## THE CHICAGO WEEKLY TIMES

(FOUNDED 1854.)

AND

THE GREATEST AND MOST

POPULAR EXPONENT OF

MODERN DEMOCRACY

IN THE UNITED

STATES.

AN AGRICULTURAL AND POLIT-

ICAL WEEKLY ALL IN ONE.

**\$1.00 PER YEAR**

New conditions surround the farmer with wider duties. He now, less than formerly, can without reproach disregard his obligation to seek to prepare himself and his family for their political as well as their civil duties, and for whatever is essential to good, wise citizenship.

THE CHICAGO WEEKLY TIMES

REPRESENTS THE PEOPLE.

No question of national importance—and all political and economic questions of moment are national ones—begins in congress. They are canvassed and discussed by the people and press, and when they reach congress that body has merely the details to consider. THE CHICAGO WEEKLY TIMES has become the recognized leader of the great plain people—the bone and sinew of the commonwealth and the hope of the American republic. Its editorials are broad, national, eloquent, convincing, and dignified, and as comprehensive in the subjects treated as are the question of human interest.

THE CHICAGO WEEKLY TIMES represents all the movements of the day, and upon its indorsement hinges, in a large degree, their future. For it is broad in its views, liberal in its judgments, and has the best possible means of forming a correct one, and knowing its duty to man, the country, progress, and future greatness, is lifted above bigotry and narrow mindedness, dares perform it. To it all subscribers should turn for enlightenment, sympathy, assistance, and the nerve to carry out their undertakings.

In its ranks are to be found the brightest minds in every line. Week by week it talks to every subscriber of what is going on, brushes away the dust from the past and startles the coming. It forecasts the future and forewarns against disaster. It is a matchless scrap book of knowledge for the farmer, mechanic, lawyer, doctor, and all good citizens.

Without the requirements of wading through pages of irrelevant matter THE CHICAGO WEEKLY TIMES gives to its readers the sifted grains of thought, history, science, and all a glance; makes every reader a cosmopolite, and brings the entire wealth of the world to his very door.

It gives more for the money than any other weekly paper in America. It is bright, entertaining, and valuable—good for the whole family.

It is a bureau of information for its subscribers, answering anything desired.

Its agricultural department contains the best from all sources.

It asks every intelligent man and woman to become a subscriber, because it stands up for the rights of the down-trodden, the oppressed, and the weak against the strong; being unswayed by influence and unbribed by gain, and besides giving the best of everything from a literary standpoint, is pledged to religion, liberty and law.

Creamery men say that it costs 4 cents per pound to make butter. To this add cost of cream, interest on investment and three separate profits, and you will come pretty near what the creamery butter on your table costs.

We would not advise anybody to plant pecan trees with the expectation that they "can be in bearing condition in five years." Persons best acquainted with the pecan will not be misled by the writings of enthusiasts, and no one else will if we can help it.

When American sheep-breeders and raisers follow the example of England and breed for mutton the sheep will again become valuable and the business profitable. The people will buy good mutton, while the thin carcass of the wool breeds will beg for a purchaser or sell for a song.

The prospect favors returning profits in the business of raising beef cattle. An examination of market statistics for a long period of years shows that the well-bred and well-fed steers, weighing from 1,300 to 1,500 pounds alive, have always sold at a price that paid a profit to the producers.

### NOW TRY THIS.

It will cost you nothing and will surely do you good, if you have a Cough, Cold, or any trouble with Throat, Chest or Lungs. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to give relief, or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottle free at N. C. Young and A. J. Godard Drug Stores. Large size 50c. and \$1.00.

Jefferson Findly and Joe Markly, two well-known farmers of Bowling Green, Ill., have been buying up all the horses possible this winter, providing they could be obtained cheap, and, after killing them and taking off the hide and selling it, feeding the carcass to the hogs. It is said by those who pretend to know that one horse carcass equals ten bushels of corn when it comes to producing fat on a hog.

### SPECIMEN CASES.

S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Haysburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg. Doctors said that he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by A. J. Godard and N. C. Young Drug Stores.
