A dispatch from Charleston, W. Va., says a mysterious company, in the organization of which but a few names have appeared, is forming for the purpose of mining silver from some spot within the confines of a 12,000 acre tract of land in Morgan county. 'the discovery of silver is said to have been made by a man who is said to have been made by a man who the requirements and provisions of the was practically a hermit, nearly fifteen several decrees rendered in the Chancery years ago. It is alleged that a cave on the 12 acre tract has been discovered, containing pots, mining tools, and smelting machinery and bringing to light a silver mine, whose veins are supposed to extend clear through the mountain. A charter for the new company is to be asked for in a short time.

My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. Strange Silence on a Battle-Dickenson county, Virginia, and containfield.

One of the most peculiar things in time of battle and on the road to the front is the county court clerk's office in deed the silence of the men. When the Rough Riders made their-memorial charge up the hill at San Juan and 257 were killed and 820 wounded, hardly a word was spoken after the command to charge was given by Col. Roosevelt, now governor of New York, as he road at the head of his regiment, and eyeryone seemed to be thinking very hard; you could almost hear men think, it was so apparant. These bloodrtained, dirty, ragged and half naked rtained, dirty, ragged and half naked soldiers dragged themselves along as silently as specters, with never a word wife by deed dated August 29th, 1887, and even to their companions. All with one intent to get to the hospital, so that their younds may receive proper attention. All suffering silently and heroically bearing Russell Fork, Dickenson county, and conthe terrible pain. Here and there they stopped to rest or readjust a bandage or to wait while a pack train passed, and corded in Dickenson county court clerk's then slowly started on for the hospital, office in deed book 4, page, 461. where they waited their turn; and in where they waited their turn; and in The like minerals in, upon and under a many cases their turn did not come for tract of land situated on Lick Creek of hours after their arrival, and they lay there on the ground with no covering and accepted their fate. These men stood all that and lived.

If troubled with rheumatism, give Chamberlain's Pain-Balm a trial. It will not cost you a cept if it does no good. One application will relieve the pain. It also cures sprains and bruises in onethird the time required by any other treatment. Cuts, burns, frostbites, quinsey, pains in the side and chest, giandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25 and 50 cents. Dr. J. W. Kelly.
