

PERSONALS AND OTHERWISE

Mrs. Hy. Clark and Mrs. P. L. Frouin of Biloxi left for Grand Junction, Colo., where they will visit Mrs. Clark's daughter, Mrs. Weaver Toledano.

The Federation of Harriman employees, now on a strike in Algiers, held a meeting at the Contessa Hall on Sunday morning, when Fourth Vice President Roy Horn, of the Blacksmiths' Union, made an interesting address on the strike situation. Representative G. Harwood Koppel also was heard in a review of his record as a champion of union labor during the recent session of the legislature, and he was the recipient of much applause.

The body of Benjamin H. Klee arrived last Thursday night from Delaware, Ohio, where he was killed last Tuesday week when the auto in which he was riding with two others was wrecked by a fast train on the Pennsylvania road. The remains were enclosed in a magnificent casket furnished by the Masonic Fraternity, and were immediately conveyed to the Palmer home in Pelican avenue, whence the funeral took place Friday afternoon. Interment was made in the McDonoughville Cemetery, and the obsequies were conducted by Quilman Lodge of Masons, Rev. M. Booth of the Methodist Church conducted the church services. According to the coroner's certificate that accompanied the body, the death of young Klee was due to a fractured skull, and it is supposed that he died instantly.

Joe Sweeney spent the week end at Milneburg.

Claude Jones, of Houma, La., spent some time in Algiers last week.

Joe Healy left for San Antonio, Texas, to accept a position.

Mr. and Mrs. Bennerfield and family spent last week at Milneburg.

Seventh Precinct—From the lower side of Whitney avenue to boundary line of parish of Plaquemines, and from the river to the woods. Location: Webster and Newton.

DR. MARK O. CAREY

Will leave for Washington City,

to be absent from

September 8 to 16, inclusive.

OUR DISTRICT LOSER \$9,972.

Annually Though Change in Levee Board.

Now that the Good Government representatives have taken over control of the Orleans Levee Board, it is well for the people of this district to measure the great good to them that has been accomplished thereby; and this may be taken as a fair example of the results that will accrue should these office-seeking malcontents be further successful in their efforts to get control of the government machinery.

Under the administration of the regular democrats the maintenance and care of the levees on our bank of the river, some thirteen or fourteen miles in length, there was assigned a force consisting of two inspectors at \$100 per month each, 26 white laborers at \$2 per day each and two negro laborers at \$1.75, and to practical men, considering the territory to be cared for, this would be a minimum force to give the levees proper attention. Notwithstanding the fact that the men were all experienced in this class of work, under the new arrangement the force of laborers has been reduced to ten men with one inexperienced inspector. While there can be no doubt that our levees will suffer from neglect, there is another phase of the case that is worthy of consideration and that is the monetary loss that will be felt by our district in the withdrawal of the wages of these employees whose services have been dispensed with. Algiers can ill afford to lose any of its income at this time and if this so-called reform movement cannot offer more encouragement for furthering our interests than is shown in this instance, it will be well for you voters who have been beguiled thus far, to

awaken at once, and in a spirit of self-preservation sustain those who have in the past and in the future will strive for the best interests of our district, and not like these so-called reform leaders prate about, ready to barter our progress and prosperity for personal aggrandizement and the plaudits of alien masters.

The following is a comparison of the forces, as between both administrations, affecting this district:

OLD ADMINISTRATION.	
Secretary, per year.....	\$2,400
Inspectors, per year.....	2,400
23 laborers at (\$2 per day approximately).....	14,352
Total.....	\$19,152
NEW ADMINISTRATION.	
Secretary, per year.....	\$1,800
One inspector, per year.....	1,200
One foreman, per year.....	780
9 laborers (at \$50 per mon.).....	5,400
Total.....	\$9,180
Total under old administration.....	\$19,152
Total, new administration.....	9,180
Loss to the district.....	\$9,972

Economy in the administration of public affairs is always to be commended; but where false economy, as in this instance, is practised for political purposes by temporarily deceiving the public and incidentally jeopardizing the welfare of this vitally important public work, should be condemned beyond measure.

SEEKS A HUSBAND.

But Mainly to Prosecute Him for Committing Bigamy—Eugene Dupuy Has Disappeared, Taking Irate Second Wife's Young Brother Along.

Behind the sudden disappearance of Eugene J. Dupuy, a boilermaker who worked for the Southern Pacific Railroad, is a story of a woman's ingenuity in planning a plot to peer into his peridy. That he has a wife in Newcastle, Pa., there is little doubt, as his wife received a letter from him, care of General Delivery, on Aug. 5, and found another one a short time previous in looking through his pockets.

Dupuy and his wife and her little girl, 2 years old, lived at 215 Seguin street for the past few weeks. Before that they lived with his wife's parents, Mr. and Mrs. James Riley, at 2739 Cleveland avenue.

