

PERSONALS AND OTHERWISE

Louis Chisholm has been spending the past two weeks with relatives in Algiers.

Minnie Goebel spent a few days in Gulfport, Miss., the guest of W. W. Baucum returned last week.

J. Roome and sister, Miss Roome, are making an extended tour of the Old and New Mexico, Arizona and Colorado. They will be gone all the week.

Friday night Grand Chancellor will pay an official visit to Lodge No. 3, Knights of the Ku Klux Klan, for which preparations are being made. It is expected that a hundred will accompany the Grand Chancellor from the other side of the river.

Mr. Oroyd, Jr., spent the past week at Ocean Springs.

Lilly and family, W. Lilly and family, and A. Edgecombe and family spent the week-end at Milneburg.

J. M. Henry, presiding elder of the First Baptist Church, who resides at 238 Oil Street, will deliver the invocation at the graduation exercises of the High School.

Letter carriers were put through the annual inspection Saturday morning at the Custom House.

Kappler left last Wednesday morning to be gone for several days on his vacation.

A small fire occurred in a small building at the corner of Eliza and Boulevards, Algiers, owned by Jacob B. Sunday night. Damage estimated at \$5.

John Hoke, 10 years old, 341 Delaware street, was bitten by a dog in the evening in front of the residence of Mrs. Laura Dassinger, 227 Maple street. The boy was passing the dog rushed out and fastened its teeth in the leg. Dr. M. J. Mansfield treated the wound. An affidavit made by the boy's father that the owner of the dog.

P. O. C. had a very interesting meeting last Thursday, with a general discussion of the work covered in the past week. The instructor was much interested with the interest shown. After business meeting refreshments were served. All young men over the age of 18 are cordially invited to attend these little instructive social evenings, which take place every Friday evening at 7:30, at the residence of L. G. Daudelin, 244 Olivier Street.

Richard Nichols and Mrs. Christy were the delegates to the Olivet Sunday-school at the Monday night, in interest of the work in the Sunday schools, which will be more about later.

Teacher Training Institute of the Olivet Sunday-school at St. Stanislaus, received two certificates for work covered in the past week, with high percentage.

Wiegand left yesterday for Bayou La Batre.

Donner returned home spending two weeks with her sister in the Lower Coast.

Wiegand spent Sunday at the home of his grand-uncle, Wiegand, at St. Stanislaus.

Robert of Gatun, Panama, returned last week with relatives to visit for Texas this week.

Chas. I. Kiehl and little daughter have returned from Keokuk, Iowa.

Weaver Toledano and daughter, Louise, of Grand Junction, Louisiana, are guests of Mrs. Hy. Clark and Mrs. Jno. A. Barrett returned last week from Ocean Springs, Florida.

Mr. Smith has been promoted to supervisory patrolman to the 10th ward and is stationed at the 10th ward.

Mr. Edwin C. Kohn, of New Orleans, La., has been in the city some time with Mr. and Mrs. Barlowe, of Belle Rose, and his sister, Mrs. Frank Barlowe, of Olivet street, New Orleans, La.

Miss Nelson returned Sunday from Morgan City, La. She was accompanied by Miss Alfreda Garrett, who remains here for some time.

Mr. C. King and Dr. W. H. Weaver returned from Shreveport, Louisiana.

Mr. Gorman has been the guest of Mr. Tom Gorman, of Morgan City, La.

Miss Philomena Fink was celebrated on the occasion of the Church of the Holy Name of Mary, by Rev. Father. The bride is from the Baptist, La., and the groom is from the same.

Miss Almonae held a meeting to discuss the annual meeting, so it was deemed expedient to have another meeting Monday, June 5, at which time it is earnestly

hoped that all who can will endeavor to attend. It was decided to hold the reception on Monday, June 19.

T. F. Meagher left Monday night for Lake Charles, where he is to superintend the caulking of several barges for the Clooney Construction and Towing Co.

Mrs. D. B. Phillips and Mrs. Thos. F. Richardson were the guests last Wednesday of Miss Edna Kleinkeper at Waveland, Miss.

Mrs. Henry Bairnsfather, of Belleville St., left Tuesday for Pensacola, Fla., to visit her brother, George Bommer.

