when most of the congregation had gathered at Mt. Olivet, a Baptist church nine miles north of Lebanon, Tenn., where Rev. Mr. McNabb was holding a protracted meeting, lightning struck the stovepipe which ran into a terra cotta chimney through the roof of the church, descending to the stove and tearing off the top of it, knocking down nearly everybody that was in the church. It is strange that no one was killed.

A Mr. Roland, living near Wickliffe, Ky., who was raised in Robertson county, Tenn., but had recently immigrated into that country from Illinois, lost his little son the other day in consequence of the little fellow mistaking and eating wild parsley or poison hemlock for angelico. It threw him into convulsions and caused his death.

ON Thursday night a McNairy county man was amusing himself by playfully firing a loaded pistol in the dark, and the fiendish bullet found its way to the heart of his wife, who happened to be approaching. His wife was instantly killed. He now wishes that he had never seen a pistol.

GEN W. J. BROADDUS has taken a position in the CHRONICLE office, at Clarksville, as editor of that journal. We congratulate the CHRONICLE on securing the services of such an editor. The CHRONICLE will doubtless become a greater favorite with our people than heretofore.—Houston Co., News.

CIRCUIT court, after a four weeks session, adjourned yesterday evening. During the term there was a great deal of important business transacted. Several interesting cases were disposed of. Judge Mumford, the presiding officer, gives eminent satisfaction in his rulings and the rapid transaction of business.—Gallatin Tennesseean.

A MAN living in Dyer county, Tenn., filled himself with Cincinnati pine top and went home and whipped his family all around, including his wife, who is said to be a victim of consumption. If we had a chance at that fellow either as a judge or a magistrate we would just administer on his estate.

JUDGE T. J. FREEMAN, who removed from Tenton to Dallas, Texas, has returned to Nashville, where he has permanently located to practice his chosen profession. Judge Freeman is a fine lawyer, and an ex-member of the Tennessee Supreme Court.

THERE was a grand meeting of the Kentucky State Sunday school association at Henderson on the 12th, 13th and 14th inst. Much business was done and the session was harmonious and pleasant.

ROBT. E. COWAN, Supreme Keeper of Records and Seals of the Knights of Pythias, died at his home in St. Louis, Mo., on the 14th inst., in consequence of a surgical operation for the removal of a tumor.

MR. W. A. TURBEVILLE, of Henry county, lost his dwelling and nearly all his household effects by fire last week. The fire originated as usual, from the ubiquitous and diabolical defective flue.

THE friends of J. C. Warren, the Jackson express agent, who is short in his accounts about \$2,000, have agreed to make the amount good. Mr. W. has been in the position about fourteen years.

THE way to be happy—live uprightly—be virtuous—serve the Lord—be temperate this hot weather—and, above all things, don't forget to pay the printer.

JUDGE ALLEN G. THURMAN has temporarily declined to let his name be presented to democratic convention of Ohio for Governor.

## WHAT KILLS AMERICANS.

Fast Living—Reckless Eating—Hard Drinking—Poor Sleeping—Social Jealousy—Political Ambition—Violent Passions—The Race for Money.

The alarming disease of this country is nervous debility and prostration. It goes under many names but it is essentially the same complaint. Hospitals and private institutions for nervous patients are crowded. The average of life in the United States is decreasing every year. Sudden deaths from nervous collapse among our business, professional and public men are so frequent as scarcely to excite remark. The majority of suicides, committed without apparent reason, or under so-called "depression of spirits," are really prompted by nervous prostration, which is a fruitful source of insanity and crime with all their grief and horror.

These facts are startling. They threaten the very life of the nation. They assail the springs of its power and prosperity. They wreck manhood's strength and woman's usefulness and beauty.

Every one should know the causes. What are they? The answer is easy and terribly plain: Our vicious personal habits; our careless and lawless eating and drinking; the intense mental and physical strain arising from our mad race after money, position and influence; the fears and struggles of poverty; the use of narcotics and stimulants; our fashion of turning day into night and night into day; and, briefly, our desperate willingness to pay any price for an hour's pleasure or success. So we burn life's candle at both ends and fill the lunatic asylums and the graveyards.

The disease from which we suffer and die is, in plain English, *Nervous Dyspepsia*, as it is seated in the Nerves and in the organs of Digestion, Assimilation and Nutrition. Healthy digestion being impeded or destroyed, the whole body, nerves included, is literally starved; even when there is no emaciation to tell the sad story.

Nervous prostration sends out its warnings:—headache in the morning; a persistent dull heaviness or aching at the base of the brain; wakefulness; loss of appetite and disgust with food; loss of mental energy and interest in ordinary duties and business; restlessness and anxiety without any assignable reason; eructations; bad breath; foul mucous on the teeth; occasional giddiness; palpitation of the heart; sallowness of the skin; coated tongue and gradual failure of strength and ambition.

The remedy is a total abandonment of the habits and customs which cause the disease in each individual case, and the use of *Shaker Extract of Roots* (Seigel's Syrup) to cure the mischief already done. This great remedy, prepared by the Shaker Community of Mt. Lebanon, N. Y., is especially adapted to eradicate *Nervous Dyspepsia*. To do this it acts directly and gently but powerfully upon the disordered stomach, liver and kidneys, restoring their tone and vigor, promoting the secretion of bile, expelling waste matters from the system, and purifying the blood.

Upon the nervous system *Shaker Extract* (Seigel's Syrup) acts as a safe and wholesome anodyne without the slightest narcotic effect, and then leaves the nerves to regain their natural tone and strength through its wonderful influence upon the function of nutrition.

It is safe to say more nervous dyspeptics have been restored by it from the depths of misery to a fresh enjoyment of life and labor than by any or all other forms of treatment combined.
