WE ARE THE PIE.

The backbone of a hog is the choicest, juiciest part about his whole precious body. Backbone pie is one of the dishes most esteemed by epicures.

It is perhaps but natural that the other parts of the hog should become jealous of the attention showered upon the backbone and nearly every day the TIMES notices in some one of its exchanges a sneering allusion to Roanoke as a "backbone" town.

It is perhaps but natural that the other parts of the hog should become jealous of the attention showered upon the backbone and nearly every day the TIMES notices in some one of its exchanges a sneering allusion to Roanoke as a "backbone" town.

We are glad to know that these comments do not come from our immediate neighbors in the great Southwest, but rather from those ancient anti-bellum cities that have been on the standstill for years, whose young men desert them as soon as they become of age and come to this glorious new country.

We are exceedingly sorry that such a narrow and provincial spirit should be exhibited by any of our contemporaries. It is not a spirit that will help them in this progressive age. It is not the spirit that has helped to make Roanoke a city of 20,000 inhabitants in ten years.

Capitalists do not intend to invest their money in localities where the people will not co-operate; where they spend their energies in trying to damage their neighbors rather than build up themselves, but waste their time in thinking and talking of what they consider the halcyon days of long ago.

A SIBERIAN SAUNTER. Easter Sunday was a fit beginning of the beautiful Springtime. The air was soft, balmy and sweet-scented, right from the South, the sunshine was not unpleasantly warm and the buds of the trees burst under its genial influence.

GRAND MONTHLY DRAWING. At the Academy of Music, New Orleans, Tuesday, April 15th, 1890. Capital Prize, \$300,000. 100,000 Tickets at \$30 each; Halves \$10; Quarters \$5; Tenth, \$2; Twentieth, \$1.

ROANOKE HAS MANY BEAUTIFUL ENVIRONS and now that nature has put on her spring dress and the mountains are capped with a beautiful Easter bonnet, an afternoon spent in the country is a delightful relaxation from the turmoil of the busy city.

A BUILDING INSPECTOR. That a building inspector is needed in this city is patent to everyone who has occasion to be about the many new houses going up here.

IMPORTANT. Address M. A. DAUPHIN, New Orleans, La., or M. A. DAUPHIN, Washington, D. C. By ordinary letter containing money order issued by all express companies, New York exchange, draft or postal note.

SENATOR SHERMAN HAS WRITTEN HIS REASON FOR VOTING AGAINST THE BLAIR BILL. He says in effect that the government needs all its spare cash for pensions.

THE PRACTICE OF MAKING A BONEYARD OF THE BEAUTIFUL ROANOKE RIVER BANKS should be put a stop to. It interferes disagreeably with the comfort of travelers along the Reservoir road.

THE DEMOCRATIC EXECUTIVE COMMITTEE decided last night not to make any party nominations. They think it is inexpedient to do so at this time. It is a free fight now and may the best man win!

ANNOUNCEMENT.

This morning the TIMES begins the publication of the United Press dispatches. Roanoke is now a city and it needs a paper that will properly reflect industrial progress so that the outside world may observe it.

To do this it is necessary to have dispatches. The people want the news; they want it fresh from the wire and they do not want it at second hand and twenty-four hours old.

To do this the TIMES has gone to a great expense, but the publishers believe that they will be amply repaid by an appreciative public.

Second Edition Crows Very Ill. COLEBROOK, O., April 7.—James H. Emmering, aged about 39 years, dropped dead in St. Luke's church during the services last night.

Second Edition Crows Very Ill. COLEBROOK, O., April 7.—Jack Crooks, the one-second baseman of the Columbus club, has been confined to his room for the past two weeks with a serious attack of inflammation of the stomach and neuralgia of the head.

ROANOKE GAS AND WATER CO. No. 11 Third Avenue, Southwest

GRAHAM TAZEWELL COUNTY VA. The Graham Land and Improvement company will offer for sale on Thursday, April 10th at 10 o'clock, at the office of the company in Graham, town lots, as shown on plan, now ready for distribution.

THOMAS OF SALE—One-third cash, one-third in one year, one-third in two years, with six per cent interest per annum on the deferred payments. Applications for lots at the company's prices will be received up to noon on Tuesday, April 8th, 1890. Parties making application by letter will be careful to designate the section and the number of the lot or lots desired.

Lots for which more than one application shall be received will be sold to the highest bidder at Public Auction on Thursday, April 10th, at 10 o'clock, at the office of the company in Graham.

After the public sale of lots above mentioned, the balance of the lots remaining unsold will be offered to the public at the prices fixed by the company, which range from \$125 to \$500 each according to location. The Graham Land and Improvement company has purchased about 900 acres of land, including the old town of Graham, at the junction of the Clinch Valley and Ohio Extension of the Norfolk and Western railroad in Tazewell county, Virginia, and has improved the property by laying it out in streets and lots.

The land is so situated, being at the junction of two important branches of the Norfolk and Western railroad, with the Bluestone river running through it, and in close proximity to the Pocahontas coal field, and the iron ore deposits of the Clinch Valley, that it is believed it will within a short period become an important iron manufacturing centre, as well as a distributing point for the entire coal field.

The Clinch Valley and the Ohio extension of the Norfolk and Western railroad runs through a section of country heavily covered with poplar, white and chestnut oak timber, and it is believed that Graham at the junction of these two branches is a most desirable location for the establishment of saw mills, tanneries, pulp mills, and other wood-working establishments.

The following desirable industries have already been secured: The Graham Furnace company, with a capital of \$250,000, have under construction an iron furnace; dimensions, 16x70 feet, with a capacity of about 100 tons per day, and expect to be in blast by November first.

The Virginia Lumber company, with a capital of \$50,000, are erecting their buildings and will be in operation by the first of May. Arrangements are also being made with parties who propose building at once a large general supply store and warehouse, buildings to cost about \$10,000, and having a working capital of not less than \$50,000.

A company with a capital of \$20,000 is also formed for the manufacture of ice, and expect to be in operation in the course of a few months.

The Graham Land and Improvement company have plans perfected for a fine hotel, which they hope to have ready for occupation by September first. The hotel will be heated by steam and lighted by electricity, and it is the aim of the company to make it one of the most attractive hotels in Virginia.

Parties desiring to purchase lots will be furnished with maps and price list and any desired information by addressing R. K. Wright, Jr., Agent, Graham Virginia, or E. J. Collins, Secretary, Bullitt Building, Philadelphia, Pennsylvania.