Mrs. Gus Weber and baby have gone to Fort Wayne, Ind., for a three months' stay.

Mr. Ed. Veazey returned to New Iberia.

George Talbot spent Sunday at Lafayette.

Wm. Wolverton, who was injured a few weeks ago at the Johnson Iron Works by falling against one of the cross beams of a new boat being constructed there, has fully recovered.

Mr. Julian King, traveling representative of the Electric Appliance Co., is still confined to the Presbyterian Hospital suffering from a very severe attack of typhoid fever. His condition has not been satisfactory to the physicians of the institution, but it is hoped his previous strong constitution will enable him to weather the disease.

John M. Schorr has succeeded Hy. Diehlman as brew master at the Security Brewing Co. Mr. Diehlman has accepted a position with another brewery in the city.

Wm. Maher, of Opelousas, La., who is travelling on a gasoline boat of his own, following his trade of optician, is ill on his boat, which is anchored near the steamer Hettie, foot of Morgan street. Mr. Maher is a member of a Masonic Lodge at Opelousas, La. A very enjoyable fish supper was tendered by Mr. and Mrs. Jas. Gentile to their many friends last Sunday at Norma Cottage, Milneburg. Good things to eat and drink were plentiful. Ice cream and refreshments were served. Boating, bathing and fishing were enjoyed. Among those present were Sergeant and Mrs. Wheatley and family, Mr. and Mrs. M. J. Foster and family, Mr. and Mrs. Ed McMahon and family, Mr. and Mrs. T. S. McGivney, Miss Melvina Dwyer, Mr. Phillip Comeaux, Mr. Tim Dwyer, of Jefferson Parish and Mr. and Mrs. Jos. Gentile.

C. G. Duplan, custodian of our public library, has gone to Covington, La., for his health.

FOR A GOOD CAUSE.

At a meeting Friday night of the committee in charge of the emergency fund raised during the yellow fever period of 1905, it was decided to turn over the balance of a little over \$214 to the two nonsectarian institutions deemed the most deserving and the most needy. The committee selected the Louisiana Anti-Tubercular Dispensary and the New Orleans Dispensary for Women and Children, share and share alike. Those who had contributed to the fund were notified that they should appear at the meeting Friday night and make objections if they felt so inclined. No one opposed. The committee was composed of Rev. W. S. Slack, chairman; George Koppel, and George Herbert, Jr., treasurer.

BAY ADAM PARTY.

Conductor Joseph Thorning is back on duty again after spending a pleasant week as the guest of W. J. Van Hess at his camp at Bay Adam. The following were also members of the party: J. C. Van Hess, F. H. Van Hess, Chas. Rupp, J. C. Van Hess, Jr., E. P. Martinez, Phil. Geigenheimer, P. A. Redencuse and Mr. and Mrs. W. J. Van Hess. The jolly crowd enjoyed some good sport, catching plenty of fish, and J. C. Van Hess, Jr., was voted the champion fisherman of the crowd. Mr. Thorning reports few mosquitoes, fine breeze and fish biting.

LETTER LIST.

Unclaimed letters remaining at Station A, New Orleans, La., post office, week ending June 8, 1911:

Gentlemen—Jan Biorck, Eugene Christian, Jno. E. Cruanas, J. Lucas, Aliek Mack, R. R. Mudry, Clifford Ruppelle.

Ladies—Mrs. Talle Belle, Mrs. Mat Biehler, Mrs. Anna Jonson, Mrs. Georgiana Mathews, Mrs. Elodie Renton, Mrs. A. Washington.

W. J. BEHAN, P. M.
J. W. DANIELS, Supt. Sta. A.

WILL CELEBRATE.

At their meeting on Tuesday night Sts. John Lodge of Masons appointed a committee of three, Albert Sutherland, Wm. Lucas and A. A. Sperier, to make arrangements for the celebration of St. John's day, either at West End, Spanish Fort, or Milneburg. It is also stated that a prominent widower of the lodge is soon to be married.

BETTER DRAINAGE FOR THE LOWER COAST.

