### Solari's

It's a Very Trying Ordeal—the Selecting of Suitable Christmas Gifts.

The advantage of such gifts coming from a fancy grocery house is that they can be consumed and enjoyed, and are always acceptable.

New Orleans is the only city in the United States where the grocery house is looked upon with disfavor in the selecting of suitable remembrances for the holidays.

Miss Lorena Schmidt spent the week end with her cousin, Miss Alma Smith, of Belleville street.

In the Fifth Grade A of Belleville school, Evelyn Ellis won the match, having spelled the one hundred and seventy-five words without an error.

### CHEAPER SERVICE FOR WATER USERS.

It was definitely decided by the executive committee of the Sewerage and Water Board Tuesday night to recommend to the board Thursday night the reduction of 25 per cent in the service charge on meters. It will go into effect Jan. 1, and will save to the consumers about \$35,000 during next year.

### MEYER SEEKS TO REMOVE FLOATING DOCK FROM ALGIERS.

Closed Navy Yard, Now Asks Congress to Let Him Transfer Dock.

Washington, D. C., Dec. 6. Secretary Meyer, of the Navy Department, in his annual report refers to New Orleans just once, and that is in connection with the naval station, which, due to his efforts, has been placed entirely out of commission. The report says:

"In pursuance of the department's policy of dispensing with such navy yards and stations as are not necessary to the upkeep of the fleet, the naval stations at Pensacola, New Orleans, San Juan, Culebra and Sika have been closed. The old Spanish floating dock at Pensacola had deteriorated through age to such an extent as to be rendered no longer useful for naval purposes. It was therefore sold.

Would Take Dock Away.

"The floating dock at New Orleans is in condition to dock vessels up to 16,000 tons displacement. At present its use is confined to docking merchant vessels and a few small government craft. It is recommended that legislation be enacted to permit the Secretary of the Navy to transfer this dock to such locality as occasion may require."

### TO EMBELLISH PELICAN AVENUE.

The New Orleans Parking Commission, which has for the past three or four years been making preparations for the embellishment of our streets with shade trees, will soon be able to show the public what work they have done in the past. One of the first steps to be taken is to notify all gardeners and florists that the ordinance prohibits any person from planting a tree on the sidewalk without the sanction of the Parking Commission. The object of this law is to have a uniformity of shade trees and for each street will be selected a certain kind of tree which will be carried out in its entirety. The planting of these trees will begin in all of the wards simultaneously, and the street selected for Algiers is Pelican avenue, which will be planted with the beautiful elm tree from Powder to Pacific avenue. All other shade trees will be taken over to make room for the elm. It is understood that Opelousas avenue will be planted with the oak later on.
