

A calf was born about two months ago on the place of Mr. Sonnier, near Patoutville, with only two legs—hind ones. It is said that the little animal is stout and healthy and moves about in an erect attitude.—Iberia Democrat.

#### LA GRIPPE AGAIN.

During the epidemic of la grippe last season Dr. King's New Discovery for consumption, coughs and colds, proved to be the best remedy. Reports from the many who used it confirm this statement. They were not only quickly relieved, but disease left no bad after results. We ask you to give this remedy a trial and we guarantee that you will be satisfied with results or the purchase price will be refunded. It has no equal in La Grippe, or any Throat, Chest or Lung Trouble, Trial bottles free at N. C. Young and A. J. Godard Drug Stores. Large bottles, 50c. and \$1.00.

We could not be present to hear the Masonic address, by Judge Allen of St. Mary, at the Court House here Friday last week; but in proof of how entertaining it was, one person said he could have listened to it all day, and though it was over an hour long, another person said it did not seem to be over twenty-five minutes.—St. Landry Clarion.

#### HAPPY HOOSIERS.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined for that bad feeling arising from kidney and liver troubles." John Leslie, farmer and stockman of same place, says: "Find Electric Bitters to be the best kidney and liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c. a bottle, at A. J. Godard and N. C. Young.

The Philadelphia Times publishes an account of an animal that is alleged to have been lately discovered in Death Valley, California, resembling the great prehistoric lizard that geology tells about. This particular animal is said to be about thirty feet long, with short legs, long tail like an alligator's, a head as large as a molasses barrel and shaped somewhat like a horse's body as large as elephant's, and eyes like a rancors, liver colored with bronze spots.

When Winter Comes Cleanse the blood by taking W. W. C.

We learn that Mr. Ben Randolph has had a town staked off on the K. C. W. & G. R'y, several miles from Babb's Bridge. The new town will be known as Bismarck. The town will soon have a newspaper, as Mr. Taylor, formerly publisher of the Leecompte Messenger, is building in Bismarck and expects to issue a paper. We tip our beaver to Bismarck, and wish it great success. Bismarck will soon have post office facilities.—Town Talk.

The proprietor of the "Locust Grove" farm has sent us an egg, which he says is "a sample of the Murphy eggs; the Murphy chickens are originally from Fiji. This egg is 1 1/2 inches long and 3/4 of an inch in diameter in its largest part, and tapers to a point which is bent at a right-angle half an inch from the end. If the chicken from such an egg, would have the shape of the egg, it would look something like the picture of the penguin we see in the works on natural history. Our friend might make a fortune selling his Murphy chickens as rare natural curiosities.—St. Landry Clarion.