At a meeting of citizens in the public hall in Mansonia, in the lower coast section of Algiers, at which John Lewis, one of the well-known business men of that place presided, resolutions were adopted asking the Sewerage and Water Board to use a small portion of the proceeds from the recent bond sale to improve the drainage facilities of that section of Algiers lying between the outfall drainage canal at the rear, the Mississippi river on the front, the Southern Pacific Railroad track on the upper end, and the end of the outfall drainage canal on the lower end, comprising in all an area of about three square miles.

James Manson of Manson Bros., of New Orleans; Eugene F. Dyer, former president of the wholesale house of J. C. Morris & Co.; Peter S. Lawton, Howard Koppel and others prominently interested in the improvement of that section, were instrumental in calling the meeting and in laying before it the objects and purposes for which it had been called. The meeting was unanimous in its approval of the attempt to secure better drainage facilities. It enthusiastically endorsed the proposals of Messrs. Manson, Dyer, Lawton and Koppel that a petition be circulated and presented to the Sewerage and Water Board asking that a ditch about twenty feet in width and five feet deep be dug parallel to and adjoining the levee that bounds the river side of the outfall canal, in order that the water on all that property between the river and the outfall canal could, in time of heavy rains, be expeditiously drained from the land and carried off by the outfall canal. This would alleviate a situation that was declared to be detrimental to the residents of that section.

It was declared that such a ditch

could be constructed at a nominal expense from the Algiers pumping station and along the outfall canal to that point where the canal turned back from the river toward Jefferson parish, and at this point the ditch could be constructed one and one-quarter mile toward the river. The land has a slope of eleven feet from the river to the outfall canal, a distance of a little over a mile, and thus the drainage facilities would be excellent if a ditch were constructed to carry off this drain water. It was declared that the outfall canal was not accomplishing the full purpose for which it had been originally constructed, in that it only carried off the water pumped into it from the drains of Algiers, and did not carry off the drain water of this lower section. It was estimated that 50 per cent of this area of three square miles, with a population of several hundred persons, would be turned into first-class truck farm land, whereas at present it suffers simply from a lack of efficient drainage.

It was also suggested by some of the residents who live farther down the coast than the area which it is hoped to drain that the outfall canal should be continued down several miles farther in order that other property might be drained, but nothing definite was decided upon at the meeting, although it was stated that at some future meeting this matter might be taken up.

Mr. Lawton stated that there would be no trouble in constructing the ditch, as it would not be necessary to use private property for a right of way. Several years ago he secured for the Sewerage and Water Board a right of way for the outfall canal wide enough to accommodate the ditch that is now desired as well as the canal already built. It would simply be a question of securing recognition of the pressing need of this improvement from the board and then securing the necessary appropriation with which to have the work undertaken.

MONTHLY MEETING.

On Monday night the regular meeting of the Algiers Improvement Association was held at Pythian Hall with the regular elected officers presiding. After the reading of the minutes by Secretary Peter Muntz and their adoption, he was complimented on the manner in which he had reported the business of the previous meeting.

Peter S. Lawton, vice-president of the association, was elected chairman of the executive committee. The new by-laws, which went over to a second reading, were adopted with a few amendments. The executive committee then made their reports through sub-committees, on important matters, which were referred to them by the Association. Wm. H. Ward and J. P. Vezien, who were appointed a sub-committee on the matter of the discrimination in freight rates against Algiers, made the following report:

Algiers, June 5, 1911.
President and Members,
Property Holders' Assn.

Gentlemen—Your committee appointed to report upon the status of Algiers in the matter of railroad rates, transfer and switching charges, called upon Mr. J. A. Smith, president of the Freight and Transportation Bureau of the New Orleans Board of Trade, upon Mr. Smith's invitation, who gave us sufficient information on this subject as would enable us to obtain full data in the shape of printed folders from the Railroad Commission as soon as some member of our organization can devote the necessary time to make the proper compilation. We find that during last year and even this year so far, that many concessions have been granted us, so that now we are pleased to say, many commodities can be placed in Algiers in carload lots without the old time ferry and barge charges, which places us on a par with New Orleans. We feel that our position is such at present that it would be well to have said data compiled at the earliest moment, so that our merchants can begin taking advantage of this new condition. No time should be lost in advertising these new advantages as soon as we can get the matter in shape, so that factories may be shown that for the first time in our history we can offer city rail rates on the incoming raw materials at least.

