MOUNT OLIVET NOTES.

There was a very interesting meeting of the Woman's Guild, it being the annual meeting, held at the rectory last night. The president made her annual report, after which they proceeded to the election of officers. All the officers were re-elected to their same positions. Light refreshments were served. The treasurer's report showed a balance from last year of \$9.67, receipts \$148.25 and expenditures \$110.12, leaving a balance of \$41.80 with which to start the new year.

Last Sunday the Rev. Sidney L. Vail conducted the early service, spoke to the Sunday school at 9:30 a. m. and preached at 11 a. m. He leaves to-morrow for Natchitoches and the missions under his care. We are always glad to welcome him back to his home parish and to have him in our midst.

The rector announced that Mrs. Helen Pitkin Schertz had kindly offered to assist in the music on the morning of the 27th with her harp. This is one of the first instruments of music used in the service of the true God and the false ones, and yet in these days heard less frequently than almost any other instrument in the service. It was the favorite musical instrument of David, King of Israel, as well as of the famous Grecian poetess, Sappho.

Rev. A. W. Skardon was a welcome visitor at the rectory on Tuesday.

Last Sunday evening Walter Senat, infant son of Mr. and Mrs. Walter Joseph Wright, was baptized, the sponsors being Mrs. S. J. Glass and Mr. Archie Wright.

NEW METHODIST CHURCH TO COST \$20,000.00

Committee For Funds and Plans Appointed.

METHODIST NOTES.

Mr. and Mrs. A. W. Wehmer placed their church letters with us last Sunday morning. They came highly recommended from the Lafayette congregation. Their present residence is 329 Belleville. (Ladies please note.)

Rev. J. M. Henry baptised the infant daughter of Rev. and Mrs. R. M. Brown, at Sunday School, April 13.

The sermon preached by Rev. Tansey Sunday evening, was both scholarly and spiritual. His subject was "Prayer." He is very popular with Algiers Methodists.

A new-church enterprise was launched by the Quarterly Conference, held in the Pastor's studio Tuesday night, T. P. Bell, H. H. Gibson, A. C. King, F. A. Daniels, J. B. Miller and R. M. Brown were appointed as a commission to lay plans and secure funds.

The Sunday School expects to raise \$1500 this year towards the new building. Mrs. Henry's class pledged \$100. The building will probably cost between \$15,000.00 and \$20,000.00.

A. S. Daniels has been appointed delegate to the State Sunday School Convention, to be held in Alexandria next week.

H. R. Harkerspring, H. H. Gibson and A. S. Daniels were appointed delegates to the District Conference at Bogalusa, April 17 and 18.

The prayer service Thursday evening will be conducted by Rev. Tansey, the Pastor being at Bogalusa.

We are pleased to announce that Bishop Sessums will be with us Sunday morning at the 11 o'clock service and preach the sermon.

NEW INDUSTRY STARTS.

Cafiero Ice Works Ready To-Day. Cost \$26,000.

This morning the Cafiero Ice Works will start to pull its first cakes of ice from the large containers which were frozen during Wednesday, thus making a new industry for our district and the only one of its kind over here. The plant is owned by Sidney M. Cafiero, who has been in the retail ice business for many years, and through hard work, honest efforts and a good deal of hustling he has been able to reach the goal dreamed of during many days.

The ice plant is one of the most up-to-date establishments, having the latest machinery, and will be able to supply all the ice and more than will be consumed in our district. Mr. Cafiero expects to sell the ice only to dealers, and his retail business will be taken care of by one of his brothers, who will be his successor. The plant will be in charge of Ed M. Cafiero, with John Sharpe as engineer. The plant is located at 216-22 Homer street.

HIS OWN STORE.

Louis L. Marer, formerly the general manager of the big store located on Canal Street, known as the Unclaimed Freight Store, has opened up his own place of business at 1104 Canal street, where he is handling the same class of rain-coats and other clothing that made the other store so popular with the Algiers trade.

Mr. Marer has made a good many Algiers friends, and he desires to have them call on him at his new place. Mr. Marer is a resident of the city of New Orleans. He married a New Orleans girl, and is recognized as one of the big boosters across the river. No doubt his many friends will give him a call.

A LOCAL COMPOSER.

