

VOL. XXII.

### PERSONALS AND OTHERWISE

Dr. and Mrs. Wm. H. Weaver and Carl Malone were guests of Dr. and Mrs. C. V. Kraft a few days last week at Bay Adam.

Mrs. Jno T. Koester spent a few days at Home Place, the guest of Mr. and Mrs. F. Giordano.

Frank and Arthur Davis spent Sunday at Woodland, La.

Luke Gillen and Jos. Thorning are spending a few weeks at Bay Adam.

J. J. Vanderlinden was the guest of Luke Gillen at his camp at Bay Adam several days this week.

Lillian Hildebrand, 8 years old, daughter of Mr. and Mrs. Charles E. Hildebrand of Pacific Avenue, is doing well after an operation of skin-grafting in order to improve the condition of her right arm, which was severely burned by a roman candle

New Year's Eve. She is at the Milliken Memorial.

Miss Ada Munson, of Houma, La., was the guest of Mrs. L. A. Hymel and her daughters and son this week.

Mr. Ed Hymel has been in our town for a few days this week. On account of his territory in the interest of P. Lorillard & Co., being changed to North Louisiana, his visits to his home are less frequent than formerly.

Miss Eola Abbott, of Seguin St., took part in a music recital at the Methodist Episcopal Church at the corner of St. Charles and Callopo Streets on last Tuesday night, being a musician of some merit. It is not unusual that her success was marked.

The Afternoon Five Hundred Club were entertained by Mrs. Harry T. Malone on Tuesday. The successful players were Mrs. R. E. Whitmore and Miss Katherine Clarke. The consolation fell to the lot of Mrs. A. Burke. The club will be entertained by Mrs. Albert Short on June 9.

Tickets for reserved seats for Saturday night's performance may be procured at the Convent. Price 10 cents. This means is adopted to prevent children from occupying the first seats. Two children will not be admitted on one ticket.

It is with deep regret that we chronicle the serious illness of Miss Lizzie Crofton, a former teacher in the local public schools.

F. Russo has entirely recovered from the operation he underwent, but Mrs. Russo has been confined to her bed for the past week.

Mrs. Theo. H. Conway, in 224 Eliza street, entertained the Friday Evening Euchre Club on April 15. The successful players were Miss Myrtle Tuson and Miss M. Linden; consolation fell to the lot of the hostess, Mrs. Conway. The next meeting will be held at the home of Mrs. Jos. Duffy of Gretna.

On Monday, April 25, Mrs. Geo. Le-court entertained in honor of her mother, Mrs. Schlumberger, the occasion being her 72nd anniversary of birth. Refreshments were furnished and all present enjoyed themselves.

Ed McCloskey, of 434 Seguin street, has been confined to his home for the last two weeks with an injured foot.

The many friends of Miss Clara Finley will be pleased to learn that she is improving and is now allowed to receive visitors.

Miss Emma Ramos returned from Baton Rouge Sunday.

Mrs. J. E. Huckins and Mrs. L. G. Daudelin will take part in the musical performance that will be given tonight for the benefit of the Y. W. C. A.

Mrs. Jno. N. McNeely is ill at her home in Pelican avenue.

Mayor Behrman has appointed as members of the Lower Algiers Road Commission G. E. Gillis, J. R. Norman, D. Cuquet, L. Mearns, F. G. Hugot, J. H. Lewis.

The Fifth District Civic League will hold their regular meeting Monday night at the home of Mrs. J. E. Huckins. All members are urged to be present.

### DEMONSTRATION FARM FOR ALGIERS

There is a bill now before the Legislature, providing for the establishment of a Demonstration Farm for Algiers. It is proposed to have this farm, in close proximity to the U. S. Immigration Station, so that those who come here from foreign countries can see by personal observation, what can be raised on our Louisiana lands, and in this way, advertise the agricultural resources of the entire state. There are other bills before the legislature, providing for the establishment of demonstration farms for the purpose of educating our farmers to the best scientific methods of farming, so as to enable them to conduct the industry more profitably. The purpose of the Algiers farm, while it will embrace the most up-to-date scientific methods of farming, will be primarily for the purpose of showing those, who come here from foreign countries and from other states, what our lands can produce all through the year. A committee of Algiers citizens, with the cooperation of the New Orleans Chamber of Commerce and the Louisiana State Chamber of Commerce; Mr. Bruner, the Commissioner of Agriculture, and Mr. Justin I. Denechaud have had this matter in hand for some time. The city administration has also encouraged the movement in every way and stand ready to assist the passage of the bill in a material way. The notice of the bill was presented by our very energetic representative, Hon. G. H. Koppel. It provides for a special appropriation of \$20,000 for equipment and \$5,000 a year for two years for maintenance and operation, after which time it is hoped that the farm will be

### THE NAVAL STATION. Great Activity Will Shortly Mark the Beginning of the Opening of the Station.

Every assurance and every indication points to the immediate reopening of our Naval Station here. The transport Meade has already been ordered to this station, where she will undergo repairs. The Meade is 525 feet long, being the same length as the big Dry Dock. The Meade will be taken in about June 1 and the Dredge Benard is also scheduled to either precede or succeed the Meade.

The new docking for the wharves on either side of the Dry Dock is to be done at once. The estimated cost of this job alone is \$16,000. In one of the papers last week there appeared an article that new decking would also be put on the Dry Dock. As the Dry Dock is all of steel, it will not require new decking, but the big structure will be thoroughly painted.

New roofs will be placed on four of the buildings and the officers' quarters will be repainted. There has been no definite news in regard to the construction of the big 300-foot steel wireless mast. The money, however, is ready for it, and specifications and other arrangements are being looked after. At the present time there are about 120 men employed at the station, and this will give some idea as to what number will be required there when the station is a going concern.

