INJURED BY ELEVATOR.
Louis A. Murphy, 35 years old, foreman for the Shakespeare Iron Works, at 41 1/2 Belleville street, suffered a slight scalp wound when the elevator in the Boston Club, 824 Canal street, on which he had been working, slipped from the third floor at 7:30 p. m. Saturday morning. He was taken to Charity Hospital, where his condition was said to be not serious. Murphy, who was working with Marks, 519 Delachaise street, slipped into the elevator, which immediately started downward. Marks, following Murphy into the elevator, was caught by Murphy and pulled into the lift, preventing his falling down the shaft. When the elevator struck the ground Murphy was injured about the head, while Marks escaped injury. The men were repairing a broken shaft on the elevator at the time of the accident.

NEW CALENDAR.
The Algiers Saw & Planing Mill is sending out a handsome piece of art in the shape of a calendar. It is a beautiful picture of mother and daughter, elegantly mounted in an artistic way and is suitable as an ornament upon the wall as well as useful as a calendar.

SAFETY FIRST
Foto's new Folly Theatre has added a new innovation which will be appreciated by the many who attend the shows there nightly. All of the exit doors in the new theatre have been equipped with a patented device whereby any child or person by merely coming in contact with the door releases all of the fastenings and permits the door to swing outward. The handle bars on these doors which go cross-ways are about the height of a child's head. Leaning only slightly against this bar, releases all the fastenings and permits the doors to be open. In the case of a stampede due to any cause, all of the exits of course would be used simultaneously and there would be no obstructions whatever as the crowd going against the door would automatically release the fastenings and open it. These improvements have been put on at a great expense and Mr. Foto deserves the congratulations of his many patrons in having the foresight for giving every protection possible against fire or accident of any kind.

FOLLY SOCIAL CLUB.
Preparations are now being made for the first boat ride and dance to be given by the Folly Social Club, on the Steamer Sidney, Thursday night, February 3, 1916. The club has for its members all local young men who have gained somewhat of a reputation as entertainers, and the arrangement committee for this dance is a very competent one, consisting of the following gentlemen: F. F. Ryan, chairman; E. Keenan, ex-officio; E. Harding, B. Barrett, E. Hotard. The admission fee will be 50c a couple, and 25c for each additional lady or child, and judging from the rapidity in which tickets are being disposed of, a very large crowd is anticipated.

A CORRECTION.
Through an oversight on the part of the person giving us the names of the guests at Miss Sadie McCord's Leap Year Dance, which took place on Monday of last week, the name of Mr. Frank Berthelot was omitted.

"A STITCH IN TIME SAVES NINE"
Truly a time worn adage that can well be applied to grocery buying.

All good housekeepers should anticipate their wants and not have to fall back on the neighborhood store, when something is needed in a hurry, and pay more for goods not always fresh and of the quality desired.

PATRONIZE YOUR HOME NEWSPAPER!
The functions of a newspaper are many. Among its principal ones is to see that the municipality in which it is published is well governed.
It is AN INSPIRATION, AN INCENTIVE, to the man who regards public office as a public trust.
If one wants to know what the officials are doing, if he wants to know how the municipality is being run, he must read the columns of the home newspaper. If he doesn't care enough about his home town to know what is going on he is LACKING IN THE BEST QUALITY THAT MAKES FOR CITIZENSHIP.

THERE ISN'T A NEWSPAPER IN THE COUNTRY TODAY, FROM THE HUMBLEST COUNTRY WEEKLY TO THE MOST POWERFUL METROPOLITAN DAILY, THAT DOESN'T DEVOTE A GREAT DEAL OF ITS SPACE TO MUNICIPAL AFFAIRS. EDITORS, BIG AND LITTLE, REALIZE THAT MUNICIPAL AFFAIRS ARE THE VERY LIFE OF THE NATION. IF YOU WANT TO KEEP POSTED ON MUNICIPAL DOINGS YOU MUST PATRONIZE THE HOME NEWSPAPER.

The HOME NEWSPAPER HAS BEEN THE GREATEST FACTOR IN REAL REFORM. The people are growing more intelligent. They closely read the newspapers. They are observant.

Take this newspaper, for instance—your own home publication. We constantly devote columns to municipal news. We fully record the meetings of our town officials. We give space to everything that is doing in political circles. We keep you fully informed on government affairs.

This paper fulfills this PUBLIC DUTY with FAIRNESS TO ALL.
