Southern Development.

The Carolina, Clinchfield and Ohio Railway is now extending its line 40 miles through the mountains of Virginia to the breaks of the Sandy in Kentucky at a cost of about \$5,000,000. This is one of the most important pieces of railroad construction in the South for many years as it will largely change the way of southern railroad connections between the South and West.

decision of the owners of the Clinchfield line to spend \$5,000,000 for its extension at the present time is strong to its work in drawing capital to the South. A few days ago the writer, in talking with a London banker who has been chiefly instrumental in the organization of the English syndicate which propose to spend not less than \$40,000,000 in water-power development in the South and now has 50 or more engineers in the field, learned that he is very enthusiastic about the South. Referring to this, he volunteered the statement that he had been reading the Manufacturers Record in London for some years and was thoughtfully familiar with its work for the South.

WASHINGTON LETTER.

Washington, D. C., Aug. 2.—The river and harbor appropriation bill which was signed by President Taft on Thursday carries in round numbers \$33,259,000, the Senate having added to the bill as it passed the House \$8,054,000 and struck out \$233,000, making a net increase of \$7,821,000.

The signature of the President to the River and Harbor bill makes more certain the policy of an annual waterway bill, which has been one of the cardinal principles of the National Rivers and Harbors Congress since its organization ten or more years ago. An absorbing question to those who seek out curious possibilities in politics and election results is what would happen in the event no candidate for President should receive a majority vote in the electoral college, and the election should, under the Constitution, be imposed upon the House of Representatives, in which the states in such emergencies vote severally as units.

Nervous "I was very nervous," writes Mrs. Mollie Mirse, of Carrsville, Ky., "had palpitation of the heart, and was irregular. On the advice of Mrs. Hattie Cain I took 2 bottles of Cardui and I feel more good than any medicine I ever took. I am 44 years old and the change has not left me, but I am lots better since taking Cardui." Take CARDUI The Woman's Tonic. Cardui is advertised and sold by its loving friends.
