A very stomachic, chronic, stomachic nervous system. And this is also true of the Heart and Kidneys. It's a pity that you don't continue to drug the stomach or stimulate the Heart and Kidneys. The stomach nerves, and the organs themselves, need this help. This explains why Dr. Slomp's Restorative has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases. Test this vital tonic, and see.—J. W. Kelly.

From Richmond he went to Cape Charles, where he attended a meeting of trapshooters. "Health Coffee" is really the closest Coffee imitation ever yet produced. This, the finest Coffee Substitute ever made, has recently been produced by Dr. Schupp, of LaSalle, Wis. Not a grain of real coffee is in it either. Health Coffee is made from pure toasted cereals, with malt, oats, etc. Easily it would fool an expert—who might drink it for coffee. No twenty or thirty minutes boiling. Made in 5 minutes over the stove.—A. Kelly Mann.

NOTICE

An Estray Cow.

There is an estray cow at my farm in Lee County, Va. The owner can reclaim the animal by proving his property and paying the cost of feeding since she has been in my possession. JOHN GILLEY, Feb. 18, 1908.

Prof. C. D. Harris, while on his way to school recently, was pursued by a panther, or some animal of like kind, but brave as Boone, the Prof. stood his ground, and the animal beat a hasty retreat, and its disappointed, famished howls died away in the distance as it sought its lair in some far-off cove. Its screams were heard by several neighbors, among whom were Messrs. Ross Harris and A. J. Carter.—Duffield Correspondent to Gate City Herald.

It is the best medicine I have ever used. Health Coffee, same of Dr. Kelly's Cough Cure, is also a great help."—J. W. Kelly's druggist.

We congratulate Charles T. Kilgore on his success in reaching the Federal Fire Counter. His is a case of final perseverance of the saints. For years and years he has stood haltered to a hayrack and often bucked and kicked but never broke a trace. Waiting and kicking has at last brought him his long-cherished reward and he is now a hired man in the official household of Collector Summers, and as we understand, his duties pertain in the main to "dehorning" alcohol at \$100 a month and expenses.—Wise News.

After a woman is happily married, she is usually willing to admit that she had a good deal to do with the "proposing." A pretty young Atchison married woman said she managed her only proposal in this way: One evening the man she afterwards married attempted to kiss her. She drew back, saying: "The only man who can ever kiss me is the man I expect to marry." The young man laughed and said: "Well, Miss Alice, is that a hint?" The girl replied: "Well that is the only condition under which you can kiss me." The man kissed her, and she began the next day working on her trousseau.—Atchison "Globe."