When he was faced with the two letters from his wife in Newcastle, Mrs. Dupuy said he was so nervous he did not know what to say. He was extra nice to her, because he feared that she would take action against him.

Dupuy told his wife he was going to work Wednesday night, and advised her to stay at her mother's home, but she felt something was wrong and went to Algiers, only to find her husband had gone and all his belongings missing.

Dan Riley, her 16 year-old brother, who worked as a helper to Dupuy, disappeared with him. It is believed that they went either to Memphis, Tucson, Arizona, or Chicago, as work in their line was plentiful there.

Mrs. Dupuy said she learned from E. J. Norra, a boy 9 years old, her husband's nephew, that last November the wife from Newcastle was here, and all that time she was mistreated by him. None of his people here seemed according to Mrs. Dupuy No. 2, to want her to know anything about the other woman.

When Mrs. Dupuy looked through her husband's belongings recently she found post cards with the name Ethel Russell on them, dated Newcastle, Pa. The letter received bore the address Eastbrook, R. F. D., No. 1, evidently a suburb.

Mrs. Dupuy was Miss May Riley. She has been married twice. Her first husband was George Chanove, from whom she got a divorce last February. She and Dupuy were married April 23 of this year by Judge Renshaw. Mrs. Dupuy said that he was extremely nervous on that day, and she never could account for it.

Dupuy was glib of tongue and suave in his manner, and his wife said he would easily deceive any girl. He is a capable boilermaker and always earned good wages, but the love of women seemed to have been his undoing. Mrs. Dupuy will prosecute her husband if he is found, as she is determined to teach him a lesson.

ADAMS' HATS

MAJOR STEARNES RESIGNS.

Chas. W. Ford To Be Successor.

Major Robley S. Stearnes, who recently returned with his wife from Virginia, where they spent their vacation, resigned as superintendent of the Algiers Railway and Lighting Co., effective on Tuesday.

Major Stearnes left the employ of the old company to take up his new work as constructive electrical engineer in connection with the Standard Electric Construction Company, in which he purchased an interest a few months ago.

Major Stearnes decided upon his present plan several months ago and his resignation which was forecasted in the Herald, was delayed until his successor was ready to take up his work. Major Stearnes will be succeeded by Charles W. Ford, of Grand Junction, Colorado, who is also an experienced electrical engineer.

Major Stearnes, speaking of his retirement from the superintendency of the road, said: "I am leaving the company to give my entire time to the Standard Electric Construction Co., of which I am part owner. We are going into the business on a big scale, but not overlooking the little things. Our object is to bid on all kinds of construction work from electric bells to building of electric railways. My associate, Mr. Walter Dilzell, is also a man who stands high in his profession and as we are both vitally interested in the company we feel reasonably sure of further success."

"Yes, I will continue to make my home in Algiers, where I have many friends, and I expect to devote some of my time to matters affecting our district."

NEW TRAIN SERVICE.

The many passengers of the Grand Isle road are loud in their praise of the new schedule which has been put in effect on the train which leaves here at 3 p. m.

The "stop at my front and back door" system has been cut out. Regular stops are now scheduled and the train is making much better time and is satisfying 95 per cent of the passengers.

DONNER SUCCEEDS MUNZ.

Charles J. Donner, the newly-elected secretary of the Orleans Levee Board, was born in Algiers Feb. 14, 1882, where he has resided ever since. He is the youngest of seven sons of Michael J. Donner, one of the oldest and most respected citizens of the Fifth District. That he is fitted for the duties of secretary is attested by the fact that he is an experienced all around office man and accountant of more than ten years' experience, during which time he has held positions of trust and responsibility where executive ability was also required; as well as serving as rodman or assistant to civil engineers. Formerly Mr. Donner was station accountant for the Vicksburg, Shreveport & Pacific division of the Queen & Crescent route in the office of the assistant comptroller at the corner of Baronne and Gravier streets.

Mr. Donner is very prominent in fraternal circles and is an active member of the Workmen's Union and Benevolent Association, and Orange Camp No. 8, Woodmen of the World, having filled most of the important offices in the latter organization, where it is said he rendered signal services.

The appointment of Mr. Donner to the important position of secretary of the Orleans Levee Board has created widespread satisfaction among a large circle of friends in his district, and throughout the city where he is widely known.

Mr. Donner said concerning his selection: "I am glad to have received the unanimous vote of the Commissioners of the Orleans Levee Board as their choice for secretary, and I fully appreciate what it means in the way of responsibility. Being a board composed of practical business men of exceptional ability, whose sole aim it will be to give the people of this district the best business administration possible, I can only say that my energies while associated with the board will be devoted to the work, and I will enter upon the duties of the office with an eye single to further the success of the work as planned by the board, which is in the interest of the whole people, and I will not regard the office as a political asset."