W. H. WARD,
J. P. VEZIEN.

Messrs. Peter S. Lawton, George Koppel, and Judge Peter Clement, who were appointed sub-committee on the investigation of the possibilities of having the Algiers outfall drainage canal become the eastern terminus of the Intercoastal Canal, made the following report, which was accepted and referred back to the committee for further investigation:

Algiers, June 5, 1911.
President and Members,
Algiers Improvement Association.

Gentlemen: Your committee which was appointed to investigate the present status of the Intercoastal Canal and to determine if possible as to whether the Morgan City-Houma route through

DR. M. DAVID HASPEL.

Practice limited to diseases of ear, nose and throat. Office, Commercial-Germania Bank Bldg., corner of Verret and Patterson Streets.

Hours 9 to 11:30—Tuesday, Thursday and Saturday by appointment.

New Orleans Office, Medical Bldg. Hours, 12 to 5.

Lake Salvador to this city had yet been finally decided upon, beg to say that we have authentic information to the effect that a report of the local engineers strongly recommending said route is now before the Army Engineers at Washington in the shape of a special report which will very likely be acted upon within the next 90 days.

We find further, that said canal has now reached Galveston Bay in a shape that while far from satisfactory to the government as yet, renders it possible for small craft to presently use it between said point and the Rio Grande. We also find that the dimensions of the canal which the government is building as the connecting links between the bayous, rivers and bays encountered throughout said total distance of some 850 miles, about three-fourths of which has now been completed, is but 40 feet bottom width with a depth of 5 feet. No doubt but the forthcoming special report mentioned will furnish much of the data we desire concerning this most important enterprise.

It is a matter of great satisfaction to know that this canal system has made a good start and is not only being carried forward by the government but several private canals and branches in Louisiana are being constructed with the expectation of their being important feeders and a part of the main system.

Your committee will continue their efforts to have the Algiers outfall canal made a part of the final system and connected with the Mississippi river.

PETER S. LAWTON,
GEO. KOPPEL,
PETER CLEMENT.

Howard Koppel presented the following resolution, which was received and referred to the executive committee for investigation:

In view of the great importance of the Third District Ferry to this district, at the present time, to say nothing of what a factor said ferry may become in the near future in the matter of the town's development; be it resolved, by the Property Holders' Association of Algiers, that the Mayor and City Council be requested to take up the matter of said ferry proposition, with a view of bettering the conditions of said service in the matter of landings, waiting-rooms, etc., and particularly to cause the discontinuance of the use of the old garbage wharf adjoining said ferry landing on the city side by the excavating company or companies now using it, to the extreme discomfort if not actual danger to their health, of the many persons who are daily and hourly compelled to use said ferry. Be it further resolved that the secretary be requested to forward a copy of the resolution to Hon. Martin Behrman, Mayor of the City.

Regarding the drawbridge over the outfall drainage canal, the following resolution was offered by Dr. Kraft, which was referred to the executive committee, who acted upon the matter at once and referred to the secretary for execution:

Resolution by Dr. Kraft.

In view of the fact that the bridge of the Grand Isle Railroad, which spans the Algiers outfall canal, completely obstructs said canal for all practical navigation purposes, thereby cutting off direct water communication between Algiers and Bayou Barataria and all the waterways with which said bayou is connected to Morgan City and beyond; and in view of the further fact that the city of New Orleans is the owner of a strip of land 200 feet wide extending from the 40 arpent line to said Bayou Barataria, through the center of which strip said canal has been dug and across which strip said bridge is located, be it resolved by the Property Holders' Association of Algiers, that the Honorable Mayor and City Council be requested to cause this matter to be investigated with a view of placing said fact before the officials of said railroad for such action as will remove said obstruction. Be it further resolved, that in the event that said railroad should refuse to grant said necessary relief that the city then proceed to take legal measures to have said structure either removed or substituted by a draw-bridge which would permit of the full and free use of said canal at all times, without unnecessary detention to such water craft as may desire to enter or leave the town.

Be it further resolved, that the secretary be requested to forward a copy of this resolution to Hon. Martin Behrman, Mayor of the city.