The station now is using its own power, making its own electricity, and only a few days ago took on a sufficient amount of coal for coaling the smaller boats as they come there for that purpose. All of their own machinery was used for this purpose, and the big coaling plant was given its first genuine test. It is stated, however, that after the station is in operation, it will require the addition of a greater power-house.

Mr. Alonzo Burke, the chief carpenter who has been in charge of the Naval Station for the past year, has indeed been a very lively officer at the station. He has done much to bring about the improved conditions of which we are looking forward, and it is the hope of his many friends that he will be retained here after the station is turned over to a commandant, which, no doubt, it will be when it is in operation.

### SHOES FOR ALL THE FAMILY AT LESS PRICES AT RENECKY'S.

**THE SEEGER NAME ASSURED.**

On last Friday the home of Mr. and Mrs. Charles Seeger, of 737 Elmira Avenue, was brightened by the arrival of a fine, bouncing baby boy, and the proud parents are receiving the congratulations of their many friends. This young heir will enjoy the distinction of helping to perpetuate the name of "Seeger." His grand uncle is Mr. Gustave Seeger, who for so many years was the agent of the Home Sewing Machine Company in Canal Street.

### LETTERS FROM THE PEOPLE.

**MOBILE, Ala., May 23, 1914.**

Dr. Kraft—Dear Sir: I wish you would correct an item published in your Herald of May 21. Mrs. W. F. Brookes is not in the employ of a soap factory. She is employed by a Mr. Hannah, manager for James Pyle & Sons, as a traveling demonstrator for the O. K. Naphtha Washing Powder. Please correct mistake and you will confer a great favor. Respectfully, Mrs. W. F. Brookes, Jackson St., Mobile, Ala.

### BRAKEMAN IN TROUBLE.

Detective headquarters had the appearance of a general merchandise store Thursday afternoon, when Assistant Chief of Detectives Mouney and Detectives Gregson brought three trunks and two large boxes filled with dress goods, silks and satins, hats, shoes, clothing, notions, knives and even a dozen or more of fine-tooth combs.

With this lot of merchandise Frank Waddell, a freight brakeman employed by the Southern Pacific Railroad, was marched into detective headquarters and charged with grand larceny, it being alleged that for several years he has been robbing freight packages on the road systematically and gradually accumulated the stuff.

According to the officers, Waddell who resides at 918 Teche Street, where the property was found, has been gathering merchandise and selling it several years. It is alleged that he has more hidden at a point outside of the city, and the detectives are investigating and expect to unearth other stuff.

Waddell is alleged to have operated between New Orleans and Lafayette, which was his run on the railroad. He has been a trusted employee. A number of minor robberies, for which the railroad officials could not account, caused an investigation by the officials of the railroad. The Pinkerton Agency was employed, and Waddell was arrested. Mouney and Gregson made the raid on Waddell's house, obtaining the property and arresting Waddell.

Waddell was an interested spectator during the taking of the inventory of the goods. He said, however, that he had been buying goods from drummers and peddlers for several years, with an idea of opening a store, and that all the goods found on his premises were paid for by him. He denied that he had stolen from freight cars or trunks.

### THE KING'S DAUGHTER'S PAPER SHOWER.

This is just a reminder that a committee of the Silent Helpers' Circle of Algiers will await your papers, magazines and books, at the Masonic Hall, Tuesday, June 2nd, from 9 a. m. to 6 p. m. If you remember that we told you the paper received on this date will be sold and the proceeds be given towards the summer work at Rest Awhile. The King's Daughters' home in Mandeville is for the poor and needy.

### ENJOYABLE EVENING.

A most enjoyable evening was spent last week at the home of Miss Ida Krogh, the occasion being the eighteenth anniversary of her birth. The popular young hostess was the recipient of many pretty presents in honor of the event. During the course of the evening delicious refreshments were served. Those present were Misses Blanche Vallette, M. Hart, M. Harvey, Kate Green, Ella Rainey, Edith Munsterman, Emma Sutherland, Etta Pettigrove, Naomi Lynch, Esther Marxen, Alice Zerr, and L. Loubere, A. La Coste, Harold and L. Loubere, A. La Coute, Harold and Ed. McGee, Gus Yncker, Lorraine Lampton and Edward Borne.

A large birthday cake caused a great deal of amusement. The lucky ones were Mr. Gus Lyncker, who received the dime, Miss Ida Krogh, the ring, and Mr. Andre Lacoste, the thimble.

Dancing was the chief feature of the evening's pleasure.

### OUR NEW LAUNDRY.

The Ocean Laundry, which has now been operating for two weeks, is beginning to put on an air of prosperity, as they have already employed twelve people, all of whom are Algerians. The Ocean Laundry is owned by E. F. Cunningham and A. O. Cunningham, both of our town, but who got their experience conducting a laundry for nine years in Lafayette, La. Their place of business, which is located on the corner of Morgan and Lavergne Sts., is nicely fitted up in a very sanitary way, and the management extends an invitation to the public to come and inspect their plant.

Mr. Ed Cunningham stated that so far they have been very successful, that the public has been well pleased with the work they have turned out, and that they expect that in a short time they will be running to their full capacity. They have purchased the very latest machinery for the laundering of shirts and collars and these machines are so constructed as will give the least amount of damage during the operation of the laundry. The new concern is prepared to do all kinds of dry cleaning, and their establishment here gives another opportunity of patronizing home industry.

The new firm now has three wagons who are calling on the trade, and the encouragement they have already received is a guarantee that another institution is here to stay with us.
