**NON RESIDENTS.**

Bynum Investment Co. Ltd. 1280

**To The Public.**

I desire to make known to the people of Abbeville the cause of my absence and suspension of business for a few days last week. The other bidders desired to monopolize the trade and prepared their plans to freeze me out. I was notified of this and I left town for a few days. This caused the other fellows to believe that I had "pulled my freight" but they were greatly surprised and annoyed to see me back Friday. I desire to say that I am prepared to serve my patrons and the public as heretofore and am established on a firm basis than ever.

The Excelsior Bakery, Corner Main & Lafayette Street, Jules Bertin, Proprietor.

On said day of sale I will sell such portions of said property as each debtor will point out, and in case the debtor will not point out sufficient property, will at once, and without further delay, sell all quantity of said property of any debtor which any bidder will buy for the amount of those taxes, interest and costs, due by said debtor, and the sale will be without appraisal, for cash in legal tender money of the United States, and the property sold shall be redeemable by any time for the space of one year by paying the price fixed including costs and twenty per cent the commission.

ADAM BOURDEAU, Sheriff and Ex-Officio Tax Collector, Abbeville, La., June 17, 1905.

**BUY PAINTS FROM THE MANUFACTURER.**

Pay us 1/5 Less

Than to any other house in the World for first class, high grade, best quality Paints. Sold either ready for use or in paste form, to be thinned down.

Buy from the only paint manufacturing house in the country selling direct from mills to user. All other Paint makers depend on dealers for the sale of their paints.

That means one heavy expense and one profit that we cut out of our business.

We sell direct to the man that uses paint.

You may think that you can do as well as we could do for you, if you should try to buy a certain brand of paint that you thought well of, direct from the manufacturer. But you would make a mistake.

The manufacturer might take your money and sell you the paint, but he would take care to charge you as much for the paint as if you bought it from a dealer. He would put on that extra profit, to "protect the dealer".

We have no salesmen or agents to increase the cost of our paints to the consumer.

We quote to the man that uses the paint the lowest and best price, reserving no margin to protect agents.

We pay freight.

We gladly advise our customers about paints.

Write for sample cards and paint advice, and blanks showing how to measure houses to show the quantity of paint required.

Ask any first class business house or any bank in New Orleans, or the mercantile agencies if we are responsible.

**BUY PAINTS FROM THE MANUFACTURER.**

Pay us 1/5 Less

Than to any other house in the World for first class, high grade, best quality Paints. Sold either ready for use or in paste form, to be thinned down.

Buy from the only paint manufacturing house in the country selling direct from mills to user. All other Paint makers depend on dealers for the sale of their paints.

That means one heavy expense and one profit that we cut out of our business.

We sell direct to the man that uses paint.

You may think that you can do as well as we could do for you, if you should try to buy a certain brand of paint that you thought well of, direct from the manufacturer. But you would make a mistake.

The manufacturer might take your money and sell you the paint, but he would take care to charge you as much for the paint as if you bought it from a dealer. He would put on that extra profit, to "protect the dealer".

We have no salesmen or agents to increase the cost of our paints to the consumer.

We quote to the man that uses the paint the lowest and best price, reserving no margin to protect agents.

We pay freight.

We gladly advise our customers about paints.

Write for sample cards and paint advice, and blanks showing how to measure houses to show the quantity of paint required.

Ask any first class business house or any bank in New Orleans, or the mercantile agencies if we are responsible.
