## Quarantine And Clean Up.

The City Officials Take Prompt Steps to Pre-  
vent the Introduction of Yellow Fever.

Ever since the information was given out that there was yellow fever in New Orleans the city officials of Abbeville have been considering the best measures to take to prevent the introduction of the disease here and the result of their deliberations was the calling of a special meeting of the council Wednesday at which session the following Board of Health was appointed: Dr. C. J. Edwards, Dr. M. R. Cushman, L. O. Broussard, D. L. McPherson and E. P. Putnam. The Board of Health met immediately and organized by electing Dr. C. J. Edwards, health officer, and D. L. McPherson, secretary. Quarantine was declared effective at once against all infected points and against all points in Louisiana which have not so far quarantined. The Southern Pacific Railroad was instructed not to sell tickets to Abbeville from any points east of New Iberia, except upon presentation of a properly attested health certificate showing that the holder thereof has not been in any infected locality within six days next preceding the date of the certificate. A fine of fifty dollars or thirty days imprisonment, or both, at the discretion of the Mayor, was fixed as the penalty for any person coming without the parish, attempting to enter the town without a proper certificate.

In addition to the imposition of strict quarantine regulations the Board of Health also took energetic steps towards the proper cleaning up of the town, believing that such measures would be the best preventive of the spread of the fever and the resolution to

enforce perfect sanitation was as follows:

Abbeville, La., July 26th, 1905.  
To the Citizens of the Town of Abbeville, La.

At a meeting of the Board of Health of the Town of Abbeville, La., held on this day the following resolutions were offered and adopted:

Resolved that each and every family in the corporate limits of the Town of Abbeville be notified and instructed to pour at least two cups of coal oil in each and every cistern, stagnant pool or pond on their premises and to use lime or crude carbolic acid in and around water closets, sinks or cess pools, after having thoroughly cleaned up the same, and failing so to do that a fine of five dollars be imposed per day after forty eight hours notice served, for each day until this resolution is complied with, for non-compliance with the terms and conditions of the resolution; and the Mayor of the town is hereby instructed to impose and collect all fines for violations.

Be it further resolved that Messrs. E. P. Putnam and D. L. McPherson be appointed a committee of two from the Board of Health to inform the Mayor of this action and to instruct him to have his officers and constables make a house to house inspection of the town and to report back to this committee, in detail, the true sanitary condition of the town and to recommend the necessary steps to be taken to better the same.

C. J. Edwards,  
D. L. McPherson, President,  
Secretary

### Fred's Youngsters.

The Racket Store Baseball team, known as "Fred's Youngsters", is still wearing the laurels of victory with much merit and distinction. The youngsters are handling their friends at Perry with very little ceremony. Friday, Saturday and Sunday good games were played between these teams and of course Fred's boys got the best of the scores, winning two out of three games. These two games showed the scores to be 9 to 0 and 12 to 5, the game won by the Perry Sluggers being 12 to 8 in their favor. Tomorrow the Racket Store's team will go to Perry and defeat that team again. The game promises to be a good one as the home boys will display their new suits, made of gray flannel with "R. S." in large red letters on the shirts. These new suits are said to be enough to drive the sluggers to the woods.