The Herald is in receipt of two compositions of music, namely, "The Words, the Words of Love," and "Dat Sluefoot Rag." These two pieces of music, the words of which are exceedingly catchy, are from the pen of Mrs. George Ziblich, of Bermuda street. Mrs. Ziblich deserves a great deal of credit for the tact she has exhibited, and no doubt the pieces of music will become very popular.

STANTON SCHOOL.

A trip was made Tuesday morning to the Stanton School, which is located near the Stanton plantation, about nine miles below Algiers, and which was recently closed on account of some misunderstanding about a teacher, by President Sol Wexler, Director Wegmann and Superintendent J. M. Gwinn. The matter was finally adjusted and Mrs. M. Fischer was appointed teacher for the school, which will reopen at once and will probably be continued until July.

ADAMS' HATS

BANK CASHIER DECAMPS.

John T. Olsen, former cashier of the Kenner branch of the Jefferson Commercial and Savings Bank, has left for parts unknown. He also left a deficit in the bank's funds, which, however, is not large and is more than covered by his bond of \$4,000, thus assuring no loss to the bank.

Olsen was a resident of Algiers and had been in charge of the Kenner bank for more than a year past. He was very highly regarded by the officials of the bank, who are as much surprised at his fall from grace as are his many friends.

State Bank Examiner Young went over the accounts of the Kenner institution during the week. Mr. Young appeared before the grand jury Wednesday, and that body, after receiving a statement from him, returned an indictment against Olsen for the embezzlement of \$550.

CAPTAIN REDFERN TO ASK FOR IMMIGRATION STATION.

Captain S. E. Redfern, United States immigration commissioner, will request the board of port commissioners to provide a landing for the immigration station boats nearer Canal street. The landing at present is at the foot of Delery street, which, Captain Redfern complains, is entirely too far from the city proper to render the immigration station any material service.

SECRETARY DANIELS WILL VISIT NAVAL STATION MAY 23.

In a conference at the Navy Department Tuesday Secretary Daniels informed Representatives Estopinal and Dupre that his visit of inspection to the New Orleans Naval Station will be on May 23.

General Estopinal and Mr. Dupre expect to go to New Orleans at that time if their congressional duties will permit.

JAMES FOSTER DEAD.

James Foster, a well-known brakeman on the Southern Pacific Road, died at 5:30 o'clock Tuesday morning at the home of his uncle, Michael Ryan, No. 235 Belleville street. He was 43 years of age and a native of Ireland, where he leaves his parents, Thomas and Annie Foster. He was a resident of Algiers for twenty-five years, and was well and favorably known. He also is survived by two brothers, Michael and George Foster. The various railroad fraternal organizations attended his funeral at 3 o'clock Wednesday afternoon. Interment was in St. Bartholomew's Cemetery.

FUNERAL LARGELY ATTENDED.

Many sorrowing friends attended the funeral of Edward J. Fitzpatrick, who was accidentally shot on Tuesday night last. The funeral took place Thursday afternoon from the Church of the Holy Name of Mary. Rev. T. J. Larkin officiating. The interment was in St. Patrick Cemetery No. 1. The following were the pallbearers: John Artigues, Jos. Garrick, Albert Garrick, George Stone, Fred Thiroux and John Gourdain.

LEVEE STRENGTHENED.

The work of strengthening the levees directly opposite the store of Mr. J. E. Rency is well under heading. The Southern Pacific is having the work done. Two train loads of sand, consisting of eighteen cars, are being used to complete the work, and it is believed that as soon as this work shall have been completed the Algiers levee will be in perfect condition.

COMPANY H, W. O. W., TO DRILL FOR NATIONAL HONORS IN JULY.

At a meeting of Company H of the Uniform Rank of Woodmen held last Thursday night in Algiers an official communication was received from General John T. Yates, commander-in-chief of this department of the order, notifying the members that the national encampment will be held at Put-in-Bay, Ohio, July 28, and instructing the champion company of the South to get ready for the trip.

The letter stated the transportation would be furnished and other liberal advantages offered. It was decided that twenty-one men would leave here July 25 over the Queen and Crescent route in a special tourist sleeper. Major N. J. Duplant, commander of the Fifteenth Regiment, in addition to the officers of Company H, will be included.

Company H will compete with champion sovereign soldiers from all over the United States and the members are working hard, because it is their ambition to capture one of the prizes and the honor that would redound to them if such were possible.
